

# **San Francisco Fire Department**

**Deputy Chief of Administration  
Shayne Kaialoa**

**Fire Commission Report  
July 2024**

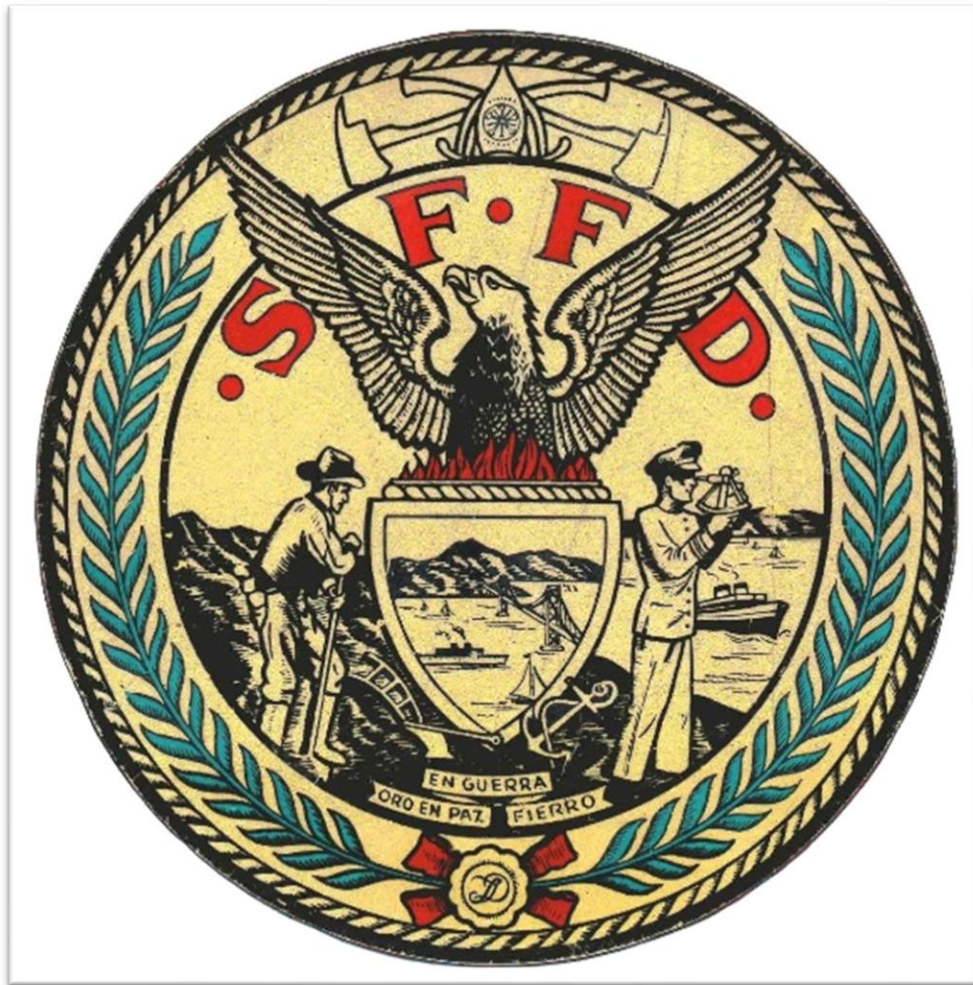

## Glossary of Terms

5/5	Out of service/Out of order
300A Form	OSHA Summary of Work-Related Injuries and Illnesses
3807 Event	Injury Report - did not require medical treatment
5020 Event	Injury Report - required medical treatment
ACLS	Advanced Cardiac Life Support
ACS	Auxiliary Communications Service
ADF	Ambulance Deployment Facility
AHIMT	All Hazards Incident Management Team
AOA	Airfield Operating Area (secured airfield area)
APEC	Asia-Pacific Economic Cooperation
ARFF	Aircraft Rescue Firefighting (airport apparatus used on the airfield for fighting aircraft incidents)
AWSS	Auxiliary Water Supply System
BAAQMD	Bay Area Air Quality Management District
BATEP	Bay Area Training & Exercise Program
BAUASI	Bay Area Urban Areas Security Initiative
BBR	Bureau of Building Repair (Department of Public Works)
BHU	Behavioral Health Unit (formerly known as the Stress Unit)
BLS	Basic Life Support
BOE	Bureau of Equipment
BUF	Bureau of Urban Forestry
CA TF3	California Task Force 3 - Urban Search and Rescue
CERS	California Environmental Reporting System
CIRT	Critical Incident Response Team
CJAC	California Fire Fighter Joint Apprenticeship Committee
COES	California Office of Emergency Services
DBE	Design-Build Entity
DBI	Department of Building Inspection
D & D	Doffing and Donning
DEM	Department of Emergency Management
DOC	Department Operations Center
DOC	Daily Operational Check
DOT	Department of Training
DSCA	Defense Security Cooperation Agency
DWC	Division of Workers Compensation
EAP	Event Action Plan for Planned Events
EAP	Employee Assistance Program
EFWS	Emergency Firefighting Water System
HER	Electronic Health Records
EHMR	Elastomeric Half-Mask Respirator
EMS PIP	EMS Performance Improvement Plan
EOC	Emergency Operations Center
EtOH	Ethyl Alcohol
FAR	Federal Aviation Regulations (FAA guidelines for operating)
FDOC	Fire Department Operations Center

FFCCS	Fire Fighter Cancer Cohort Study
HAZWOPER	Hazardous Waste Operations and Emergency Response
HPH	High Pressure Hydrant
HRET	High Reach Extendable Turret (piercing nozzle on ARFF rig)
HSS	Health Service System
IAFF	International Association of Firefighters
IAP	Incident Action Plan
IPSDI	International Public Safety Data Institute
JOC	Job Order Contracting
LARRO	Low Angle Rope Rescue Operational
LODD	Line of Duty Death
MCI	Multi Casualty Incident
MEP	Mechanical, Electrical and Plumbing
MSE	Minor Sidewalk Repair
NCRIC	Northern California Regional Intelligence Center – member of the National
NFA	National Fire Academy
NFORS	National Fire Operations Reporting System
NIOSH	National Institute for Occupational Safety and Health
NTP	Notice to Proceed
OES	Office of Emergency Services
OFA	Opportunities For All
OOS	Out of Service
ORD	Outreach, Recruitment and Development
PSS	Peer Support Team
PX Members	Probationary Members
RC	Rescue Captain
RS	Rescue Squad
SCBA	Self Contained Breathing Apparatus
SFIA	San Francisco International Airport
SPCC	Spill Prevention Control and Countermeasures Plan
SWOT	Strengths, Weaknesses, Opportunities and Threats
TDA	Tractor Drawn Aerials
TITF	Treasure Island Training Facility
USCG	United States Coast Guard
US&R	Urban Search and Rescue
UST	Underground Storage Tank
VAR	Vehicle Acquisition Request
WDO	Working Day Off
WOW	Wellbeing at Work
WMD	Weapons of Mass Destruction

# Homeland Security

***Homeland Security***  
***ADC Erica Arteseros Brown***  
***July 2024***

Meetings/ Events/ Training & Exercises Attended

- SFFD
  - CD1 High Level meeting
  - CD1 Quarterly Check-in
  - HS1/CD3 weekly meetings
  - Fire Commission Meetings
  - Juneteenth Parade
  - Post Naval Academy presentation for member development
  - Pride Parade
  
- Training & Exercise
  - Port Ship Lithium Ion Battery (LiB) Exercise weekly planning meetings
  
- Department of Emergency Management (DEM)
  - Emergency Operations credentialing task force meeting
  - Disaster Preparedness Coordinators' (DPC) meeting
  - CCSF Emergency Operations Plan (EOP) update meeting
  - CCSF Family Assistance Plan workgroup meetings – weekly
  - Training, Exercise, Credentialing and Planning Steering Committee
  - Emergency Routes Re-opening Guide Workshop

FEMA CA-TF3

- Search Canine Unit
  - Monthly Drills
- Rescue/Hazmat/Logistics/Comms specialists
  - Monthly drills
  - BLUE team on standby
- Applications open to field for new members for TF3

Federal Department of Homeland Security/United States Secret Service (USSS)

- VPOTUS visit planning meeting

Fleet Week

- DSCA Exercise Planning meeting
- Fleet Week overall planning meeting

### Urban Area Security Initiative (UASI)

- Community Preparedness Focus Group meeting
- UASI Approval Authority pre-planning review meeting
- UASI Approval Authority Meeting
- RCPGP Grant Notice of Funding Review
- Emergency Management Workgroup Meeting

### Incident Management Team Development:

- EAP development workshops
- Fire Department Operations Center (FDOC) orientation drills for all Battalion Chiefs

### Drone Program

Awaiting arrival of new drones

### NCRIC (Northern California Regional Intelligence Center):

- Lt. Mauberret NCRIC update report
- SAR (suspicious activity report) reporting and review of alerts
- Situational Awareness Distribution to EAP Group

### Major Incident Planning

- NBA Allstar Game 2025
- Superbowl 2025
- World Cup Soccer 2025
  - CalOES World Cup Communications Working Group meeting
  - Medical Group including Dr Lacocque held first meeting

### On-going Coordination/Projects:

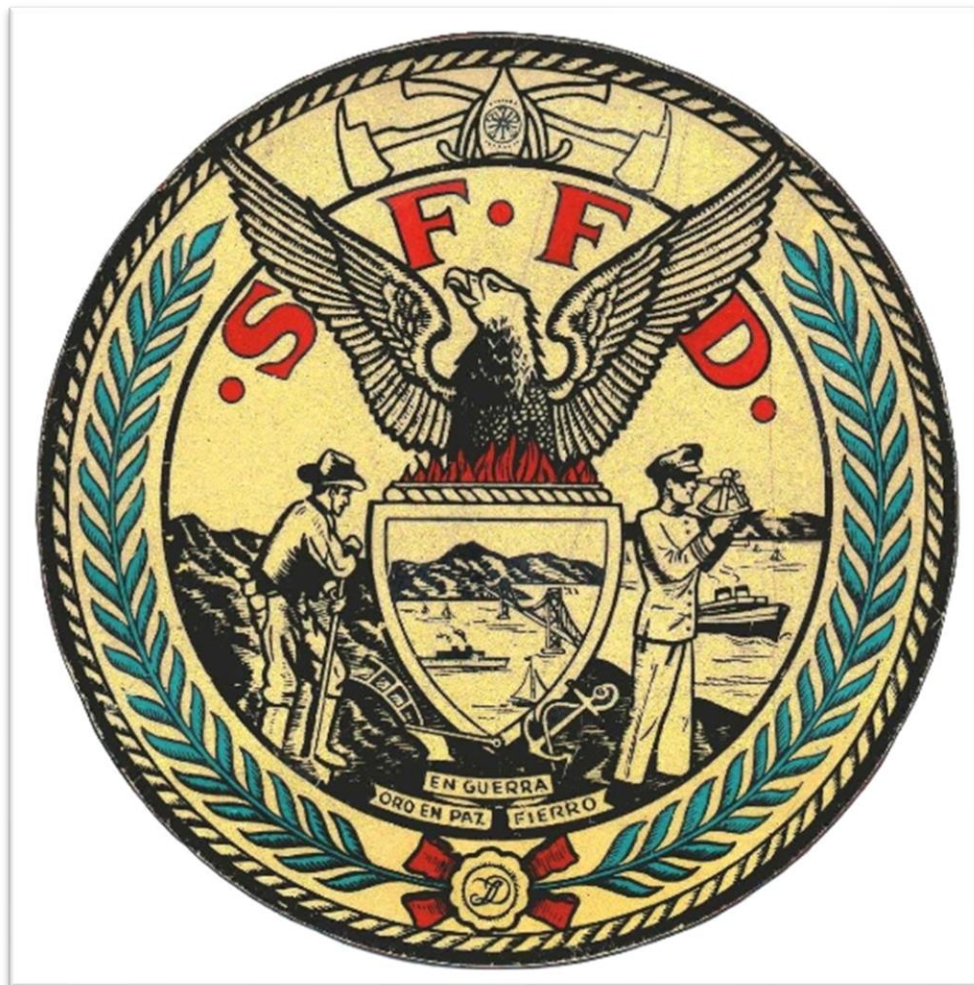

- Disaster Manual updates & Disaster Checklist Project ongoing- Committee Chair coordination
- UASI grants management
- FDOC
  - Maintain situational awareness
  - FDOC Battalion & Satellite Phone Planning Meeting with MIS and Support Services
  - Starlink Demo with MIS and B from Radio
- SFPD Operational Orders distribution

### Event/Incident Action Plans (EAP/IAP) Completed:

- Juneteenth Parade
- Pride Weekend
- USSS VPOTUS visit

# Diversity, Equity, Inclusion

***Diversity, Equity, Inclusion Office***  
***ADC Shon Buford***  
***July 2024***

**Recent ORD Activity – July 1 - 31, 2024**

Lt. Hashim Anderson, FF Ariana Wilson

**CCSF**

- Presented FCTC test preparation, to CCSF students
- Conducted SFFD's baseline with enrolled students

**REAC**

Attended this month's REAC team meeting

FCTC Test Prep, CCSF Students

**Stanford Athletic Pilot Program**

Met with Stanford Associate Athletic Director Kristen Azevedo and the head female Field Hockey coach Roz Ellis to coordinate our hands-on event on 8/16/24

**SFCC Wildland Training**

- Met with the San Francisco Conservation Corps to plan Wildland Firefighting training for their Corpsmembers.
- With the training, the SFCC will be able to apply for state contracts with the Forestry Corps for fuel reduction and hazard mitigation contracts.

**Partnership for Youth Success (PaYs)**

- Attended first meeting with Partnership for Your Success ( PaYS) Marketing Analyst Travis C. Carter.
- Discussed our departments potential involvement with their program, and what those next steps would be.
- Relayed this information to both Shon Buford, and Shayne Kaialoa

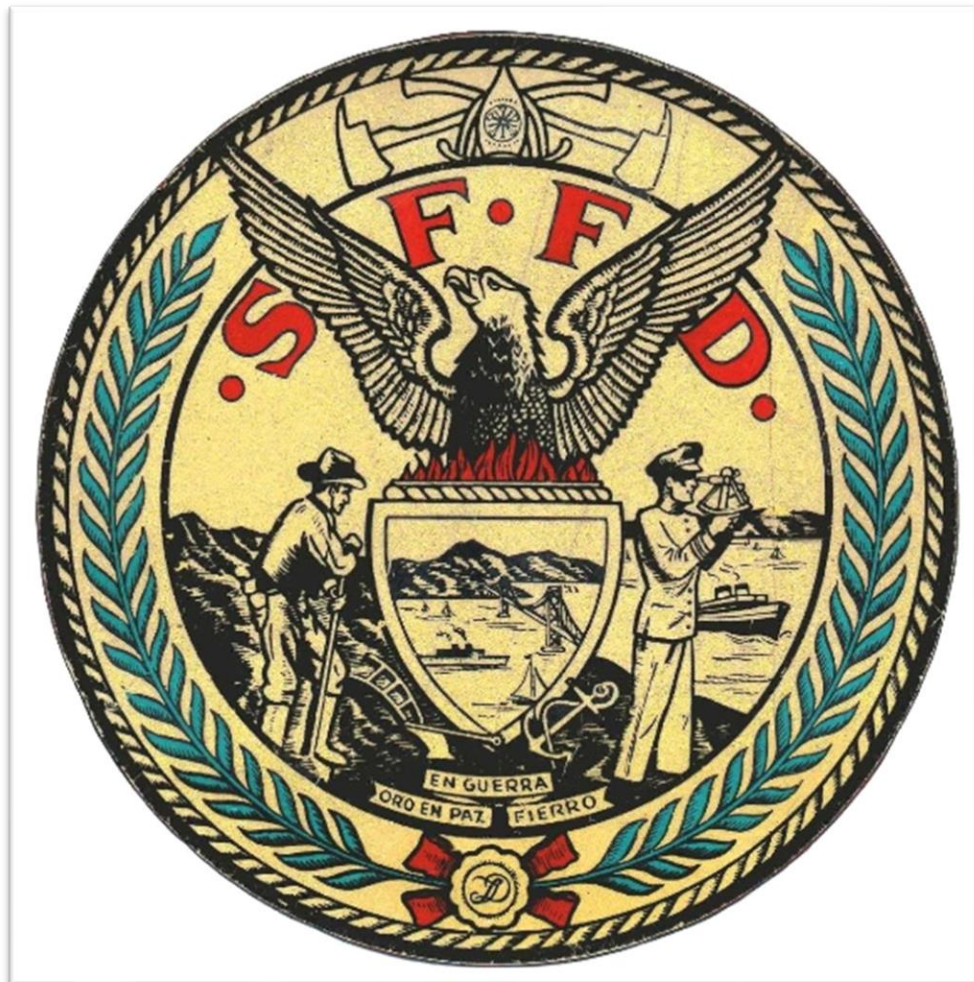

## **Sierra College**

- Conducted two online informational sessions for Sierra College Fire Science Students.
- One specifically for female and LGBTQ+ students, and the other for the remaining students participating in the program.

## **Informational 7/27**

Conducted a virtual informational via zoom for interested potential candidates covering upcoming deadlines, while also providing support to those who expressed their concerns with navigating the hiring process.

# Health, Safety and Wellness

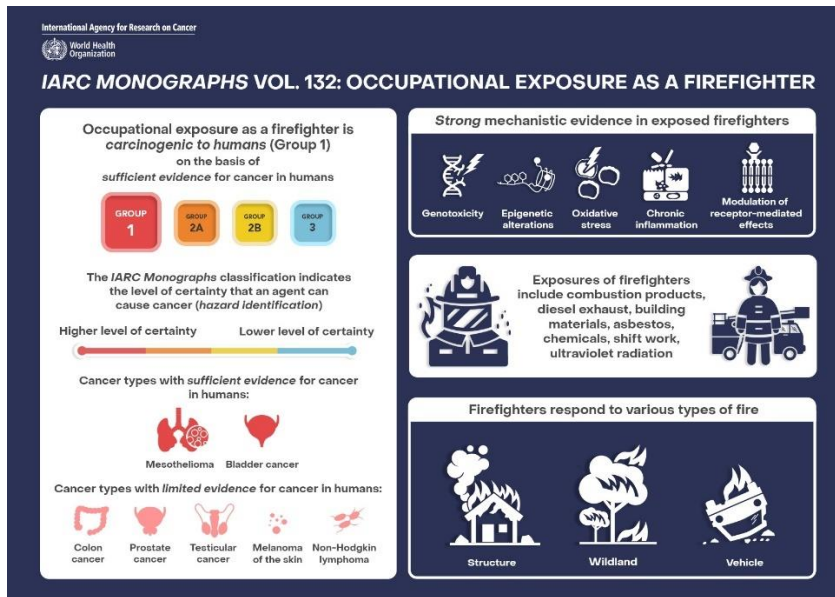

*Health, Safety and Wellness*  
*BC Matthew Alba*

**Commission Meeting Report for Health, Safety, and Wellness July 2024**

Every Monday:	Meet with BHU Captain Buren
Every Tuesday:	Meet with Chief Kaialoa
Every 2 Weeks:	Working Group on Wildland and WUI Respiratory Protection
Every 2 Months:	Rep. Chief of Dept in Family Violence Council Meeting
3 <sup>rd</sup> Tuesday:	Health and Safety Committee Meeting
3 <sup>rd</sup> Wednesday:	SF First Responder Peer Support Advisory Committee
3 <sup>rd</sup> Thursday:	San Francisco Firefighters Cancer Prevention Monthly Meeting
4x/year:	Fire Fighter Cohort Cancer Study: Women Firefighters Quarterly Meeting
Every Friday:	Follow up with members on DP, retired members and others who have cancer

- **DetecTogether** – Non-Profit focusing on Early Detection teaming up with the SFFD to film 3 Interview Video’s and 1 Training Video
  - Interview Video #1
    - DC Kaialoa and Leo T. and telling their story
    - We will do it in a “Firehouse Setting”
    - Message: Fire Family looking out for each other, the collateral damage to the Fire Family
  - Interview Video #2
    - Julio D. and his wife, an oncology nurse
    - We will do it in a “Home setting”
    - Emphasize “30 in – 30 out”
    - Message: Collateral damage to the FAMILY unit.
  - Interview Video #3
    - Chris “Jerry” Gauer and his story
    - BC Alba and sharing his story
  - Training Video #1 (Internally within the SFFD)
    - Policies that relate to health (5)
    - Consultee and collaborate with OEH
  
- **Educating these organizations about the hazards of PPE worn at charity stair climbs. Peer-Reviewed Study**

- Leukemia and Lymphoma Society
  - **The LLS mission:** Cure leukemia, lymphoma, Hodgkin's disease and myeloma, and improve the quality of life of patients and their families.
- American lung Association
  - **Our Mission:** To save lives by improving lung health and preventing lung disease.
  - **Our Vision:** A world free of lung disease.
  - **Our Strategic Imperatives:**
    - Defeat lung cancer.
    - Champion clean air for all.
    - Improve the quality of life for those with lung disease and their families.
    - Create a tobacco-free future.
- National Multiple Sclerosis Society

- **Studies**

- Sulforaphane study:

- SFFD/ SFFCPF U of Michigan & U of Arizona
    - The dates for the Initial Blood Draws have been scheduled for August 5, 6, and 7, 2024.

- Duration: 3 Months
    - PPE Study SFFD / IAFF
      - We are at 60 days of San Francisco's participation in the IAFF PPE Garment Survey
      - Extending it to 90 days
      - Concluding 7.26.24
    - Overhaul Study (AB 700 Ca Firefighter cancer prevention and research program)  
UC Berkeley, Silent Spring Institute, SFFD SFFCPF, USFW
      - Submitted Proposal: June 13<sup>th</sup>
      - Expecting to hear back: November 13<sup>th</sup>, 2024
      - Firefighters generally wear self-contained apparatus (SCBA) during the phases when fire and smoke are visible; however, the cumbersomeness of SCBA make it poorly suited to the strenuous tasks of overhaul, often leading firefighters to doff this equipment during this activity. Powered air purifying respirators (PAPRs) are less cumbersome and therefore potentially easier to use consistently during overhaul.
      - We propose an intervention study with 30 firefighters from the San Francisco Fire Department (SFFD) that compares the effectiveness of standard respiratory protection (Scott SCBA) with PAPRs (Scott and TDA) during overhaul to assess whether PAPRs improve consistent use of respiratory personal protective equipment (PPE) and reduce exposures to carcinogenic compounds (volatile organic compounds and polycyclic aromatic hydrocarbons measured in biospecimens taken within 24 hours of fire events).

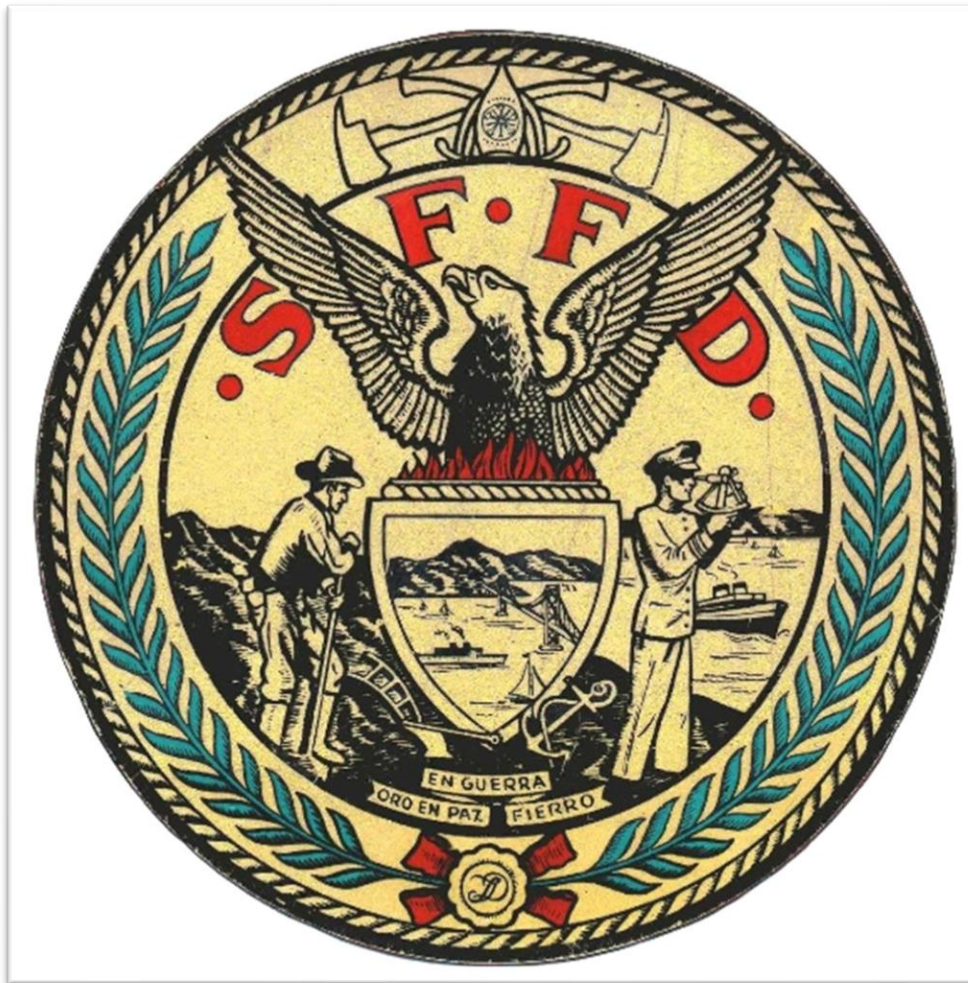

- Nutrition Study SFFD/ SFFCPF/ Stanford (Starting in Fall / Winter)
  - 180 volunteers
  - 8 weeks
  - We will replicate the Netflix Documentary, “You Are What You Eat” Experiment (AKA The Twins Experiment)
  - We will be giving our SFFD Firefighters 2 Randomized Diets, one a plant-based diet, the other meat & dairy diet.
- PTSI / Sleep Disorder Study
  - Sending 2 Members to participate in a pilot study evaluating a 4-day treatment workshop to address symptoms of PTSD, insomnia, and nightmares.
  - In a small pilot study, this treatment was recently found to be helpful for active-duty military personnel.
  - Members were asked to attend a 4-day treatment workshop (4 consecutive 4-hour days scheduled during the work week) with therapists and up to 6 other firefighter participants in Kansas City (food and accommodation provided).
  - Firefighters from the same department were not enrolled in the same intervention group.
- **BHU**
  - **78** Contacts made for assistance from the BHU for July

*Environmental Occupational Health and Safety  
Anthony Boone, CIH, CSP, CHMM, CEI  
July 2024*

- Performed Spill Prevention and Countermeasures Plan (SPCC) inspections
- Reviewed Monthly UST inspections
- Attended monthly health and safety meetings
- Delivered health and safety, hearing conservation and heat stress training to 134<sup>th</sup> recruit class
- Assisted with Workplace Violence Prevention plan submitted to DHR
- Conducted ergonomic evaluation on NERT Outreach Coordinator positive changes recorded instantly.
- Updated the environmental reports in CERS for stations 5 and 49.
- Escorted Occupational Health Nurse Practitioner students from UCSF on tour of Fire Station 4. Station 4 received the students and explained the health hazards of firefighting, and type of equipment used to protect them.
- Assisted with Medical Waste Inspection at Station 49
- Submitted hazardous waste fee paperwork to Support Services

# Office of Employee Health

*Office of Employee Health  
Steven Chang, DO, Supervising Physician  
July 2024*

**Return to Work: 76**

**New Hire:**

- Screening candidates for the EMS Academy scheduled for September 2024.

**Promotion/Probation: 14**

**Monthly Summary of Work-Related Injuries and Illness Report**

- 62 = Total number of 3807 injuries/illnesses - no medical evaluation
- 58 = Total number of 5020 injuries/illnesses - completed medical evaluation
- Top three 5020 events:
  1. COVID = 28
  2. Back = 8
  3. Other = 9
- 43 = Total number of 5020 events that resulted in time off work

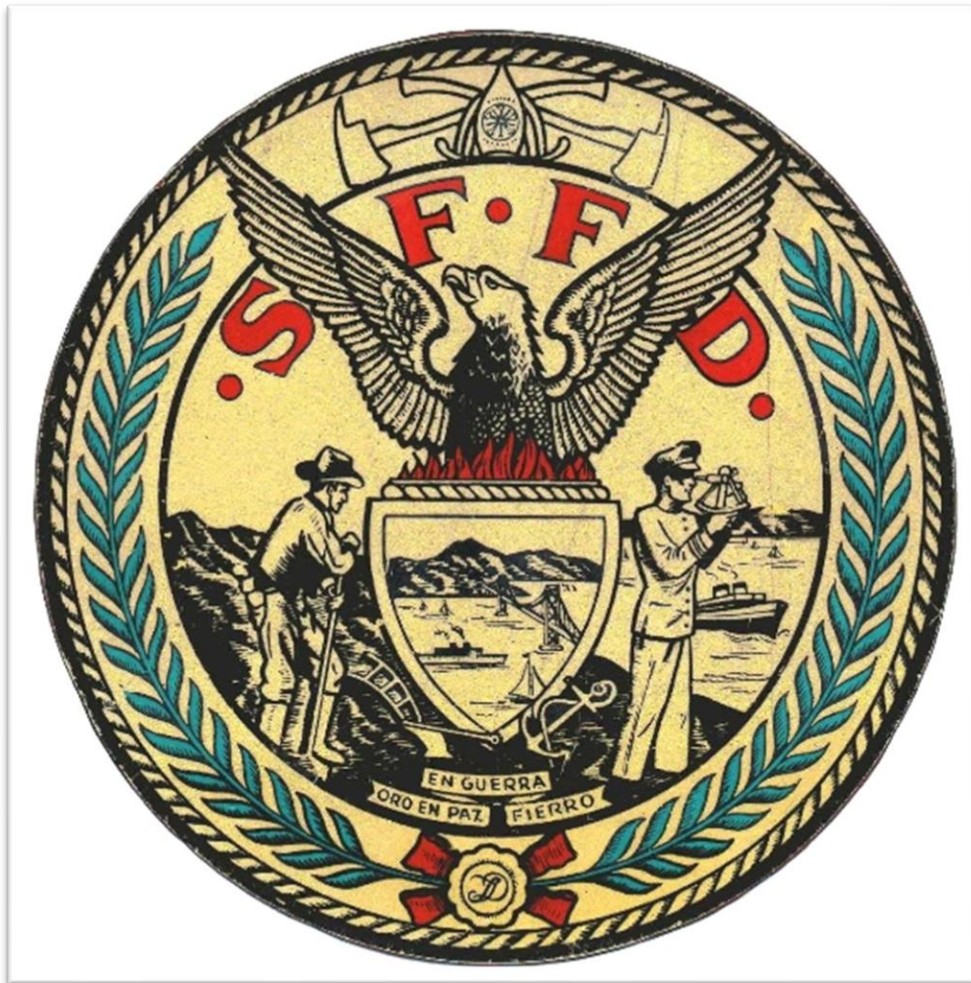

**Other Activities:**

- Meetings with IT to discuss data and reports for CQI planning
- Meeting with EMS Section Chief Gordon to discuss illness and injury
- Meetings with ZSFG Occupational Health to discuss member services
- Meeting with City Attorneys
- Continued participation in CCSF Joint Labor Management Committee Meeting
- Continued participation in BHU Subcommittee
- Continued participation in Health and Safety Planning Committee
- Continued participation in Annual Wellness Exam Subcommittee
- Established Fitness Program Subcommittee
- Ongoing discussions for new EHR
- Revising Bloodborne Pathogen Exposure Control Plan
- Organized the first ever OEH Retreat

# Research and Planning

***Research and Planning (Assignment Office)***  
***A/Captain Ed Chu***

List of recent activity in the Assignment office for **July 2024**

1. Assignment Office is working with EMS Division and Community Paramedicine for on-going staffing and scheduling.
2. Station 49 and Community Paramedicine Vacation and IDV bids for 2024/2025 per G.O. 24 A-52.
3. Assignment changes for Fire Suppression, all ranks. For staffing and promotions.
4. Ongoing work with Fire Prevention and Fire Investigation on staffing and scheduling.
5. Working with Airport Division for staffing.
6. Ongoing work with Fire Pay roll for discrepancies for every pay period.
7. Ongoing work with OEH with placement of TMDs.
8. Working with Homeland Security for staffing of special events.
9. The EMS WDO-In-Advance continues per General Order 20 A-08. In accordance with the policy, pre-hiring 75% of open ambulance shifts seven days in advance.
10. Continues to assist Physician's Office with assigning personnel to Temporary Modified Duty Positions.
11. Continue new WDO-In-Advance Policy for Suppression members, General Order 21A-64. Pre-hiring of 50% of shortage seven days in advance on Thursday, Friday, Saturday, and Sunday.
12. Continue Mandatory Credit given WDOs for weekends to increase voluntary WDOs.

# Investigative Services Bureau

*Investigative Services Bureau  
Captain Todd Weddle  
July 2024*

**Fireboat/Energetix DOT Testing Program**

The Fireboat testing is now under the random testing program and the names are added to the draw pool daily from Datco Services.

**Random Alcohol and Drug Testing Program**

The Random Alcohol and Drug Testing Program is in compliance for the month of June.

**Post-Accident Alcohol and Drug Testing Program**

Two Battalion Chiefs (Winn and Oconnell) have completed and passed all online and hands on Designator Collector training.

Two Battalion Chiefs (Cercos and Kasper) have completed and passed the online training for Designated Collector.

**Conditional Offer, Promotional and End-of-Probation Alcohol and Drug Testing Program**

Thirty-two Members participated in new hire, promotional, and end of probation Alcohol and Drug Testing.

Capt. Weddle ensured that the doctor's office had all necessary supplies for Drug and Alcohol testing.

**Breathalyzers**

All current Breathalyzer being used in the field including Div2, Div3, Airport, ISB, and doctors office have been accuracy tested. Three breathalyzers that were sent to intoximeter for recalibration have been completed.

**California Driver Licenses (CDL)**

Cpt Weddle continued to monitor all Dept members Drivers Licenses via CA DMV Pull Notifications. All necessary updates have been made i.e. Add new employees to the system and remove retired employees from the database.

**Training**

Cpt Weddle participated in a train the trainer Auto Extrication class during the month of June.

Capt. Weddle deployed on two wildland incidents. Sites fire in the Mendicino and Thompson Fire outside Oroville, CA.

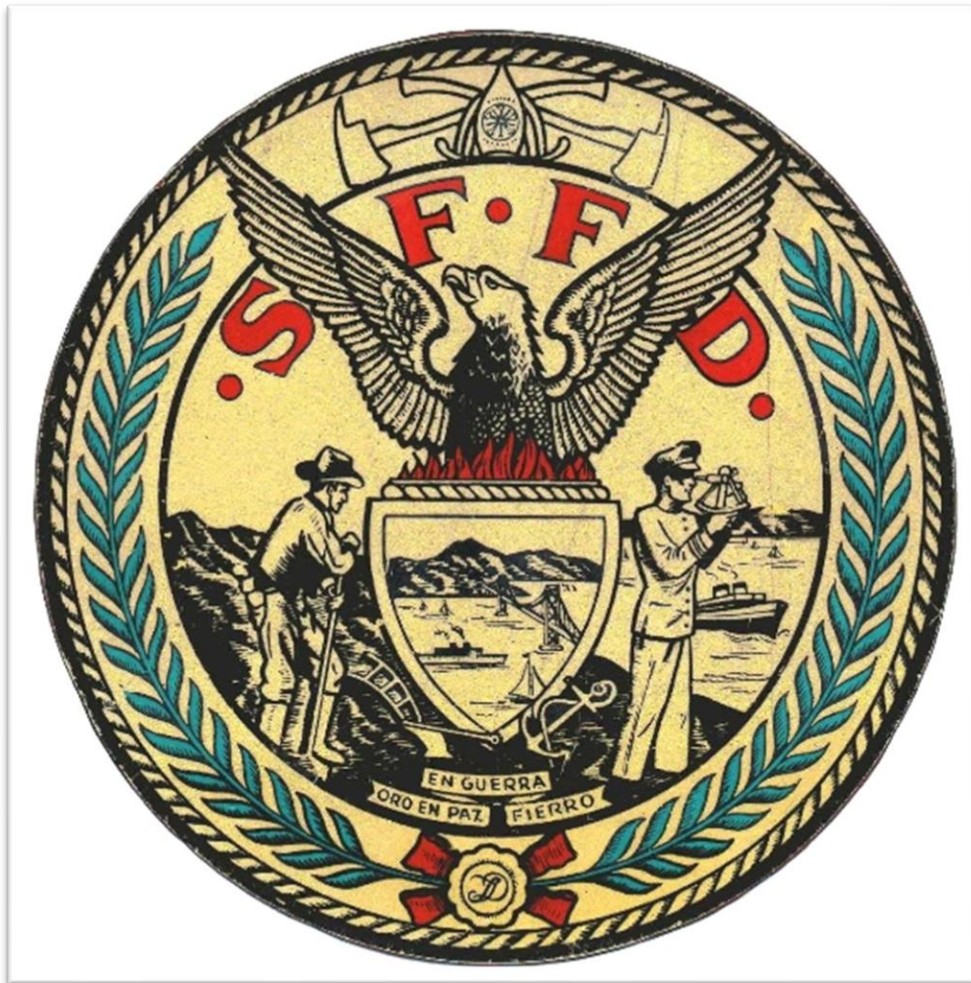

**Background Investigations**

Background investigations for the September H3L1 class have begun. Twenty two candidates have been selected for the background process. All H3L1 candidates will be using the new Medic Recruitment portal.

# Support Services

***Support Services – ADC Michael Mullin  
July 2024***

FACILITY MAINTENANCE & PLANNING (June Waechtler, SFFD)

- A total of 129 requests for service were initiated during the month of July, 2024.
- 92 service orders were completed and closed out in July, 2024.

**PLUMBING**

- Twelve (12) service calls were placed to resolve minor plumbing issues (faucet, toilet, urinal repairs; clogged sinks, shower drains) in the month of July, 2024. All issues were addressed by DPW's Plumbers.
- Four sewage backups were reported during this month (2, 10, 40 and 38).

**HVAC/HEATING/BOILER**

**FS 9:** ESTIMATES RECEIVED from DPW Steamfitters to replace 3 rooftop HVAC units: \$149,701.72.

Submitted approval to DPW/BBR to proceed with work as quoted. DPW Steamfitters submitted a quote for new equipment on 7/31/23. Equipment is due to arrive shortly. Given that FS 26's furnace install is nearing completion, DPW Steamfitters can start on FS 9's AHU replacement. Roof will be open for 1 week while sheetmetal is building curbs for the new units. Postponed until 1 week of clear weather is in forecast. Lift to remove old units off roof is scheduled for Monday, May 13. Curb adapters will be fabricated, and units will be set in place. 2nd lift TBD. Lift Review Meeting is scheduled for Friday, May 10th. Status Update: Old units were removed, and the curbs were fabricated. Lift to set new equipment was rescheduled to Monday, June 17th, 8:00 am. Steamfitters propose to complete gas piping and drains mid-July. Sheet metal will be done with the economizers and powered exhaust fans mid-July. Extra items that were not included with the unit: 1) Hail guard for the coils; 2) Exhaust extension piece to prevent flue gas from being pulled into the economizer; 3) a fuse block terminal at the power exhaust fan. These items were identified upon installation. *Status Update: Hail guards and flue extension pieces were delivered. Fuse blocks were installed for the power exhaust section. 2/3 units are started 1 remaining had a vent pipe that needed to be relocated for the power exhaust fan code clearance, which was completed by DPW plumbers. The exhaust fan on 1 remaining unit is ready to be installed and wired. Final walkthrough will be upcoming after completion.*

**FS 12:** Boiler re-pipe proposal. Received revised quote from DPW Steamfitters \$72,025.26. Approved by Support Services. *Status Update: Boiler re pipe has begun.*

**FS 13:** ESTIMATE RECEIVED for Furnace/Forced air units in dorm; price also includes replacing exiting ductwork: preliminary estimate \$80,000. Awaiting formal ESTIMATE from DPW/BBR. DPW's Steamfitters made a temporary repair, however 2/4 zones have bad heat exchangers and gas is locked out. Unit is working with temporary repair in place. Received estimate for \$104,888.00. Quote approved by Support Services. Waiting for labor availability and funding transfer. DPW Steamfitters are reviewing system operations of new units at St 26 then they will replicate system for St 13 as per discussion with Support Service's Assistant Deputy Chief and Stationary Engineer. Still discussing which units to purchase with SFFD Stationary Engineer. Waiting for equipment to be approved by Support

Services. Steamfitters also propose surveying the electrical panel as discussed with SFFD. *Status Update: Waiting for labor.*

**FS 14:** New pulleys, motors and belts were installed on the station's exhaust extractor system to improve intake. Fan not performing as designed. A rep from Nederman (manufacturer of the exhaust extractor) came on-site for inspection and recommended a different exhaust fan for the exhaust extractor. HVAC installation is complete. Nederman exhaust fan had to be replaced and has been ordered; ETA is 3 months. DPW Steamfitters are still waiting for fan procurement. Issued PO to Air Filtration on 5/25/23. New fan has arrived. DPW anticipates swapping out unit will take two men two days of labor to accomplish. Installation anticipated to be completed in January, 2024. Replacement fan arrived. *Status Update: Waiting for labor.*

**FS 22:** Re-circ pumps need to be replaced. DPW Steamfitters to conduct walk thru with Support Services then provide estimate for re-pipe. Moving forward with estimate for re pipe. *Status Update: SO # 2314145 was submitted to SFFD for approval to re-pipe boiler.*

**FS 23:** Heater in Officer's Room needs to be replaced including new t-stats, on-off switch. Drying Room needs new heater and exhaust fan. Modifying controls to include timer and on/off switch in or outside Drying Room. Waiting for quote from DPW's Steamfitters Shop for two heaters, one exhaust fan and the necessary control work. Quote received from DPW; in for ADC of Support Service's review. ADC of Support Services requested that a quote be provided just for the fan coil replacement. *Status update: Steamfitters propose to modify the existing estimate and resend mid-July. SO # 215449 was submitted to SFFD for the Officers Room heater replacement. Waiting on approval.*

**FS 28:** Flushed entire heating system and strainers of fan coil and air handlers; will replace 3 t-stats. Pump was replaced and 2 of the 3 T-stats have been replaced. The last of the 3 T-stats installed in March. New equipment is not syncing with older equipment plus multiple zones with inadequate heat. Additional control valves and thermostats are needed. Quoted 3 days labor plus \$3,000 parts which was approved by ADC Mullin. New thermostats and control valves have been received and need to be installed. Installation scheduled for mid-July. New control module was installed on air handler. T-stats and control valves still need to be added to the 4 heating zones. We are complete with 3 of the control valves and t-stats. Steamfitters need to install 2 more control valves (which were buried in ceiling). All new thermostats and control valves have been replaced. Additional issues remain: HHW pump is making grinding noise and control valves on the roof units are becoming severely compromised by exposure to the elements. DPW proposing to replace one pump and 2 control valves with weather shield for the roofing units. Waiting for equipment and labor cost estimate. The new pump and valves with the weather shield is \$4,600 installation will take approximately 2 men to install in two days. Approved by Support Services. Waiting for parts to be procured. Material is in, waiting for labor. New control valves were installed, and heat is on in the dorm and other areas of station. Insulating of rooftop is next. Steamfitters are monitoring the heating system's operations. Insulation on roof is complete. Still have one day of control wiring to complete on roof which will include adding a control box on the roof to fit the zone controller. DPW will schedule labor for 1 day to clean up the exposed control wire on the roof after HVAC start up at St 9. *Status Update: Currently waiting for labor.*

**FS 37: RADIATORS** It was discovered that 17 radiators need new valves to control on/off. Nine (9) units do not work. Waiting for proposal to change out all valves. Drying Room Heater needs a 3-way valve and an outdoor air override that needs to be installed. Proposing two men to take nine (9) days, plus \$3500 in parts. The heat is on in the Station and the new program settings are adequate to get through the winter. Work will need to be done when they are

permitted to shut Boiler down for a few days. Waiting for formal quote to be sent to ADC Support Services for sign off. Status Update: *Deferred.*

**FS 39** Submitted request to Bureau of Forestry to provide report on the vitality of the large trees that incorporate landscape at FS 39. Status Update: *Sent follow up email to BUF.*

**FS 41:** Boiler controls proposal. Received revised quote from DPW Steamfitters \$23,559.83. Approved by Support Services. Order of new relays and wire has arrived; DPW will schedule labor to replace contactors and relays in the control panel. Status Update: *Waiting for labor.*

**FS 43:** DPW Steamfitters are investigating intermittent heat issues on 1st Floor. Waiting for findings. There is an existing radiant heating system on the 1st floor of the Station. Steamfitters are proposing to see if they can repair system which could resolve the heating issue. Steamfitters advise if unit is not repairable, they propose designing a new heating system for the 1st floor. Status Update: *Project under consideration by Support Services.*

#### CEMENT/ASPHALT

No major cement issues were reported.

#### EXHAUST EXTRACTORS

FS 33 and 2 reported issues with their Station's exhaust extractors. FS 23 and 18 reported issues with station's exhaust extractor previously. Waiting for quotes from vendor who will provide specialized fabrication. Received quotes which includes stainless steel exterior fans to prevent premature rusting. Processing purchase orders. Status Update: *Waiting on delivery dates.*

#### GLASS/WINDOWS/SCREENS

No major glass/window/screens issues were reported.

#### CARPENTRY

No major carpentry issues were reported.

#### ELECTRICAL

No major electrical issues were reported.

#### LANDSCAPING

Requested DPW/Bureau of Forestry to perform site inspection of the trees surrounding FS 10 (over 80 trees in total) to determine if any were diseased, at risk of toppling, etc. Site inspection was performed; waiting for a written report on findings but nothing needed immediate attention. A site visit with BUF on May 11th revealed that several trees need significant pruning and thinning. Waiting for written estimate for tree trimming. Received estimate to remove large overlapping branches that overhang station parking lot, back of building plus work to include elevating branches over sidewalk and parking spaces: Crew of 5 for 3 days \$20,959.34. All 80 plus trees are within the Fire Department's property line and are not funded for maintenance through the Public Works Street Tree SF Program, therefore, we are responsible for all maintenance. Forwarded estimate to CFO to schedule work for next fiscal year. Next trim should be scheduled within the next 3-5 years. ADC of Support Services will meet with CFO in August to discuss this FY's budget and determine how to proceed. Project on hold as other more pressing issues must take precedence. Status Update: Received approval for funding. Waiting for labor availability. Status Update: *Work completed.*

**E.S.E.R.—Emergency Firefighting Water System (EFWS), SFPUC**

- Clarendon Supply EFWS Pipeline – Construction reached substantial completion January 2024. Continued to address closeout items, expected final completion by Fall 2024.
- Fireboat Manifold – Planning for new pipeline and fireboat manifold near Fort Mason Pier 2 and Pier 35.5 for fire suppression continued.
- Potable Emergency Firefighting Water System (PEFWS) project – Design for Contract A (from Lake Merced Pump Station to Sloat Blvd/19th Ave) and Contract B (from Vicente Street / 23rd Ave to 42nd Ave / Lawton St.) continued.

E.S.E.R. BOND 2010 NFS – Updates through July 2024

**Additional Focused Scope Program (Michael Rossetto, San Francisco Public Works):**

**Emergency Generators:**

- o **Fire Station 14** – Moved to ESER 2014 section

E.S.E.R. BOND 2014 NFS – Updates through July 2024

**Seismic Improvement Program (Magdalena Ryor, San Francisco Public Works):**

• **Fireboat Station 35 (\$50.5M)** – Certificate of Final Completion was issued on November 11, 2022. Final Payment Application to Swinerton/Power, JV was approved on 7/10 followed by the final release of retention on 7/12/2022. Project is in the Warranty Period.

[M. Rossetto] FS35 Security gate enhancement has emerged as a high priority for SFFD. Permit applications have been submitted to both BCDC and the Port. BCDC comments have been received and responses underway. 6/26/24 BCDC states that the permit application is complete and that their deadline is now 9/24/24 to issue the amendment. However, BCDC has committed to issuing a draft amendment for review by the end of July.

**Focused Scope Program (Michael Rossetto, San Francisco Public Works):**

*Total Funding allocated for the Focused Scope Program is \$21,407,279, approved by SFFD on 8/17/17. Work is complete in 8 of 9 of the Focused Scope categories comprising Roofing, Apparatus Bay Door Replacements, Exterior Envelope Improvements, Windows, Showers,*

*HVAC/Mechanical, Sidewalk/Slabs, and Security Access Control. Work continues to progress through the last scope category, Generator Replacements.*

### **Emergency Generators:**

- **FS 2** – Scope of work: replace existing rooftop generator set, structurally strengthen roof structure to support new fuel tank with capacity for 72-hour run time and provide new fuel fill port and piping to generator.  
*This project is complete.*
- **FS 19** – Scope of work: replace existing generator at grade and replace main electrical panel. Construction phase review of submittals underway with the contractor MIK. DPW-BUF contacted to review health and pruning/removal needs of trees adjacent to the fire station. BUF agrees that the large tree adjacent to the generator is not healthy and should be removed. SFFD agreed to move forward with the BUF fee proposal. The tree removal is to be scheduled for the fall.
- **FS 14** – Scope of work: replacement of existing generator with new rooftop generator, new subgrade fuel fill port at the sidewalk in front of the station, and new fuel piping from sidewalk to generator.
  - DPW-BOA has been approved to re-initiate the project with a concepts phase to validate changing the generator from a rooftop to a ground-mounted location that will be fuel-filled by hand in lieu of piped. The concepts drawing was delivered to SFFD on 4/29/24 and approved. DPW held a design review with the new SFFD Captain and is waiting SFFD direction to move forward with redesign. On hold.
  - Design proposal from BOA submitted to BPM may need revision pending SFFD direction.

### **Exterior Envelope:**

- **Package 1 (FS 8, 20, 23, 29)** – FS 8, 20, and 29 are complete; On 1/15/21, SFFD requested a hold on FS 23 painting due to other priorities.
- **Package 2 (FS 24, 34)** – This project remains on HOLD initially placed at the request of Capital Planning in order to provide supplemental funding to the Police TC&FSD project. It is now expected that those funds will be returned to the SFFD for allocation to a priority project, possibly FS24 and/or FS34.
- **FS 17 & 31** Exterior Envelopes were requested as new projects by SFFD in August 2023, both as lower priorities. These were approved by the Capital Planning Committee for use of ESER 2014 interest. A waterproofing consultant is recommended to determine corrective measures and potential costs.

### **Miscellaneous:**

- FS35 Security Fence Enhancements, FS17 Boiler Replacement & FS 29 Apparatus Bay Door Replacement were requested as new projects by SFFD in August 2023. These are ranked as the highest priority (most urgent) projects after the Network Modernization project.
- **FS 35** – See Fireboat Station 35 description.

- o **FS 17** – Boiler Replacement ON HOLD per SFFD 12/12/23 email.
- o **FS 29** – Apparatus Bay Door Replacement: JOC fee proposal from Rubecon was received, reviewed, and approved. Kick off meeting with Rubecon held on 6/13/24 and the submittal phase is nearing completion. A 60-day door lead time is anticipated.
- o **DOT/FS 7** Railings: Permitting and submittals in process.

**Network Modernization Project (Michael Rossetto, San Francisco Public Works):**

Survey existing network infrastructure and document recommended improvements at all fire stations. The hazardous materials survey consultant EnviroSurvey completed all stations in June 2024. Lab test results show eight stations require asbestos abatement. Two draft JOC fee proposals were prepared by MIK Construction and both were over the \$1M threshold. DPW is working with MIK to reduce the fee.

E.S.E.R. BOND 2020 NFS – Updates through May 2024

**Division of Training – Formerly “Fire Training Facility” (Scott Moran, San Francisco Public Works)**

*3D Massing Diagram – Exterior Building Treatment Rendering*

**Budget:** \$275M

**Phase:** Design (Schematic Design)

**Schedule:**

- Estimated Start of Construction – Fall 2025
- Estimated Substantial Completion – Fall 2028

## Highlights:

- Design workshops with SFFD continued into July, helping to further define the proposed layout, features and functionality of buildings in the Scenario District (training buildings).
- Several exterior building treatment concepts were developed and reviewed in July by SFFD, settling on one unifying approach for the Carroll Street frontage.
- Site layout designs continued to be refined in July, ultimately finding a balance to meet stormwater management and site circulation needs while also preserving SFFD priorities: 1) vehicle cones course layouts, 2) Maximized parking capacity and 3) Flexible use areas (rubble pile, growth, etc.).
- SFPUC negotiations continued in July relative to coordination with major underground wastewater utilities running under the site A design update with SFPUC on 7/15/24, identified key areas that will require follow up with dedicated meetings in August, including soil retention strategies and stormwater management.
- A revised proposal was received from WSP and agreed to with Planning, to have WSP begin review of the draft report of SCS Engineers' smoke study that was completed earlier this year. Review should begin in August.
- 100% Schematic Design Drawings will be completed in late August (8/23/24) and will be sent to the estimators for a detailed design progress estimate check continuing into September.
- A combined RFQ and RFP (Request for Qualifications & Request for Proposal) for Construction Manager/ General Contractor services is being reviewed with Contracts Monitoring Division, PW Contracts and City Attorney's Office. Goal is to release for bid by mid-September.

## Fire Station 7 Replacement (San Francisco Public Works)

**Budget:** Expected budget of the Fire Training Facility does not create funding opportunity for the FS 7 project

**Phase:** N/A

**Schedule:** N/A

**Highlights:** N/A

P.H.S. BOND 2016 NFS – Updates through July 2024

The total funding allocated for Neighborhood Fire Stations is \$9.1M.

## **Seismic Improvement Program (Michael Rossetto, San Francisco Public Works):**

**Hose Tower Removal & Roofing (FS 6, 11, 12, 21, 38) – Complete.**

**Hose Tower Removal & Replacement (FS 15) –**

December 2023 JOC fee proposal was received and is in excess of the \$1M threshold. Design-bid-build will be pursued, adding approximately 6 months to the start of construction. SFFD has requested minor design changes with the addition of electrical outlets and a ship's ladder in lieu of a vertical ladder to the roof. BOA has met with SFFD to review design changes. An on-site meeting occurred with the radio Shop to determine replacement of antennas currently mounted on the existing tower. BOA will revise the drawings for final draft review with SFFD. BOA is producing fee proposal inclusive of structural and electrical for the SFFD requested changes.

**Focused Scope Program (Michael Rossetto, San Francisco Public Works):  
Emergency Generators:**

**• FS 37 & 44:**

- On-site construction activity began the week of April 22, 2024.
- Load bank delay from manufacturer until August 2024. The generators are at a Stockton facility waiting for load bank installation prior to site delivery.

**• FS 18:**

- SFFD requested a cost proposal to change the generator housing to aluminum. SFFD agreed to the aluminum upgrade.
- JOC fee proposal received and approved.
- Authorization to proceed with JOC received from the SFFD on 6/4. NTP for construction anticipated in mid-July.

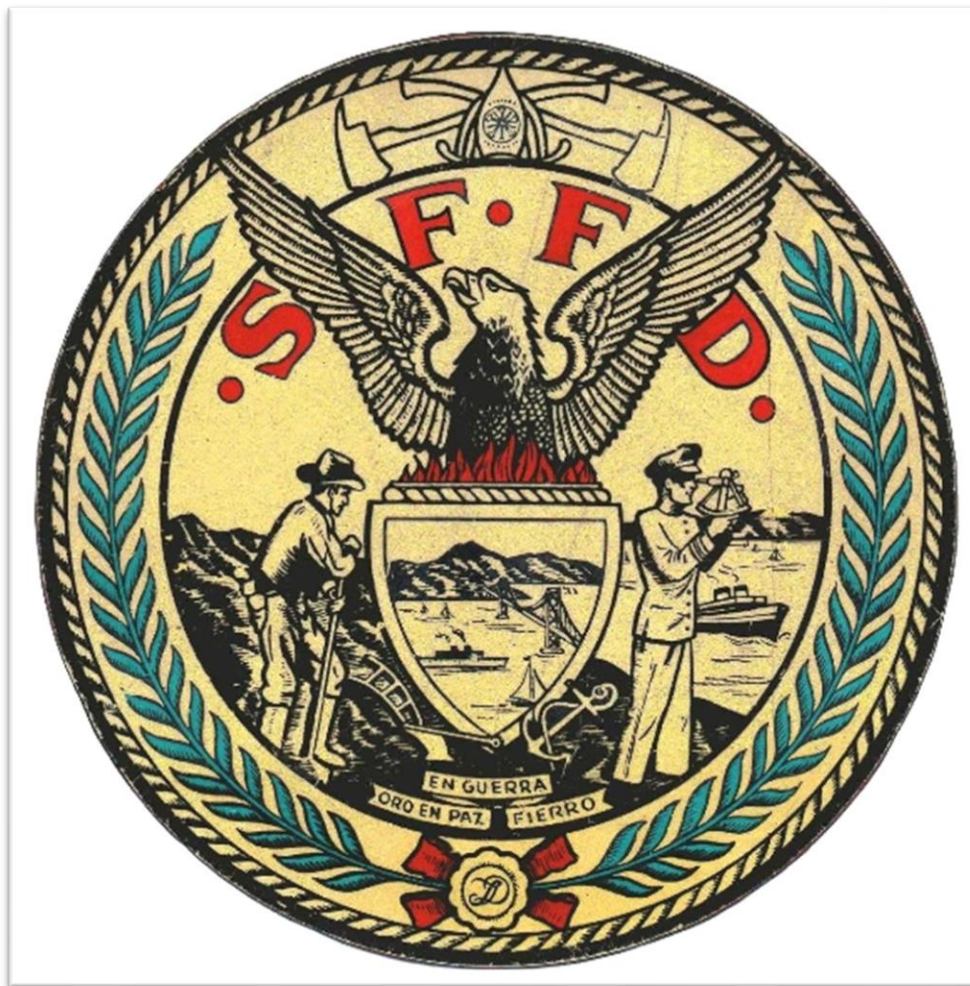

**DEPARTMENT ENGINEERING (Stationary Engineer Avo Sarkissian, SFFD)**

- Ongoing and routine maintenance at Fire Stations, HQ and ADF.
- Funds have been transferred to SFWD for replacing HQ main water back flow device. No date has been set for install.
- HQ Elevator modernization quote was submitted to CFO for viewing.
- Station 2 sewage ejector pump upgrade were completed. DPW plumbers need to return due to one faulty pump. The replacement pump has been ordered no date has been set for repair.
- Station 17 Boiler replacement cost proposal from outside vendor was received and forwarded to ADC's.
- Station 9 HVAC replacement units have been received. Work is 95% completed
- DPW Painters have completed painting and patching interior walls throughout headquarters.
- DPW Plumbers will repair a section of underground gas piping at station 18. No date has been set to begin.
- Station 40 main sewer line clean out was dug out and replaced
- Station 34 men's and women's shower stalls were replaced

**BOE/FLEET MANAGEMENT (Lt. Jason Watrous, SFFD)**

- New Division buggy 2023 Tahoe put into service
- Repurposed 2020 Tahoe given to Battalion 4 and put into service
- Took delivery of new arson truck, 2024 Dodge pickup. working on specification's-with arson.
- New Toyota Camry received and in service for prevention.
- Unwanted sprinter van from CP division repurposed for in service training, EMS.
- Outfitted 2 relief pumpers with 1000' of 3" hose and 600' of 1 3/4" hose. We now have 3 relief pumpers in the fleet outfitted with hose. This will make changing over much quicker and provide essential hose for disaster preparedness.

# Earthquake Safety and Emergency Response (ESER) Bond

***Earthquake Safety and Emergency Response (ESER) Bond***  
***Assistant Deputy Chief Garreth Miller***  
***July 2024***

**New SFFD DOT Construction**

- Schematic Design continued with workshops developing all the building floorplans, site landscaping and building exteriors
- SFFD hosted a DLR, the executive architecture firm, visit to TITF for staff members who are not working on the DOT project to learn more about it
- Public Works reports that actual spending on the project increased from \$6,438,488 to \$6,904,998

**Emergency Firefighting Water System**

- TI EFWS – Manifold is unable to pass acceptance test due to leak in nearby valve, developer and PUC working to resolve
- Pump Station 2 – The bay intake pipe isolation system has been designed and now must be fabricated and installed so that the silt in the intake pipe can be removed

**Bay Bridge Hydrant System**

- SFPUC advised that repair of the hydrants on the eastern span of the Bay Bridge will be completed as a capital project with a two-year estimated completion time

**Fire Station 35 Security Fence Improvements**

- San Francisco Bay Conservation and Development Commission is reviewing the permit request
- SF PORT will issue a permit after the \$12,402.03 fee is processed

**Network Modernization Project**

- Hazard Survey reports completed
- Public Works is negotiating with the selected contractor to reduce proposal costs so that the work can be completed under a Job Order Contract
- Department of Technology, Outside Fiber Team has completed work on two of the nine rings of fiber optic connections

**Neighborhood Fire Stations**

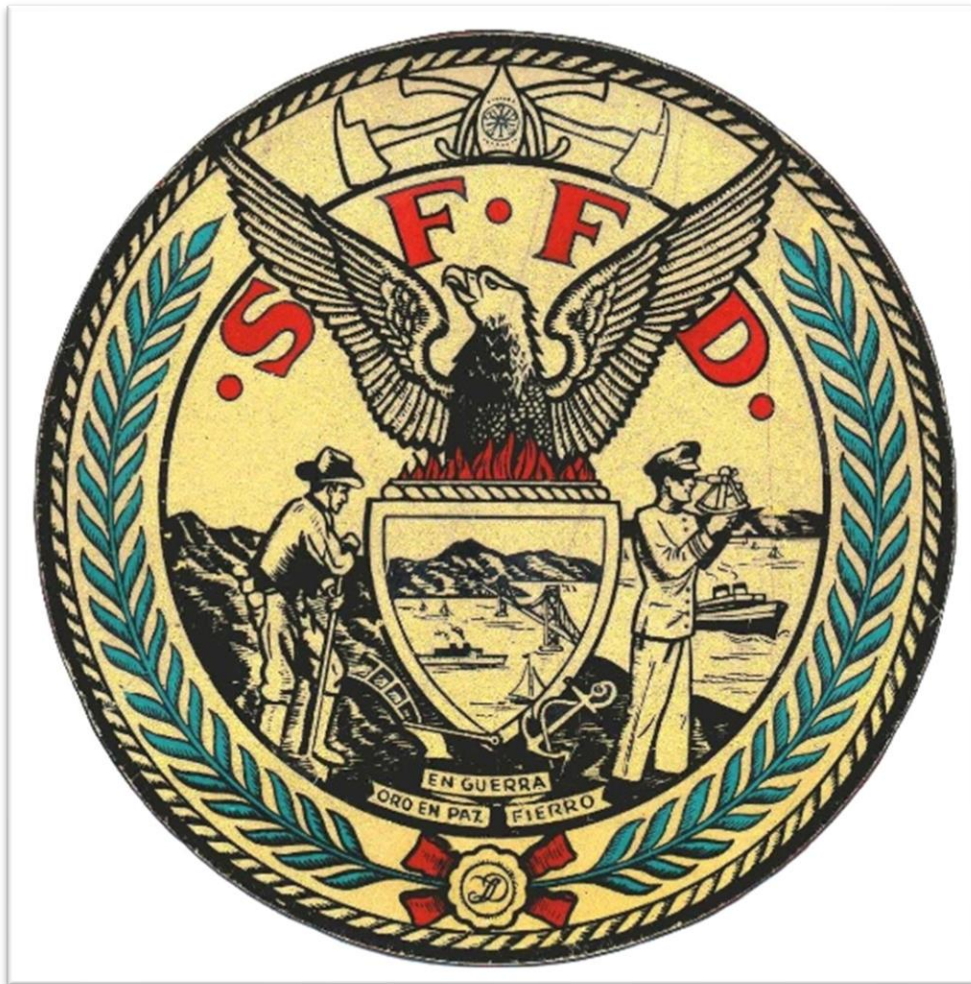

- FS 37 and 44 – Remediation of the concrete pads that were not built to specification is complete, replacement of automatic transfer switches is in process
- DOT Fire Escape Railing Upgrade - Contractor to mobilize and begin work in August

**FY24 Roofing Program**

- Fire Station 9 Roof Replacement – roofing consultant is developing construction documents

# Public Information Office

***Public Information Officer  
Capt. Jonathan Baxter  
July 2024***

PIO Incidents: 193	Interviews: 197	Events: 60
--------------------	-----------------	------------

**Operations:**

July 2024 was a significant month for San Francisco, as it experienced a record heat wave. With its proactive approach, the PIO Office was well-prepared with social media messaging and a coordinated series of releases with DEM and DPH on ways to 'beat the heat.' The PIO also took the initiative to reach out to multiple media outlets to educate the public on heat illnesses and prevention, emphasizing the importance of community awareness. These messages were disseminated across numerous TV stations and radio channels, catering to a diverse audience. The 4th of July holiday, which typically sees an increase in fireworks-related incidents, was also handled with the same proactive approach, ensuring the public was well-informed and prepared for potential risks.

Despite the barrage of negative comments and media following a news story about SFFD members, the PIO responded with utmost thoroughness and diligence. This triggered the Community Standards document and policy, which required all comments to be screened for threats. Thousands of social media comments, posts, and replies were reviewed and reported as necessary. This practice alone required hours per day over 11 days and continues to a lesser extent as it cannot be automated. It also triggered the turning off of comments on posts to limit comments that violate our community standards policy. The PIO's unwavering commitment to maintaining community standards should reassure the public of our dedication to safety and respect.

**Events and Community Engagement:**

Continued participation in Community Outreach Events remains mainly a reporting element instead of a participatory element. This continued divestment allows the PIO Unit to focus on messaging, branding, and Information requests. In contrast, CORE members can focus on events and spread fire safety information, and having multiple units coordinate events delayed participation by all.

**Training:**

PIO members took online courses on duty on community engagement, public speaking, and crisis communications. The PIO team also researched and educated themselves on the Grants Pass decision and many political issues impacting the City and society.

**Equipment:**

The PIO office is still awaiting a decision on the branded backdrops mentioned last month. Most interviews have transitioned to remote setup, and in addition to lighting and sound equipment, the PIO Office intends to deploy branded backdrops for events and interviews to further the unit's messaging.

PIO Buggy windshield wipers still do not work, but we maintain this vehicle daily to ensure our readiness.

**Technology:**

We continue to work with MMS to improve our ability to provide live streaming at events and, eventually, incidents if needed. The PIO unit does not have the hardware to transmit live feeds reliably nor the personnel available to deploy multiple cameras, monitor feed status, and emcee an event.

**Facility:**

Members cleaned Station CQ (870 Bush) again this month. DPW replaced the “No Parking Fire Station” signs. We have had no intruders this month.

**Recommendations:**

We recommend that when a committee, bureau, division, group, or entity has an event such as training, community engagement, drills, or noteworthy gatherings, a calendar invite in Outlook be sent to the PIO so we can be aware of it, help with media if needed, and cover the event if required, among many other benefits.

We recommend adding two more suppression-level backup PIO members (preferably from MMS) to the unit.

**Targeted outreach**

TOP CONTENT LAST 12 MONTHS

Early on scene the PIO was able to capture this dramatic smoke column and SFFD apparatus at a fire just up the street from Station 41. This short video was used by local media outlets for the midday and evening news feeds along with other videos from the scene. This video has received more views and shares faster than any other content in channel history.
