# Office of Employee Health

***Office of Employee Health  
Jennifer Brokaw, MD Supervising Physician  
August 2023***

In addition to our regular work of managing illness and injury, this August we also screened candidates for the September H3LI Academy and performed Promotion exams for newly promoted officers.

Return to Work/ Modified Duty: 65

New Hire Exams: 25

Promotion/Probation: 23

Exams for promotion include urine and saliva drug screening and breathalyzer exam as well as a head-to-toe physical.

Total Number of Worker's Compensation Claims filed in August: 82

This was an unusually high number due to a moderate surge of COVID in the Department, especially at Station 49.

Our office, DPH and the industrial hygienist could not determine a specific route of transmission at Station 49, so we concluded that high contact with sick patients in the field put members of Station 49 at risk. Reminders to wear N95 masks on all calls and eye protection have been issued to our members.

3807 (injury incidents without medical treatment): 65

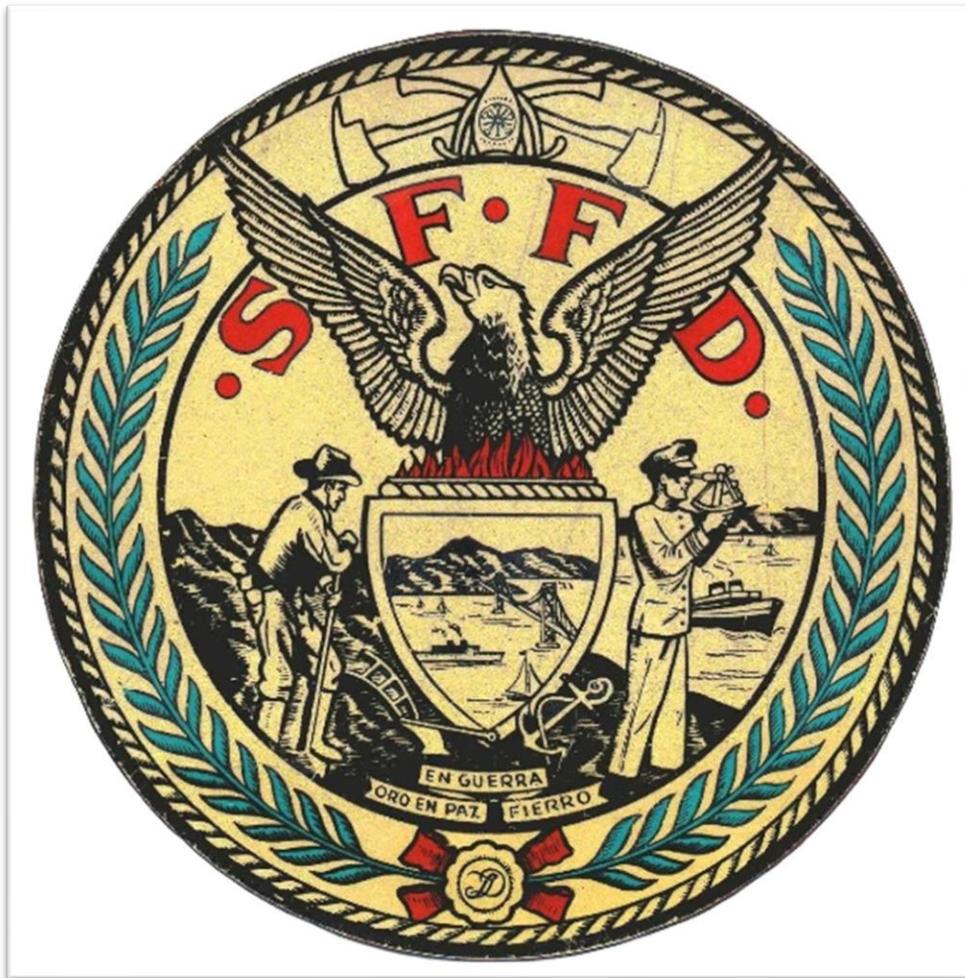

Top 3: Back (16), Finger (10), Eye (4)

5020 (claim filed and medical treatment sought): 87

Top 4: COVID (46) Back (16) Shoulder (5) Knee (5)
