"Visions Beyond the Badge"

A Collaborative Photo Exhibition featuring Photographic works from the ranks of SFFD & SFPD

"Visions Beyond the Badge" is a unique collaborative exhibition featuring photography from the ranks of the San Francisco Fire and Police Departments, all whom share a passion for photography.

Once their public safety duties are done, these SFFD and SFPD members put down the tools of their trade and pick up the camera, capturing the beauty and the light beyond their workday world.

As photographers and artists, "Visions Beyond the Badge" is an unexpected vision of San Francisco's men and women in blue.
