

The background of the slide is a large, semi-transparent seal of the United States Coast Guard. The seal features an eagle with wings spread at the top, a central shield depicting a landscape with mountains and a ship, and two figures on either side: a sailor on the left and a surveyor on the right. The entire seal is encircled by a laurel wreath.

OPERATIONS UPDATE
SEPTEMBER 2023
DEPUTY CHIEF
DARIUS LUTTROPP

OPERATIONS REPORT

September 1 – September 30, 2023

GREATER ALARMS:

There was 1 Greater Alarm fire during this reporting period.

2nd Alarm – (9/14/23) 0008 hours, 2975 Mission Street, cross streets 25th and 26th streets. There was one injury. The cause of this fire is undetermined. (Assistant Chief Patrick Rabbitt)

On September 14, 2023, Box 5613 was struck at 0008 hours to the intersection of Lilac and 26th Streets. Engine 11 arrived first on scene and found a large volume of fire in Lilac Street. Due to the initial conditions upon arrival, Engine 11 was not able to provide a street address. Engine 11 began to address the large volume of fire as Battalion 06 arrived on-scene. Fire was impinging on the exposure building, a 3-story Type 5 structure with wood siding. Rescue 02 arrived on-scene and was directed to Mission Street to determine the address of the fire building and to conduct a primary search.

Division 03 approached the fire on Lilac from 26th Street. Division 03 noted a large volume of fire climbing the rear of the 3-story Type 5 building with flames coming from and impinging on a utility pole with telecom and high

voltage electrical wires. A face-to-face transfer of command with Battalion 06 was conducted. The Incident's communications plan, strategy and tactics were confirmed. Division 03 was on-scene and in command on Mission Street. Battalion 06 was assigned fire attack. During this time, Engine 07 led out from Lilac Street to an LPH on 26th and Capp streets. Truck 07 arrived on Lilac Street from 25th Street and laddered the Bravo building.

Rescue 02 provided valuable information from Mission Street and determined the fire building to be 2973-2975 Mission Street, a 2-story Type 5 building. 2969 Mission Street, a 3-story Type 5 building was declared the Bravo exposure. Battalion 10 arrived on-scene and was made safety chief. Battalion 10 was directed to force entry to Bravo and check for fire extension in top floor and attic.

Truck 11 arrived at the command post and spotted their apparatus IFO 2975 Mission Street. They were directed to ladder the fire building and conduct forcible entry on both metal roll-up doors at 2973-2975 Mission and the scissor gate on 2969 Mission Street.

Engine 32 arrived on-scene as RIC and were redirected to bring their apparatus on Mission Street. Engine 32 was placed past the property line of 2973-2975 Mission in the middle lane of Mission Street. Engine 32 was now the primary engine for fire attack on Mission Street.

A second alarm was requested on Control A3 and companies responding were directed to report to Division 03 on Mission Street for assignment.

Engine 32 prepared for a 2 1/2" lead as forcible entry was made into 2973-2975 Mission. Engine 32 Driver secured a primary supply from the LPH mid-block on Mission Street. Engine 26 arrived on-scene and was directed to supply Engine 32 from the LPH on 26th and Mission Street.

Battalion 06, Engine 32 and Truck 11 made a 200' 1 3/4" ready line lead into 2975 Mission Street. Through hoarding conditions, they advanced to the rear of the building and extinguished the fire inside. Active fire was minimal in 2975 Mission Street and the large fire load was not consumed by the fire.

Battalion 06, RS2 and Truck 09 made a 150' 1 3/4" ready line lead into 2973 Mission Street. The building was determined to be vacant and under construction. Active fire was minimal in 2973 Mission Street.

Battalion 02, Engine 29, Engine 09 and Truck 06 arrived on-scene and were assigned to the Bravo Exposure, 2969 Mission Street. Engine 29 provided a secondary water supply to Engine 32 from the LPH on 25th and Mission Streets. Truck 06 laddered Bravo with their aerial ladder. A large line lead was made and extended with 1 3/4" high rise packs to the 3rd floor. Fire was found in the Delta walls and attic space. Coordinated fire attack in Bravo with Truck 07 on the Bravo roof enabled crews to stop the fire efficiently and effectively.

RC3 checked in at the command post and had M76 and M52 at the command post. RC3 was made Medical Group Supervisor. M76 and Engine 37 were directed to check on an invalid in Lilac Alley. They located and provided treatment on-scene. M76 transported the invalid Code 2 with smoke inhalation to CPMC – Bernal. M73 arrived on-scene and checked in with command and medical group.

Engine 24 arrived first on the second alarm and was designated as the RIC. Truck 09 laddered the Delta exposure with their aerial ladder and assisted fire attack in 2973-2975 Mission Street. Engine 37 assisted in evacuating Delta exposure and checking on an invalid on Lilac Street. Engine 37 returned and remained at the Command Post. Engine 42 checked in at the command post and was not assigned.

A member of Engine 29 activated their emergency alarm on their portable Motorola radio. Radio contact was made with the Officer of Engine 29 and a PAR was conducted.

In the end stages of this incident a civilian vehicle proceeded through the SFPD officer directing traffic at the intersection of 25th and Mission Streets. Battalion 06 made an emergency traffic declaration on the tactical channel notifying all companies on the fire ground of the hazard. Battalion 02 and Engine 29 were just released from the Incident and had to seek refuge from the vehicle on Mission Street. The vehicle was stopped approximately 20' from intersection of 26th and Mission Streets by SFPD.

This fire's location in the rear of 2973-2975 Mission Street presented several significant challenges. Initial companies did an excellent job addressing the fire from Lilac Street and then identifying the fire buildings on Mission Street. The construction of the fire building prevented significant damage to 2973-2975 Mission Street. However, the construction features of the Bravo exposure and depth of the building on the lot led to significant fire extension and damage. Fire Attack and Bravo successfully coordinated extinguishment and vertical ventilation from Mission Street with apparatus committed to the rear in Lilac Street. Clear communication and defined strategy and tactics from Chief Officers to Company Officers proved paramount.

Fire extension to the actual fire building was minimal. Significant fire extension was found in Bravo due to the fire origin. Both buildings were vacant and under renovation. 2975 Mission Street was a working mercantile shop and was conducting business within the previous two days. No people were displaced by this fire.

Members worked efficiently and Officers provided clear direction. An aggressive interior fire attack brought this fire under control in the Bravo exposure. Without the responding companies'

aggressiveness, discipline, and efficiency in containing this fire, it would have destroyed much more property and endangered many more lives.

Recommendations

1. Remind Battalion Chiefs that a face-to-face transfer of command to the Assistant Chief is a top priority. This is to confirm communication plans, strategies and tactics, as well as to provide accountability for crews already operating on the fire ground.
2. Hold forcible entry training related to metal rollup doors. Companies must be proficient and effective.
3. Acknowledge any Emergency Activation on the fire ground. The IC must confirm with Dispatch and then the IC must conduct a PAR.
4. Maintain situational awareness while operating on the fire ground and at any emergency incident. The civilian vehicle that entered the fire ground from 25th and Mission Street was traveling at a high rate of speed and came close to striking SFFD members.

The background of the slide features a large, semi-transparent seal of the U.S. Department of Justice, Bureau of Fire Prevention and Investigation. The seal is circular and contains an eagle with spread wings at the top, a shield in the center, and two figures (a miner and a sailor) on either side. The shield depicts a harbor scene with ships. At the bottom, a banner reads "EN GUERRA ORO EN PAZ FIERRO". The seal is rendered in a light blue/white color against a dark grey background.

SFMTA - TASC, SDAT, DPW, BART, MUNI, Cruise and SFFD Fire Access

SFMTA: TASC (Transportation Advisory Safety Committee) Summary

- All streetscape modification proposals impacting Fire Access reviewed bi-monthly. TASC review for Street Closures for Food Banks, Shared Spaces and Safe Sleeping Sites

SDAT (Street Design Advisory Team)

- Weekly meetings with SF Planning Department and City Agencies to review and provide comments on streetscape plans/proposals for building/ development projects

DPW

- SFFD conducts plan review to ensure SFFD apparatus has fire access to buildings, hydrants, fire department connections, fire escapes, etc.

BART/MUNI

- SFFD Liaison to BART/MUNI for Fire and Life Safety Annual Inspections

SFFD

- Contact Fire Stations regarding Traffic Calming proposals in their response area. Work with SFPD, DPW, SF Parks and Rec and the Presidio regarding the SFMTA Slow Streets and Shared Spaces ensuring Fire Access. Now collaborating with BFP Permits ISCOTT and Shared Spaces temporary street closures (ISCOTT), as there is some overlap of Shared Spaces Street Closures and ISCOTT post Pandemic

SFMTA TASC VIRTUAL MEETINGS

SFMTA – TASC Projects

- Slow Streets: NSTR
- Shared Spaces for parklets ***and*** Street/Alley Closure requests
 - Captain Sy is the lead with Postings/ Enforcement Task Force
 - Lieutenant Wong assists
- Tenderloin Activations
 - Play streets, shared spaces streets road closures and lane reduction, parking protected bike lanes
- Various School Locations Citywide
 - 0 speed humps, 0 speed cushions and 0 speed tables approved
- Various Locations Citywide Speed Humps on hold
 - awaiting Third Party Report on increased SFFD Emergency Response Times
- 100 Golden Gate Street: Site Plan drawing under review
- Bayshore/Hairball under review
- Transbay/Howard Class IV Bike Lane still in design phase
- Hyde St. Quick Build approved
- Portola/Visitation Valley proactive Traffic Calming: waiting for response to comments
- Madrone/Wawona/Vicente Islands still in design phase
- Ocean Avenue Muni Forward: waiting for updated design drawings
- M Oceanview Project: waiting for updated design drawings
- Great Hwy. and Judah Muni Turnaround approved
- Minnesota St. Slow Street under review

Fire Investigation (Arson Unit)

The number of Open/Active Fire Investigation Reports for September 2023 is 52. The reports include the following types of fires:

- 19 Structure Fires
- 19 Vehicle Fires
- 8 Outside Fires
- 6 Other

The background of the slide features a large, semi-transparent seal of the U.S. Army Corps of Engineers. The seal is circular and contains an eagle with wings spread at the top, a shield in the center, and two figures (a soldier and a sailor) on either side. The shield depicts a landscape with a bridge and a ship. At the bottom, a banner reads "EN GUERRA ORO EN PAZ FIERRO". The seal is rendered in a light blue/white color against a dark grey background.

Deputy Chief of Operations

Darius Luttrupp

Report to the Commission

Airport Division

SFFD Airport Division Recent Activities

Division Update September 1 to September 30, 2023

ADC Patrick D'Arcy

- Attended SFFD-SFO Monthly Budget Meeting
- Attended weekly Check-in meetings with SFIA Safety and Security Director Ralf Ruckelshausen
- Attended 6-week check-in with Airport Director Ivar Satero
- Attended SFO Emergency Operations Group Management Team meeting with guest speaker Nicole Stewart, General Manager of Menzies for SFO Fuel
- Attended special session between Airside Operations & SFFD
- Collaborated on budget projections through 2025
- Attended weekly SOG Meetings with SFIA Director of Security/Emergency Management Rob Forester
- Attended SFFD monthly Staff Meeting
- Attended monthly budget meeting
- Attended SFIA bi-weekly Management Meetings
- Met with Airport Division Battalion Chiefs, Rescue Captains, Training, & Prevention personnel
- Met with EMS Director of San Mateo County
- Participated in SFO Electrical Energy Shortage TableTop Exercise
- Attended Police and Fire Mass at St. Anne of the Sunset Church
- Attended 9/11 Ceremony at Station 35
- Attended Memorial event for FF/PM Megan Franzen
- Attended SF BFA Ball to benefit SF Fire Youth Academy
- Attended SFPD Central Station's "Chinatown Night Out" at Portsmouth Square
- Attended several meetings in preparation for APEC Summit in November 2023
- Met with Facilities' Fleet Services to discuss specs for new ARFFs
- Held meetings with Fleet Services and Sign Shop to discuss renumbering units
- Completed renewal with ESO Solutions for ePCRs
- Attended Budget Sessions for FY2024-25 and FY2025-26
- Virtually attended CAD to CAD Specialist Group Meeting
- Virtually attended Environmental Planning meeting
- Continued working with SFFD Human Resources
- Continued working on reinstatement of Moose Boat
- Continued work to complete servicing of rescue rafts
- Prepared materials necessary for Annual Vacancy Bid
- Attended the ARFF Working Group's Annual Training Symposium
- Delegated meetings to Captains & Battalion Chiefs to encourage collaboration and knowledge sharing

Operations/Training – Captain Mathews, Lieutenant Dockery, and Specialists Hoaglin and Ochoa

- Virtually attended Runway Safety Meeting
- Virtually attended Monthly EOC Emergency Planning Meeting
- Virtually attended Monthly Airside Operations meetings
- Virtually participated in SFIA Runway/Ramp Safety Meeting
- Virtually attended Monthly Red Cap Planning Meetings and pre-planning discussion
- Reported to EOC when activated

- Continued Daily Alert Communications Drills
- Conducted multiple meetings with Training Staff
- Maintained FAA training and Part 139 Training records
- Held CPR and First Aid Training to Airport employees
- Conducted training for new ARFF drivers including simulator training
- Conducted ongoing individualized training for AOA Familiarization, Communications, and AOA Driving for ARFF Trainees
- Continued 2 hour ride-a-longs for members twice a week
- Published monthly SFO-SFFD newsletter
- Procured and tracked equipment from Grainger
- Conducted task-book training for new Boat and Jet -Ski Operators
- Conducted In-Service Boat Crewmember Training for all members
- Conducted daily Live Crossing Drills
- Conducted Tower Tuesdays: 1 member spends an hour observing ATC
- Attended Annual Disaster Drill planning meeting with EOC, PD, SOG, Duty Managers, CBP and all other agencies involved
- Participated in Annual Disaster Drill: Terrorism and Mass Terminal Evacuation
- Participated in Annual Disaster Drill post-event hotwash
- Conducted ESO Tablet training for all EMTs and Medics
- Completed In-Service Protocol Update training for medics and EMTs

Battalion 65 – Battalion Chiefs Crean, Francois, and Kasper

- Attended Alert 2 Training and Drills
- Attended Full Scale Exercise: Response to a Coordinated Terrorist Attack
- Conducted Water Department Drill: Responding to a Fuel Leak into the Bay
- Conducted Multiple Extrication drills on salvaged vehicles
- Conducted Engine and Truck Drills
- Conducted Engine and Truck Inventory, Training and Drills
- R65 attended meetings with Airfield Safety and Ramp Safety
- Conducted ARFF Training with all members, focusing on task book initiatives
- Conducted ARFF and ATC communications
- Conducted Live Runway Crossings
- Conducted weekly ATC orientation
- Conducted Marine Rescue Drills: Boat Operator Task Book initiatives
- Training Staff conducted Safety Drills
- Granted MERF access for SFO maintenance
- Conducted Battalion Drills: Rescue/Confined Space, Hose Leads, Engine and Truck ops
- Held Boat Crew Class
- Conducted multiple Marine Drills for Boat Operator Task Books
- Organized Honor Guard and Wet Salute for Senator Dianne Feinstein
- Organized Honor Guard for WW2 Vets
- Facilitated Fire Reserves visit and orientation
- Held EOC 101 Class at SFO EOC
- Conducted several orientation drills with new members
- Organized several Salute Details per airline requests
- Attended POTUS visit

Rescue Captains Anderson, Beckwith, and Morley

- Responded to emergency calls and observed paramedics
- Updated AED batteries and equipment inside AED cabinets throughout SFO
- Participated in Annual Disaster Drill
- Maintained PPE readiness and supplies
- Attended daily conference calls with Battalion Chief, EMS and Airport Duty Manager
- Conducted training in Protocol Updates and ESO software
- Ordered and maintained emergency medical supplies via contracted vendors
- Procured CPR/First Aid materials and scheduled classes through the end of the year

Remembering 9/11

As I was pulling into work on the morning of 9/11, the sun was just rising from the East behind the runways casting a beautiful reflection on the firefighters standing at attention as they paid tribute to the New York firefighters who lost their lives 22 years ago at Twin Towers.

The sight of them standing there gave me pause to reflect at how much I love this career & have so much pride in seeing my co-workers honoring the fallen yet at the same time, acknowledging how dangerous our jobs can be. Even here at SFO, we too put ourselves in danger and could easily be a target of terrorism.

Coincidentally, as I was thinking about what I wanted to write to pay tribute to 9/11, I randomly came across a story about the life of one of the firefighters who died in the Twin Towers on that fateful day. The timing was serendipitous because the story came from a book I was reading having nothing to do with 9/11.

In any event, it made me think about how nice it would be, in the spirit of remembering, to learn a little more about the firefighters who perished that day. Something more than just reading a name from a list. Although I do realize that if this newsletter lasts beyond me and it features one story a year, that it would take another 342 years to write about every firefighter but hey, why not try?

With that, please enjoy this story through the voice of the wife of FF Bruce Van Hine.

Ann & Bruce were married in 1980. When they wed, each were small business owners. Bruce was an arborist & owned his own company; Ann owned a ballet school. The couple were soon blessed with two daughters. Living in the northeast, Bruce's tree job was seasonal. This meant he had to pick up other kinds of work during the winter.

One night, not long after they were married, Ann saw Bruce scanning for a job in the newspaper when she asked "What did you always want to be when you grew up?" Bruce answered, "A real New York City firefighter". "So, go do that" Ann said to him. So he did, but it would take another 10 years before he'd be hired. Bruce registered for the test in the summer of 1980 which was offered a year later in September 1981. When the list came out, he did fairly well. He and Ann assumed he'd be hired any time, but the list ended up in the midst of a lawsuit – a discrimination against women lawsuit – so the city could not hire off that list until they redid the physical test. In the meantime, Bruce went to work for the West Point Fire Department, NY until in he was hired by the New York Fire Department in 1990 at the age of 36. After years of waiting, Bruce finally achieved his lifelong dream. Originally, he was stationed on Engine 79, then Truck 37 and finally Squad 47.

Sunday, September 9, 2001 was the last time Ann and her 2 daughters saw Bruce since he was scheduled to work through the weekend. Exactly how everything unfolded that day for Bruce and Squad 41 is unclear. It is known that after the first plane hit, they were sent to lower Manhattan but as they were heading there, the second plane hit so they went straight to the and one Lt, all from Squad 41, went up got very high up. It is believed they made They were believed to be headed back

For 7 days their group were listed as when the FDNY announced that the No one else was expected to be found after the attack, Ann got the news that died as a "real" New York firefighter and walking tours at the 9/11 memorial site.

World Trade Center. Bruce, 4 firefighters into the second tower after it was hit and it to the first sky lobby around the 44th floor. down when the tower collapsed.

unaccounted for which coincided with site had moved from rescue to recovery. alive. Shockingly, in March 2002, 6 months Bruce's body had finally been found. Bruce hero. Today, his wife Ann leads

Boat Crew Member Training

This month marked the resurrection of the Boat Crew Member training. The purpose of training ALL field members at SFO is to ensure that in the event we need crew members to assist with rescue on the water, there is a base knowledge of the roles and responsibilities, safety concerns, vessel knowledge, equipment knowledge, location of rescue equipment, anchoring, docking & mooring and familiarity with nomenclature.

The training is basic and does not currently require members to be swim qualified but as we start to get more members swim qualified, we will put on a more extensive training for swim qualified members that will include a deep dive into the training listed above as well as Helicopter Operations, Spill Response, Use of Inflatable rescue platforms and sidewalks, communications, mass rescue operations & launching and retrieving using the trailer.

Ideally, we would have conducted the more extensive training AFTER getting rescue swimmers but that training is slow going as few members are signing up. To date, we have 19 qualified swimmers. The magic number is 29 (1/3 of the staffing). So please, if you haven't taken the swim training, sign-up when we offer it again. I hope to offer another training soon.

Megan's Celebration

Its with a heavy heart that on September 16th, family, friends and co-workers said their final good-byes to Megan Franzen by gathering at McNears Beach Park in San Rafael.

The attendance was large and very eclectic which is a testament to Megan at how many people's lives she touched from so many different backgrounds.

Megan had only been at SFO a short time but many of us had known and worked with her for years. She definitely left an indelible impression on those that knew her and she will be forever missed.

Rest in Peace Megan

Info from our Cancer Warrior, Captain Jensen

DETECTOGETHER

3 STEP DETECT

Please visit

firefighter.detectogether.org

Explore their online learning center, which consists of micro courses, short informative lessons on the following subjects:

- What is cancer
- Why are some people at greater risk
- How to advocate for yourself
- How to compile medical history
- How to do self exams
- Seeking care
- Preparing for doctor appointments
- Identifying & tracking symptoms

Given the inherent dangers of our jobs as firefighters, I highly recommend that everyone log into firefighter.detectogether.com and if nothing else, sign up for their newsletter. The website has a lot of good information and training available to us. Early detection and knowing the signs and symptoms may very well save yours or a loved one's life. So please, take the time to check out their website and see what you can learn.

| THYROID | 99% | 76% |

Annual Disaster Drill Highlights

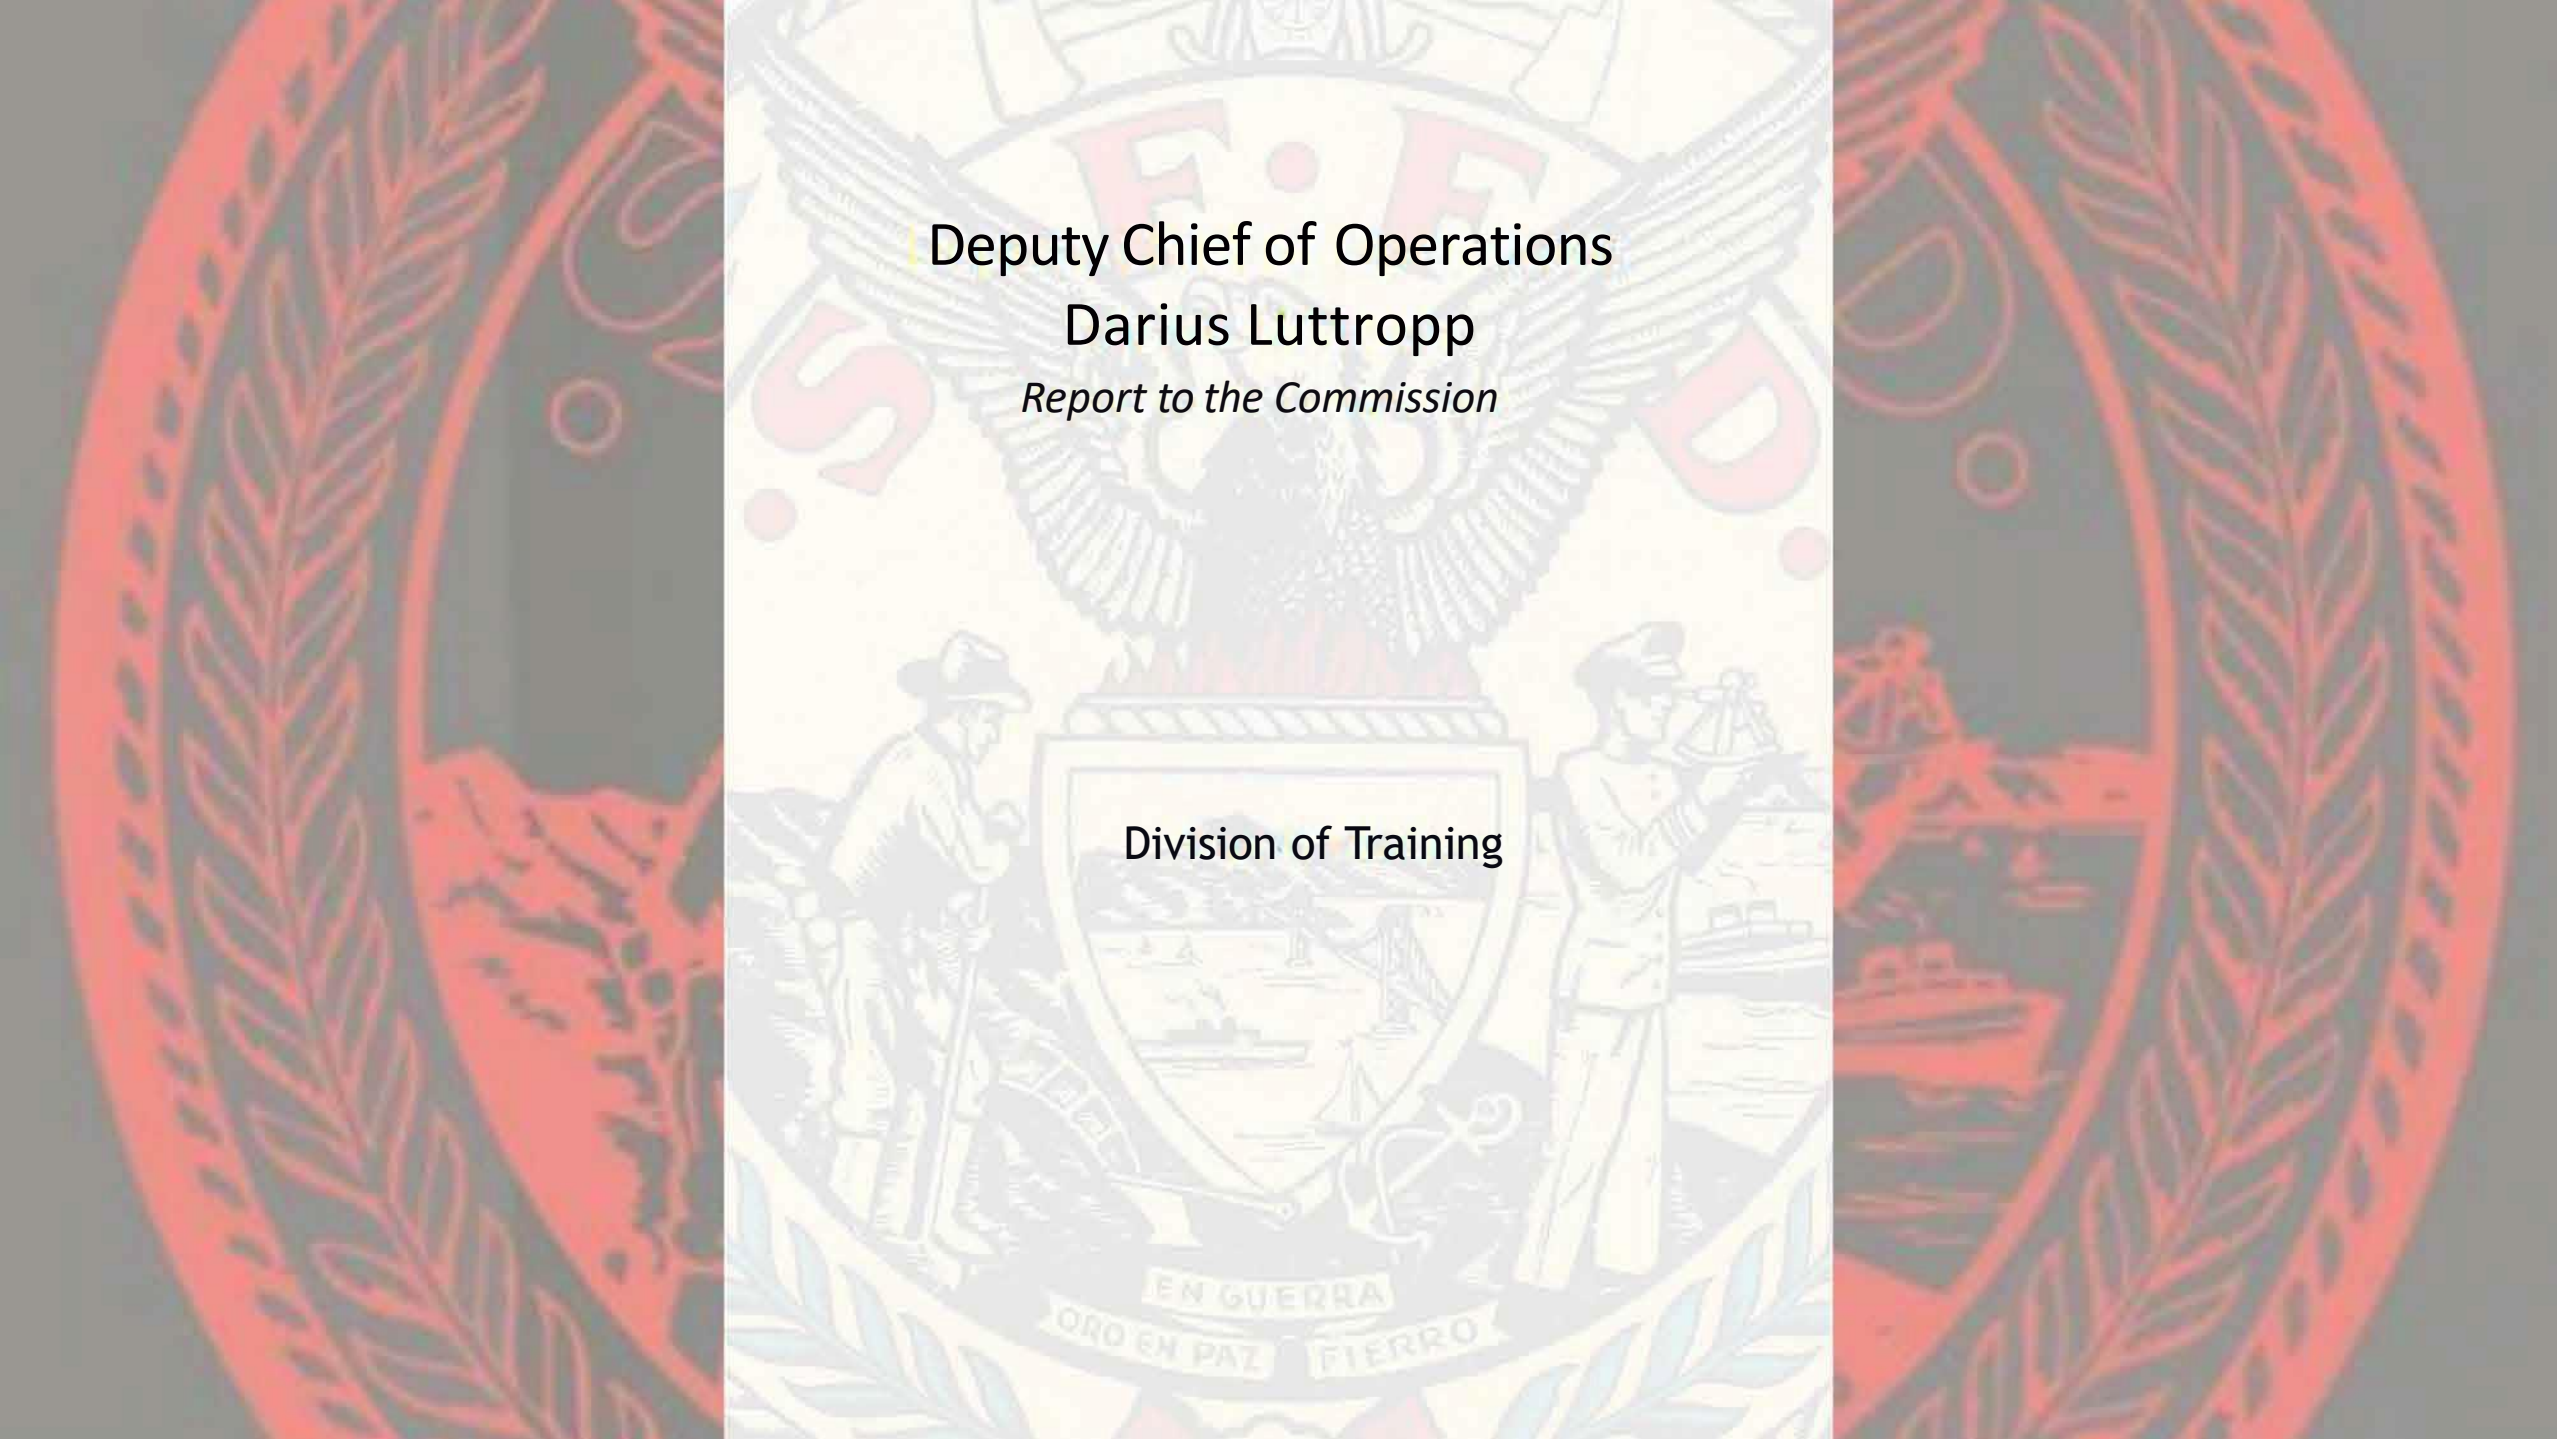

This year's Annual Disaster Drill took place on September 20th and involved multiple agencies and multiple simulated incidents at various locations of the airport. The drill was mostly SFPD and CBD driven but SFFD had a significant role as well.

The scenario was that multiple suspects arrived at SFIA during an International conference attended by global leaders and they attempted a complex, coordinated attack. Part of the attack involved trying to launch a drone over Signature as well as assembling an IED. The suspects also set off a small fire as a distraction to lure resources away from where they intended to assemble their bomb.

Due to the multiple scenarios and complex nature of the drill, the EOC opted to use the old Post Office on Westfield Rd as a "mock" terminal. This proved to be challenging for some agencies since we are told not share too many details of the drill itself. This made it difficult for some players in the scenarios to know entry and exit points.

The good news is that in the post-drill briefing, Chief Kasper and I were able to make the argument for not keeping these Annual Drill scenarios a secret but rather, let us prepare our members so that we can polish our skills and show up on game day bringing our best.

Overall though, FD did a very good job as usual. Our biggest take-away was that these big drills only happen once a year so we should pull out all the stops and utilize all the toys (such as the equipment on the MCU) and put on a really good show for the folks on the 5th floor and their constituents. Play it like it's the real thing! Thanks to all who participated!!

Deputy Chief of Operations

Darius Luttrupp

Report to the Commission

Division of Training

SFFD Division of Training
Division Update September 1 to September 30, 2023
ADC Julie Mau

Meetings/Exercises/Training:

- Attended Regular Fire Commission
- Attended CD1 Monthly Staff and Quarterly meetings
- Attended CD2 bi-weekly meetings
- Attended DOT Captains and Staff for In-Service, Recruit Training, EMS Training, Probationary Training, Specialized Training
- Attended meeting with MMS Division for multimedia projects and priorities
- Attended meeting with Housing Authority and Mercy Housing CalWest
- Coordinated Chief Meet and Greets of H2 candidates with DEI Office
- Attended meeting with ADC Miller and SFFD DOT facility team for planning
- Attended meeting with 132nd Recruits for review of deficiencies and demerits
- Discussed future Zoon training in January 2024
- Attended SFFD Sub-JAC Committee regarding Cal-JAC Quarterly Meeting
- Coordinated In-Service Training Roof Operations with Housing Authority, to establish a training extension through October
- Attended Bay Ferry VI Exercise trainings 9/18/23 to 9/21/23
- Attended LRV Muni Training 9/25/23 to 9/29/23
- Attended Ethics Class 9/26/23 for current/future instructors
- Held PX testing for 130th and 131st Academy Classes (91 probationary firefighters total)
- H3 L1 to L2 Advancement Academy #29, 4 graduates
- H3L1 Academy #24 began 9/25/23, 14 recruits
- H3L2 Class #10 Graduation, 4 graduates
- Updates on Recruit Class 132
 - 53 of 58 recruits remain
 - 3 resignations, 2 separations
- Continued SCBA and N95 mask fitting, approximately 500 members tested so far
- Published Training Notes: residential garage doors, future projects

Probationary Training

- Monitored 91 probationary firefighters in the field
 - 130th Recruit class began 1 year testing
 - 131st Recruit class will begin 6 month testing
- Maintained perfect attendance for events this month (no probationary firefighters were ill)
- Continued scheduling all skills/tests and retest.
- Continued reviewing monthly probationary reports and document any issues
- Initiated 1 PIP
- Documented 2 minor incidents at Alemany cone testing, and interviewed PXs involved

- Supervised practice of evolutions and documentation of (but not limited to): pump/aerial test; pre-trip inspections and hose leads; driving and knowledge of firefighter duties of probationary firefighters
- Maintained and inspected all equipment and apparatus, making appropriate notifications as needed

Auto Extrication Drills

- General Order 20 A-83 states that every Saturday one Truck Company and one Rescue Squad must report to the Division of Training for Saturday Auto Extrication Drills per company schedule.
- There were 5 scheduled training days in September 2023 at the Folsom Street Campus
- The following Companies were due to attend training this month with safety measures in place:
 - 9/2/23 Truck 2, Rescue Squad 1
 - 9/9/23 Truck 3, Rescue Squad 2
 - 9/16/23 Truck 4, Rescue Squad 1
 - 9/23/23 Truck 5, Rescue Squad 1
 - 9/30/23 Truck 6, Rescue Squad 2
- The Companies were cancelled this month up until 09/15/2023 to allow for the removal and delivery of vehicles by SFMTA.
- Extrication vehicles were designated with Truck identifier and date of scheduled training. Each Truck received half a vehicle leaving one vehicle for impromptu training on a first come first serve basis.

Recruit Training: 132nd Academy

- Week 10 Skills
 - Knots 2
 - Vertical Ventilation
 - 35' Ladder
 - Standpipes
 - Low and High Pressure Hydrants
 - Make and Break 1
 - Firefighter Rescue
 - SCBA Donning and Doffing
- Week 10 Testing (73 Deficiencies)
 - Standpipe Operations
 - Fittings
 - SCBA Don & Doff
 - Knots 3: Rescue Knots
 - 50' Standard Raise
 - 22' Straight Beam Raise
 - EBSS
 - 35' Hill Raise
 - EMS OBGYN
 - High Rise Bundle
- Week 10 Lectures
 - NERT Training Program
 - BFI and BFP

- Week 11 Skills
 - Ladder Rescue Introduction
 - Introduction to Ready Line Standard
 - Load & Deployment
 - Introduction to Large Line Wye Manipulative
 - Continuation of the 22' Extension Manipulative
- Week 12 Skills
 - Continuation of Week 11
 - Jog to Filbert Street Hose Cabinets
- Week 12 Lecture
 - EMS—Traction
- Week 12 Testing
 - Written Exam
 - 50' Obstruction Raise
- Week 13 Skills
 - Fighting a Vehicle Fire
 - Fighting a Propane Tank Fire
 - Fighting a Flammable Liquid Fire with Foam
- Week 13 Testing (26 Deficiencies)
- Week 14 Skills
 - Introduction to Wildland
 - Manipulatives: Shelters, Air Drop, Mobile Plumbing, Backpack Pump/ Mop Up, Progressive Hose Lay

Special Operations Drills and Instruction

General Order 22 A-127, Enclosure O, states that on every Wednesday, Thursday, and Friday, both Rescue Squads must conduct a Technical Rescue drill per the monthly drill schedule. September is the month for companies to review technical rescue. Members review areas that require greater detail, as well as identify equipment maintenance and upkeep issues that may need to be addressed. Due to Triannual prep and inspections, drills are at the officer’s discretion.

- Special Operations and Training and projects
 - NFPA 1005 Marine Firefighter Course
 - UASI/STC Funded Preventative Rad/Nuclear Detection Course
 - RS2, T05 – Video shoot for MUNI Lift Video
 - UASI Rope Rescue Technician Course
 - Bay Ferry VI Response Exercises
 - Golden Gate Bridge Highway and Transportation District - Security Coalition Meetings
 - Annual MUNI Lift Drills with BC Johannesen and BC Kircher
 - UASI Structural Collapse Operations

Suppression In-Service Drills and Instruction

| DRILLS AND INSTRUCTION | MEMBERS TRAINED | TRAINING HOURS RECEIVED* |
|---|------------------------|---------------------------------|
| Live burn/ Peaked Roof/ Flat Roof/ Search | 10 | 30 |
| Hose Leads | 24 | 48 |
| Ceiling Pull Prop | 4 | 8 |
| Forcible Entry | 4 | 8 |
| Sunnydale Projects Module | 170 | 340 |
| SCBA Testing | 46 | 23 |
| TOTAL | 258 | 457* |

* July and future training hours are being adjusted to conform to HRMS training records

Additional Work Performed

- Four “Return to Duty” evaluations
- Site utilized for single company Ladder, Company and Forcible Entry drills.
- Regular maintenance of facility
- Cut/prep lumber for recruit academy
- Secure used lumber from NIBBI and Dump site
- 1 Smoke Machine Repair
- Repair compressor
- Repair Classroom 605 outlets
- Repair security lights in facility

- 4 Mannequins completed for Eagle Scout Project
- Sheriff Office Fire planning
- Rebuild cyclone/security fence damaged by vehicle
- Ethics Class
- Exploratorium Use of facility for fire behavior (build dollhouse)
- Prepare/pour concrete forms for fleet week
- Prepare tunnel for fleet week
- Remove/Tow vehicle out of “field of dreams” onto concrete parking slab
- Remove and store K rails
- Remove wood rot from Standpipe building
- Secure shoring material from vendors on T.I.

DOT/EMS Academy Drills and Instruction

| DRILLS AND INSTRUCTION | MEMBERS TRAINED | TRAINING HOURS RECEIVED |
|--|------------------------|--------------------------------|
| 132 nd H2 Academy – EMS training/drills | 54 | 486 |
| EMS Advancement Academy #29 | 6 | 24 |
| H3L2 #10 Academy | 4 | 128 |
| ALS In-Service Training Fall 2023 | 302 | 1208 |
| H3L1 #24 Academy | 14 | 560 |
| Advanced Cardiac Life Support (ACLS) Certification | 1 | 16 |
| Basic Life Support (BLS) Recertification | 1 | 3 |
| Target Solutions | 1099 | 2354 |
| TOTAL | 1481 | 4779 |

Additional Work Performed

- MMS Division Video work for multiple projects (filming, editing and voice overs)
- Maritime Preventative Radiological Nuclear Detection (PRND) Operations Course
- EMS Return to Duty Training for 5 members
- Certification/Accreditation Tracking, ALS Licensure Audit
- EMS10 In service
- TEMS training

Neighborhood Response Team (NERT)

NERT is a free training program for individuals, neighborhood groups and community-based organizations in San Francisco. Through this program, individuals will learn the basics of personal preparedness and prevention. The training also includes hands-on disaster skills that will help individuals respond to a personal emergency as well as act as members of a neighborhood response team.

San Francisco is made up of many neighborhoods. NERT trains San Francisco residents to be one ready community when it counts. Together NERT can create a lifeline between your family and neighbors, and the City's emergency responders.

Completed Training

| Date | Event Name | Event description | Number of Participants | Number of NERT Instructors/ Staff |
|-----------------------|--|--|-------------------------------|--|
| 9/6, 9/13, 9/20, 9/27 | Full NERT Training Sessions | NERT Classes 1-4 | 65 | 4 |
| 9/6 | Chinatown Night Out | SFPD hosted neighborhood events for Community Outreach | | 2 |
| 9/6 | PHEPR | Meeting with PHEPR | 2 | 2 |
| 9/12 | SF Ready Workshop | Disaster Preparedness Workshop | 19 | 2 |
| 9/13 | Displaced Persons Debrief | With DEM | 8 | 1 |
| 9/13, 9/14, 9/15 | Amateur Radio Introduction, NCT 101, NCT 102 | Virtual Training hosted by NERT and ACS | 60 | 2 |
| 9/15 | Disaster Drill | Postponed | 50 | |
| 9/16 | Day at DOT | Monthly advanced NERT training – Amateur Radio Led by ACS | 25 | 2 |
| 9/18 | Advisory Board Meeting | Monthly Meeting | 9 | 2 |
| 9/23 | LISTOS Training | Training for Spanish Speakers | 9 | 1 |
| 9/23 | B6/Bernal Coordinators Meeting | Communications/Disaster Response | 6 | 2 |
| 9/26 | Map Your Neighborhood (MYN) | MYN held on Treasure Island led by Bayview Coordinator Sue Brown | 12 | 1 |
| 9/28 | APEX Database Meeting | Meeting with Fire IT on NERT APEX Database | 4 | 2 |
| 9/30 | Bayview Community Outreach | NERT Tabling Event | | 1 |

Upcoming Training

- Fleet Week
- Advisory Board Meeting
- NERT Citywide Drill
- Continuous NERT Full Training

Projects and Short-Term Plans

- Clean and reorganize BOE, NERT Office, Trailers, and Shipping Container
- Develop Train the Trainer (TTT) for Map Your Neighborhood
- Create scaled down NERT train-the-trainer class for SFFD personnel to teach Classes 1-6
- Maintenance of ACS equipment at Battalion Stations
- Continue updating NERT website and build out graduate resources

- Migrate database from Access to Oracle
- Utilize grant money

Challenges

- NERT CPR Instructors need recertification through SFFD
- Shortage of NERT Instructors, need existing members to teach
- Need volunteers for amateur Ham Radio Group
- Regroup not paid or renewed
- IP printing system obsolete, need new solution

San Francisco Fire Auxiliary Reserve Monthly Report

Drills and Instruction

- SFO Station 3 and Fireboat Station Tours
- Train the Trainer: Gleeson and Ladders at T.I.
- Battalion Drills: First In, Ropes & Knots, Ladders at T.I.
- Battalion Drills: Large Line Lead, Search & Rescue through the Window, Ladders at T.I.
- Battalion Drills: Make & Break, Ropes & Knots, Ladders, Gleeson at T.I.

Total hours: 228

Volunteering/Community Service

- Chinatown Night Out - Community Outreach Education Booth
- Harvest Pack Meals for Veterans at War Memorial
- Autumn Moon Festival Booth
- Police Fire Memorial Mass at St. Anne of the Sunset Church
- 9/11 Remembrance Ceremony at Station 35
- Preparation of Celebration of Life for Megan Franzen at McNears Beach
- BFA Gala at Hotel Nikko
- Over the Edge AVM Fundraiser at St. Francis Hotel
- Fire Behavior Demonstration with Lt. Anderson
- Autumn Moon Festival AFA Booth

Total hours: 388
