

San Francisco Fire Department

**Deputy Chief of Administration
Shayne Kaialoa**

**Fire Commission Report
September 2024**

Glossary of Terms

5/5	Out of service/Out of order
300A Form	OSHA Summary of Work-Related Injuries and Illnesses
3807 Event	Injury Report - did not require medical treatment
5020 Event	Injury Report - required medical treatment
ACLS	Advanced Cardiac Life Support
ACS	Auxiliary Communications Service
ADF	Ambulance Deployment Facility
AHIMT	All Hazards Incident Management Team
AOA	Airfield Operating Area (secured airfield area)
APEC	Asia-Pacific Economic Cooperation
ARFF	Aircraft Rescue Firefighting (airport apparatus used on the airfield for fighting aircraft incidents)
AWSS	Auxiliary Water Supply System
BAAQMD	Bay Area Air Quality Management District
BATEP	Bay Area Training & Exercise Program
BAUASI	Bay Area Urban Areas Security Initiative
BBR	Bureau of Building Repair (Department of Public Works)
BHU	Behavioral Health Unit (formerly known as the Stress Unit)
BLS	Basic Life Support
BOE	Bureau of Equipment
BUF	Bureau of Urban Forestry
CA TF3	California Task Force 3 - Urban Search and Rescue
CERS	California Environmental Reporting System
CIRT	Critical Incident Response Team
CJAC	California Fire Fighter Joint Apprenticeship Committee
COES	California Office of Emergency Services
DBE	Design-Build Entity
DBI	Department of Building Inspection
D & D	Doffing and Donning
DEM	Department of Emergency Management
DOC	Department Operations Center
DOC	Daily Operational Check
DOT	Department of Training
DSCA	Defense Security Cooperation Agency
DWC	Division of Workers Compensation
EAP	Event Action Plan for Planned Events
EAP	Employee Assistance Program
EFWS	Emergency Firefighting Water System
HER	Electronic Health Records
EHMR	Elastomeric Half-Mask Respirator
EMS PIP	EMS Performance Improvement Plan
EOC	Emergency Operations Center
EtOH	Ethyl Alcohol
FAR	Federal Aviation Regulations (FAA guidelines for operating)
FDOC	Fire Department Operations Center

FFCCS	Fire Fighter Cancer Cohort Study
HAZWOPER	Hazardous Waste Operations and Emergency Response
HPH	High Pressure Hydrant
HRET	High Reach Extendable Turret (piercing nozzle on ARFF rig)
HSS	Health Service System
IAFF	International Association of Firefighters
IAP	Incident Action Plan
IPSDI	International Public Safety Data Institute
JOC	Job Order Contracting
LARRO	Low Angle Rope Rescue Operational
LODD	Line of Duty Death
MCI	Multi Casualty Incident
MEP	Mechanical, Electrical and Plumbing
MSE	Minor Sidewalk Repair
NCRIC	Northern California Regional Intelligence Center – member of the National
NFA	National Fire Academy
NFORS	National Fire Operations Reporting System
NIOSH	National Institute for Occupational Safety and Health
NTP	Notice to Proceed
OES	Office of Emergency Services
OFA	Opportunities For All
OOS	Out of Service
ORD	Outreach, Recruitment and Development
PSS	Peer Support Team
PX Members	Probationary Members
RC	Rescue Captain
RS	Rescue Squad
SCBA	Self Contained Breathing Apparatus
SFIA	San Francisco International Airport
SPCC	Spill Prevention Control and Countermeasures Plan
SWOT	Strengths, Weaknesses, Opportunities and Threats
TDA	Tractor Drawn Aerials
TITF	Treasure Island Training Facility
USCG	United States Coast Guard
US&R	Urban Search and Rescue
UST	Underground Storage Tank
VAR	Vehicle Acquisition Request
WDO	Working Day Off
WOW	Wellbeing at Work
WMD	Weapons of Mass Destruction

Homeland Security

***Homeland Security
ADC Erica Arteseros Brown
September 2024***

Meetings/ Events/ Training & Exercises Attended

- SFFD
 - CD1 High Level meeting
 - CD1 Quarterly Check-in
 - HS1/CD3 weekly meetings
 - Fire Commission Meetings
 - Chinatown Night Out
 - 9/11 Remembrance

- Training & Exercise
 - Oil Spill Boom refresher training with CA Dept. of Wildlife deploying gear from supply trailer at ST35.

- CCSF
 - Transportation Workgroup
 - Portola Festival Agency meeting
 - Lifelines Council Meeting
 - Disaster Council Meeting

- Department of Emergency Management (DEM)
 - National Weather Service Briefing and Coordination for heat wave

FEMA CA-TF3

- Search Canine Unit
 - Monthly Drills
- Rescue/Hazmat/Logistics/Comms specialists
 - Monthly drills
 - BLUE team on standby

IMT/Mutual Aid/Disaster

7 members deployed in various overhead positions to support wildland fires

Federal Department of Homeland Security/United States Secret Service (USSS)

- VPOTUS visit planning meeting and support coordination

US Coast Guard

MOU for SFFD coverage of assets at Coast Guard Sector San Francisco sent to City Attorney for review

Fleet Week

- DSCA* Exercise Planning meeting
- Fleet Week overall planning meeting
- Communications Exercise planning meeting

Urban Area Security Initiative (UASI)

- Pre-approval authority meeting
- Approval Authority Meeting
- Community Preparedness Focus Group
- Emergency Management Workgroup meeting
- Training and Exercise Workgroup meeting

Incident Management Team Development:

- EAP preparedness for Fleet Week

Drone Program

Awaiting arrival of new drones

NCRIC (Northern California Regional Intelligence Center):

- Lt. Mauberret NCRIC update report
- SAR (suspicious activity report) reporting and review of alerts
- Situational Awareness Distribution to EAP Group

Major Incident Planning

- NBA Allstar Game 2025
- Superbowl 2025
- World Cup Soccer 2025

On-going Coordination/Projects:

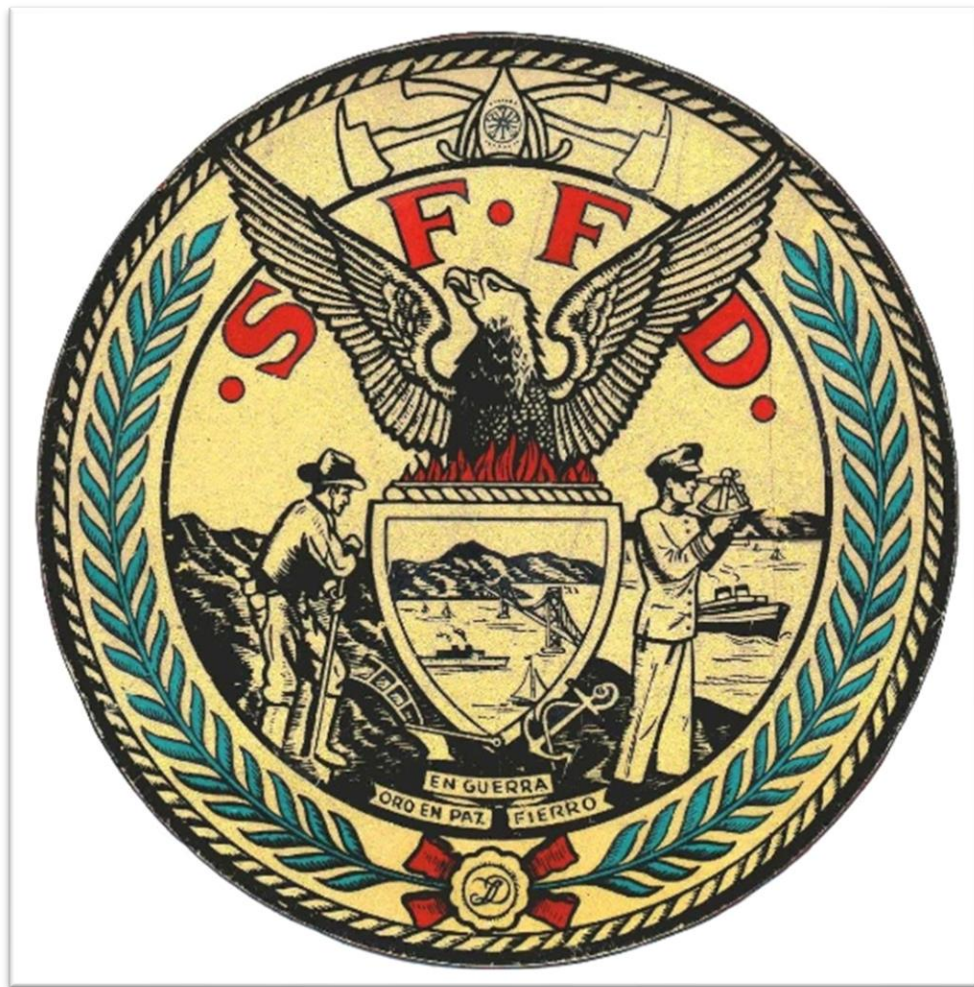

- Disaster Manual updates & Disaster Checklist Project ongoing- Committee Chair coordination
- UASI grants management
- FDOC
 - Maintain situational awareness
 - Submit for technical repairs through MIS

- SFPD Operational Orders distribution

Event/Incident Action Plans (EAP/IAP) Completed:

- Portola Music Festival
- USSS VPOTUS visit

Diversity, Equity, Inclusion

Diversity, Equity, Inclusion Office
ADC Shon Buford
September 2024

Recent ORD Activity – September 1 - 30, 2024

Lt. Hashim Anderson, FF Ariana Wilson

135 Recruit Academy

- 135 Bootcamp – Invite final candidates for the 135th Recruit Class to TITF for the one-day bootcamp
- Review bootcamp results and make final selection for the 135th class

135 Recruit Academy

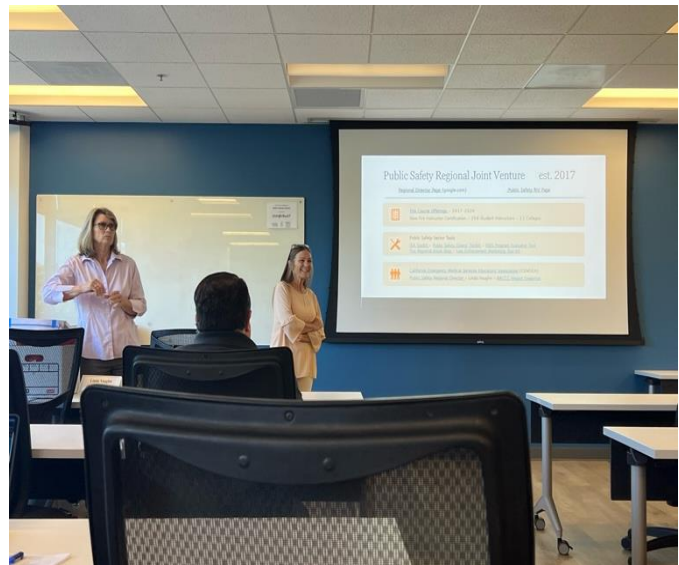

- Continue Recruitment of candidates from the FCTC SEL candidates
- Coordinate with DHR and FCTC to establish the next H2 Eligible List
- Secure location to conduct preliminary panel interview.

SF Gov TV Video Projects

- Chief Gordon & Jen Low from SF Gov TV filmed H3 EMT Clark for EMS video
- SF Gov continue editing Engine and Rescue Squad video
- Prepare script for Truck video

Bay Area Public Safety Regional Joint Venture All Discipline

- Meeting of local public safety programs
- Review priorities for 2024/25
- Update on legislation impacting training programs and public safety organizations

FCTC Written Test Class

- Schedule written and practice tests with FCTC at the DOT for the 136th recruitment cycle
- Pull the FCTC SEL and begin recruiting from the list

SFCC

The San Francisco Conservation Corps underwent new leadership since the first wildland firefighting training cohort in January 2024. The team that Chief Siguenza and I established this program is no longer working with the SFCC. The training was originally scheduled for the week that the Recruit Academy was scheduled to be at 19th and Folsom in August. With the new leadership in place, there were some continuity issues with what was needed in order for us to conduct this training.

The training was rescheduled for the week of September 23. Due to this change, we were not able to conduct the training at TITF. The SFCC secured the Mid-peninsula facility for us to use. Chief Siguenza and myself drove down to San Mateo for the training on the 23rd. On the 23rd, we provided classroom instruction along with Skills Training.

The SFCC lacked the required equipment necessary to continue the second cohort on day 1. Chief Siguenza and I made the executive decision to finish out the day but canceled the training for the rest of the week. I followed up with an email to clearly communicate to the SFCC what is required from them if we were to continue this partnership.

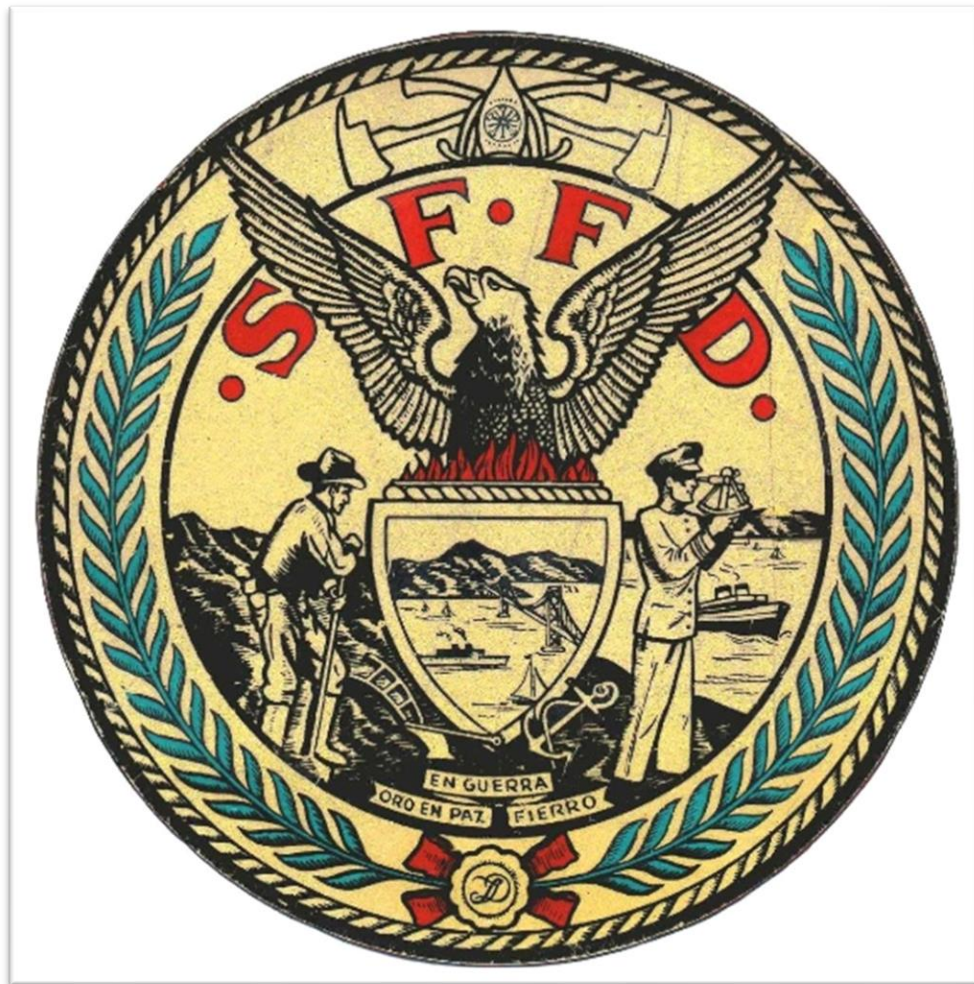

NorCal WFS What Now/What's Next

- Firefighter Wilson attended the NorCal Women in Fire Service
- Provided Recruitment Information on the SFFD

Richmond Autumn Moon Festival

- Firefighter Palm-Song attended the Richmond Autumn Moon Festival

Health, Safety and Wellness

Health, Safety and Wellness
BC Matthew Alba

Commission Meeting Report for Health, Safety, and Wellness September 2024

Every Monday:	Meet with BHU Captain Buren
Every Tuesday:	Meet with Chief Kaialoa
Every 2 Weeks:	Working Group on Wildland and WUI Respiratory Protection
Every 2 Months:	Rep. Chief of Dept in Family Violence Council Meeting
3 rd Tuesday:	Health and Safety Committee Meeting
3 rd Wednesday:	SF First Responder Peer Support Advisory Committee
3 rd Thursday:	San Francisco Firefighters Cancer Prevention Monthly Meeting
4x/year:	Fire Fighter Cohort Cancer Study: Women Firefighters Quarterly Meeting
Every Friday:	Follow up with members on DP, retired members and others who have cancer

- **UPDATE:** As part of our commitment to the health and wellness of all SFFD personnel, we have been collaborating with Local 798 to provide **cancer screenings** for our active and retired members.
 - While this partnership is crucial and has had a positive impact, I respectfully submit that the responsibility for providing these essential services should rest with the City, not solely with Local 798.
 - United Diagnostic Services (206 Members Interested) (Ultrasound) \$325 Out of Pocket Expenses (OPE)
 - Prenuvo (166 Members Interested) (MRI) \$2499 Full Body; \$1799 Head & Torso Scan; \$999 Torso Scan (OPE)
 - Lucid Diagnostics (271 Members Interested) Esophageal Cancer Screening - Free w/ Insurance
 - FF Cancer Support Network - (273 Members Interested) (Melanoma Skin Checks) Free
 - Location of event:
 - SFFD L798 Union Hall, 325 Newhall St, San Francisco, CA 94124
 - Dates of event:
 - November 4th through 6th - Lucid Diagnostics
 - November 9th and 10th / 16th and 17th - FF Cancer Support Network
 - November 12th and 13th - Prenuvo and United Diagnostics
- **NEW:** SFFCPF / UCSF 2024 Firefighter Infrared Hyperthermia Study with UCSF
 - Researchers at the UCSF Osher Center for Integrative Health are conducting a study to determine if infrared sauna treatment can lead to the excretion of environmental toxins in sweat and urine among firefighters.

- Specifically, Drs. Leena Pandya and Ashley Mason will test whether a 60-minute infrared sauna session can lead to the excretion of harmful substances that firefighters are exposed to in their line of duty.
- By analyzing sweat and urine samples before and after infrared heat treatment, the study seeks to identify the potential for infrared sauna as a preventive health measure for firefighters.
- This study is in preparation and more information will follow shortly.

- **UPDATE: Sulforaphane Study**
 - The 48 Participants have started the study, on September 28.
 - All 96 Participants will have their second and final blood draw in early January 2025.

- **UPDATE: IAFF PFAS-Free Turnout Study**
 - PHASE III – Durability Test
 - Shipping to North Carolina to undergo further analysis
 - We should be making the SFFD decision shortly

- **BHU UPDATE:**
 - Working with EMS to do Suicide Awareness Month
 - Academy of Art Students will be at Chiefs Residence (870 Bush) - on 10/11 giving presentation of their vision and receive feedback, then 10/23 final projects will be presented.
 - Submitted a “BHU Rules of Engagement” to administration for review and feedback
 - BHU **50** Contacts for the month of September

*Behavioral Health Unit
Captain Heather Buren*

Meetings/ Events/ Training /Analytics

- **Lighthouse Wellness App Monthly Check** – The mission of Lighthouse Health & Wellness is to ensure that every public safety agency in the nation is able to provide its employees and families with sustainable, confidential and anonymous access to first responder-focused health and wellness resources. See analytics on App below.
Lighthouse Wellness App - 406 new users since September of 2023

- **First Responder Peer Support Advisory Committee-** BHU meets with SFPD, Sheriffs and Dispatch behavioral health teams for discussion, problem solving, inter-agency support and sharing of resources. We all meet monthly.

- **SFHSS ComPsych monthly Specialty Provider Meeting:** First responder behavioral health groups meet with EAP Counselors and SFFHSS Wellness manager to discuss issues and answer questions for our Specialty Providers

- **BHU Collaboration with Office of Employee Health:** BHU is working on a Family Planning/Maternity Resource Guide for Department members and wanted to get feedback and assistance from the OEH, been meeting monthly on issues we intersect each other. The communication and support between our two teams is fantastic!

- **Outreach meeting with Kaiser:** BHU attempting to connect with outreach coordinators and learn how to support our Kaiser members find mental health treatment and providers quickly.

- **Transcendental Meditation** weekly meeting: TM Pilot program sponsored by the David Lynch for SFFD members. 20 members trained in the TM tech. Group created a weekly meeting to sit together.

- **Historic Fire Chief Residence “Healing Garden” Project:** Collaboration with the Academy of Art University, School of Landscape Architecture. After the first month of classes, the project is underway. Preliminary proposals presented and the final projects presented.
Commissioners welcome to join.
Date: October 23rd
Location: Division of Training, Folsom ST, main classroom
Time 10:00-12:00.

- **BHU Lecture Series-From Struggle to Support: Recognizing Mental Health Challenges**

Raj K Kalapatapu, MD, PhD, is an Associate Professor of Psychiatry at UCSF. Dr Raj, who specializes in addiction medicine and mental health, will present an in-depth session on mental health disorders affecting first responders. The focus will be on **bipolar disorder, depressive disorder, anxiety disorders, OCD, and PTSD.**

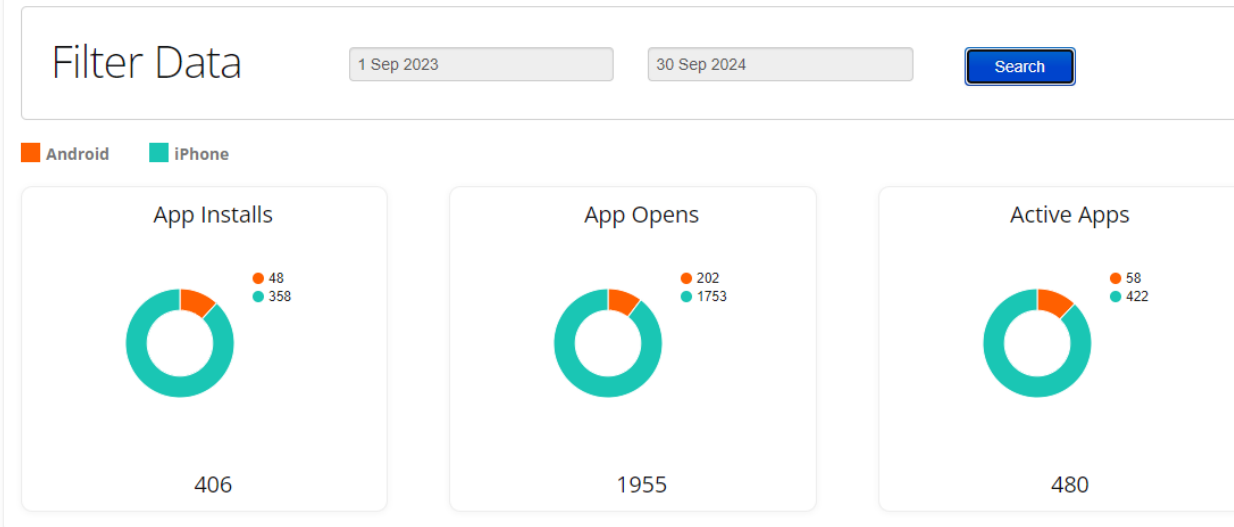

Date: October 22, 2024

Location: Union Hall, 325 Newhall Ave, San Francisco

Time: 0900-1100

Commissioners welcome to join.

- **Tour of Foundations treatment facility:** BHU growing its list of treatment facilities for SFFD members. Foundations intensive outpatient programs provide individual, group, and family therapy for individuals who want structure and support in their recovery. IOPs include individual, group, and family therapy, as well as a comprehensive evaluation conducted by one of our experienced psychiatrists. **Note: Placed our first member at facility the following week.**
- **First Responder Children's Foundation Networking** - First Responders Children's Foundation provides financial support to children who have lost a parent in the line of duty as well as families enduring significant financial hardship due to tragic circumstances
- **EMS and Community Paramedicine Leadership Overview of BHU Programs**-Chief Pang requested Captain Buren to give a review of what the program provides plus a Q&A.
- **Battalion Chief Academy Presentation:** BHU invited to present on Defusing/Debriefings, Suicide awareness and how to have hard conversations and provide resources with the upcoming BC's.
Meetings/ Events/ **Trainings Attended** / Analytics
- **ICISF Suicide Prevention Course** – Peer Support Navigator Jennifer Green attended an advanced suicide prevention 3 day course in San Mateo. (Member covered cost)
- **Women in Fire International Conference 2024-** Captain Buren, along with UFSW members, attended this eclectic conference in San Diego. Networking and learning from the leaders in the nation regarding mental health, suicide, leadership etc. (funded by UFSW and member)
Meetings/ Events/ Trainings Attended / **Analytics**

Three Mindful Monday Instagram post re: Suicide Awareness Month on SFFD IG page
 Introduction to SFFD Facility Dog Program members in the L798 Mainline

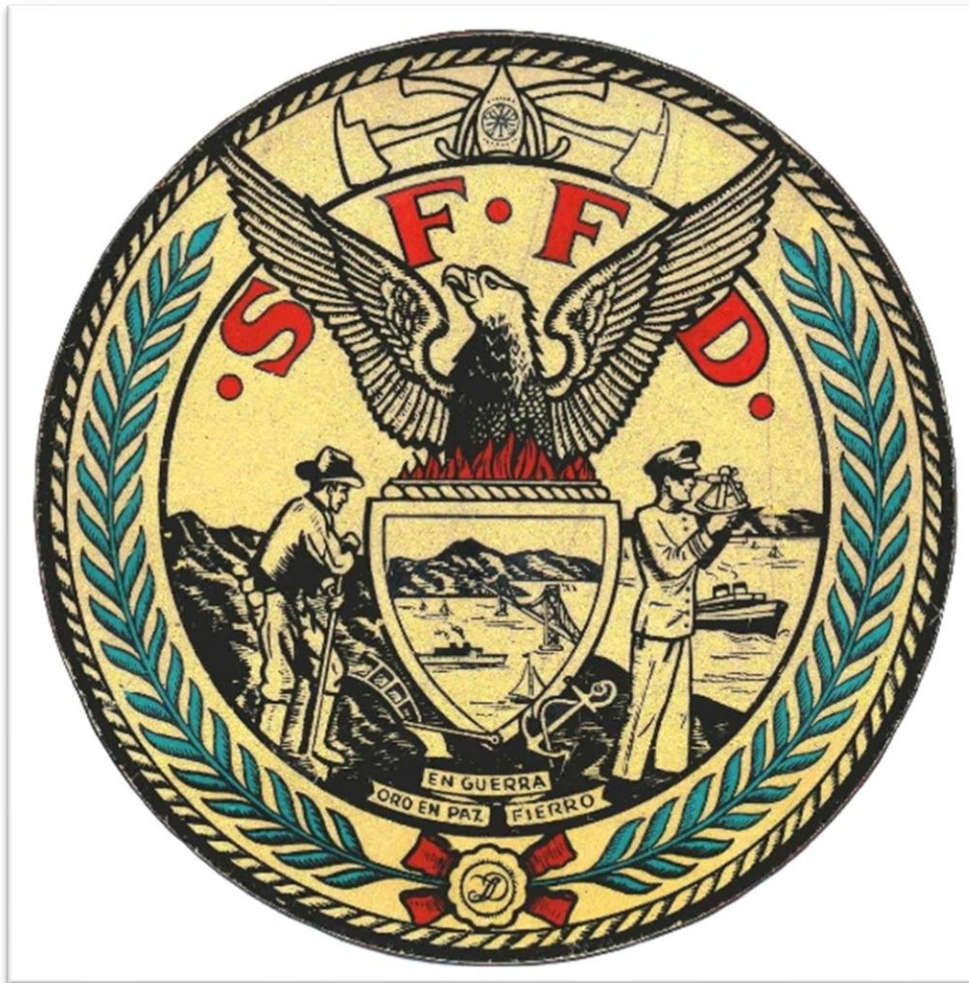

BHU Peer Support Navigators Statistics

- 49 new contacts in September
- Top five stress factors for members in September:
- General Stress 37% (marital, children, coworker, health & sleep issues, cancer)
- Bereavement of Family Member 24.5%
- Alcohol abuse 16.8%
- Career Concerns 8.1%
- Substance abuse 6.1%

Environmental Occupational Health and Safety
Anthony Boone, CIH, CSP, CHMM, CEI
September 2024

- Performed Spill Prevention and Countermeasures Plan (SPCC) inspections Reviewed Monthly UST inspections
- Attended monthly health and safety meetings
- Investigated Potential exposure at Fire Station 9 from gas powered generator coming from a RV parked near entrance to station. Resolved by moving RV personnel into housing and towing RV
- Conducted annual SCBA Fit testing at HQ for Inspectors, Support Services and Arson personnel
- Distributed 2025 HMUPA (Hazardous Materials Uniform Program Agency) certificates to stations

Office of Employee Health

***Office of Employee Health
Steven Chang, DO, Supervising Physician
September 2024***

Return to Work: 40

New Hire:

- Preparing to screen candidates for the 135th H2 Academy scheduled for January 2025.

Promotion/Probation: 19

Monthly Summary of Work-Related Injuries and Illness Report

- 54 = Total number of 3807 injuries/illnesses - no medical evaluation
- 33 = Total number of 5020 injuries/illnesses - completed medical evaluation
- Top three 5020 events:
 1. COVID = 8
 2. Internal Organ = 4
 3. Shoulder/Leg = 3/3
- 22 = Total number of 5020 events that resulted in time off work

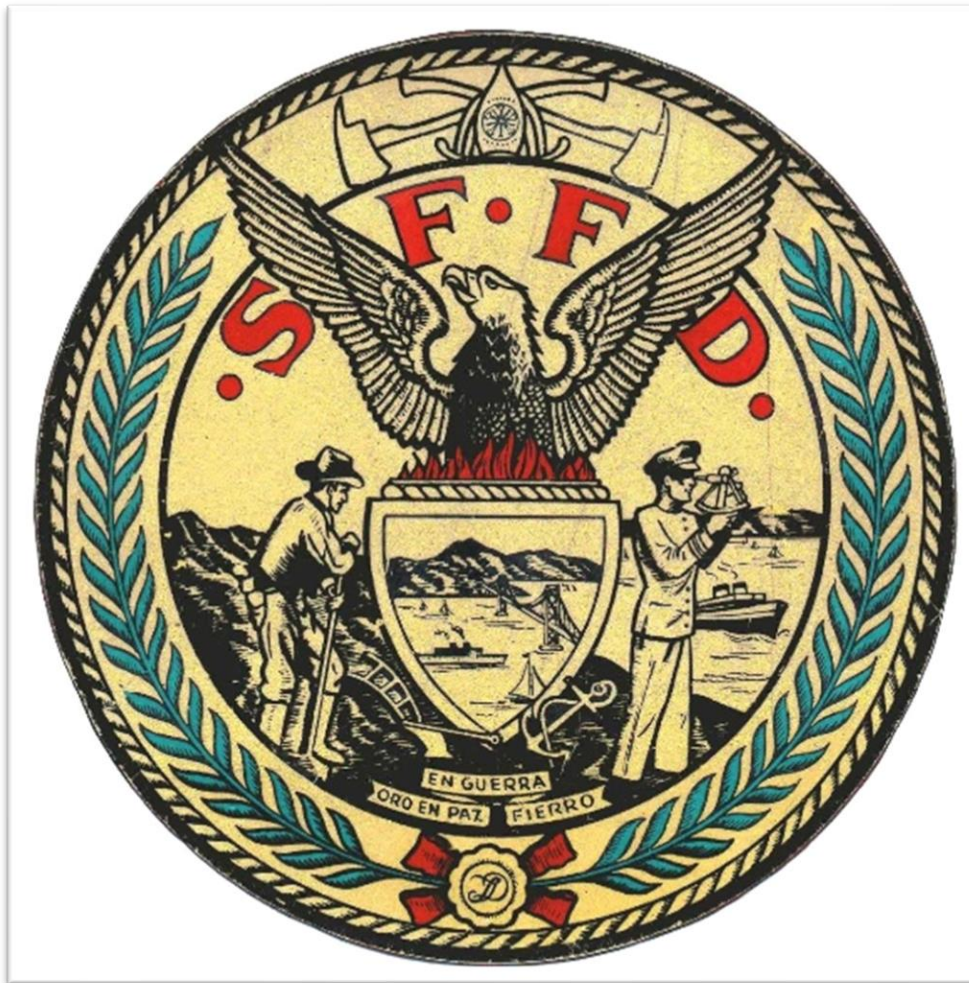

Other Activities:

- Meetings with IT to discuss data and reports for CQI planning
- Meetings with ZSFG Occupational Health to discuss member services
- Facilitated training session at BC Academy
- Meeting with the Seattle Fire Department to discuss best practices
- Meeting with City Attorneys
- Continued participation in CCSF Joint Labor Management Committee Meeting
- Continued participation in BHU Subcommittee
- Continued participation in Health and Safety Planning Committee
- Continued participation in Wellness Fitness Initiative Subcommittee
- Ongoing discussions for new EHR
- Attended SFHSS Well-Being Champion Appreciation Event
- Preparing for “Know Your Numbers” health screening event

- Developing a Family Planning Manual in collaboration with BHU Captain Buren
- Revising Bloodborne Pathogen Exposure Control Plan
- Revising Aerosol Transmissible Diseases (ATD) Exposure Control Plan
- Revising Injury and Illness Prevention Program
- Revising Respiratory Protection Program
- Revising Cal/OSHA Model COVID-19 Prevention Program (CPP)
- Established a pop-up influenza vaccination clinic

Research and Planning

Research and Planning (Assignment Office)
A/Captain Ed Chu

List of recent activity in the Assignment office for **September 2024**

1. Assignment Office is working with EMS Division and Community Paramedicine for on-going staffing and scheduling.
2. Assignment changes for Fire Suppression, all ranks. For staffing and promotions.
3. H-2, H-3, and H-10 vacancy start and finish with awards published.
4. Preparing 2025 Officers Vacancy for Suppression.
5. Preparing Vacation bids for 2025.
6. Ongoing work with Fire Prevention and Fire Investigation on staffing and scheduling.
7. Working with Airport Division for staffing.
8. Finished and published Airport Vacancy for 2025
9. Ongoing work with Fire Pay roll for discrepancies for every pay period.
10. Ongoing work with OEH with placement of TMDs.
11. Working with Homeland Security for staffing of special events.
12. The EMS WDO-In-Advance continues per General Order 20 A-08. In accordance with the policy, pre-hiring 75% of open ambulance shifts seven days in advance.
13. Continues to assist Physician's Office with assigning personnel to Temporary Modified Duty Positions.
14. Continue new WDO-In-Advance Policy for Suppression members, General Order 21A-64. Pre-hiring of 50% of shortage seven days in advance on Thursday, Friday, Saturday, and Sunday.
15. Continue Mandatory Credit given WDOs for weekends to increase voluntary WDOs.

Investigative Services Bureau

***Investigative Services Bureau
Captain Todd Weddle
September 2024***

Fireboat/Energetix DOT Testing Program

- The Fireboat testing is now under the random testing program and the names are added to the draw pool daily from Datco Services.

Random Alcohol and Drug Testing Program

-The Random Alcohol and Drug Testing Program is in compliance for the month of September.

Conditional Offer, Promotional and End-of-Probation Alcohol and Drug Testing Program

-Nineteen Members participated in promotional, and end of probation Alcohol and Drug Testing with the Doctors office.

- Cpt Weddle continues to ensure the Office of Employee Health has all the necessary supplies for alcohol and Drug testing.

- Cpt. Weddle has Accuracy tested Both Breathalyzers used by the Office of Employee Health.

Breathalyzers

- Two Breathalyzers have been evaluated, fixed, and returned by intoximeter. They are back in service and returned to D3 and Airport division.

- The final three Breathalyzers due for recalibration have been collected from the field and will be sent to Intoximeter soon. This process will conclude the recalibration and recertification of all breathalyzers. Next service will not be done until 2026.

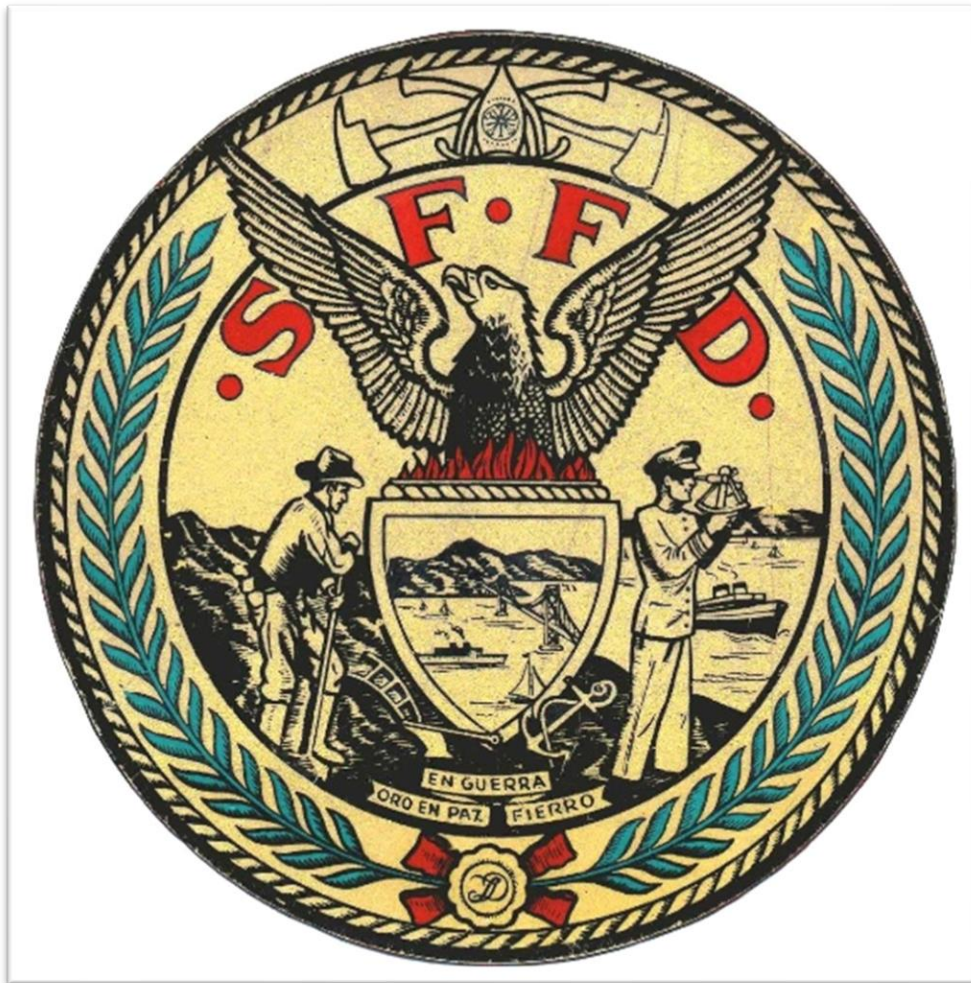

California Driver Licenses (CDL)

- Cpt Weddle continues to monitor all Dept members Drivers Licenses via CA DMV Pull Notifications.

Background Investigations

-Background investigations for the 135th fire academy started in mid-September. Investigative services will be conducting 4-8 background interviews a day. Interviews will be in person at Fire Department Headquarters. Each candidate will have the opportunity to review one on one all the required documentation ensuring that the information submitted is correct and current. Investigative services will then review all past work, driving, residential, criminal history for each candidate to ensure that the candidates meet all minimum requirements to be a San Francisco Firefighter.

Support Services

***Support Services – ADC Michael Mullin
September 2024***

FACILITY MAINTENANCE & PLANNING (June Waechtler, SFFD)

- A total of 148 requests for service were initiated during the month of September.
- 114 service orders were completed and closed out in September.

PLUMBING

- Fifteen service calls were placed to resolve minor plumbing issues (faucet, toilet, urinal repairs; clogged sinks, shower drains) in the month of September. All issues were addressed by DPW Plumbers.
- No sewage backups were reported during this month.

HVAC/HEATING/BOILER

FS 9: SO # 2066398. ESTIMATES RECEIVED from DPW Steamfitters to replace 3 rooftop HVAC units: \$149,701.72.

Submitted approval to DPW/BBR to proceed with work as quoted. DPW Steamfitters submitted a quote for new equipment on 7/31/23. Equipment is due to arrive shortly. Given that FS 26's furnace install is nearing completion, DPW Steamfitters can start on FS 9's AHU replacement. Roof will be open for 1 week while sheetmetal is building curbs for the new units. Postponed until 1 week of clear weather is in forecast. Lift to remove old units off roof is scheduled for Monday, May 13. Curb adapters will be fabricated, and units will be set in place. 2nd lift TBD. Lift Review Meeting is scheduled for Friday, May 10th. Status Update: Old units were removed, and the curbs were fabricated. Lift to set new equipment was rescheduled to Monday, June 17th, 8:00 am. Steamfitters propose to complete gas piping and drains mid-July. Sheet metal will be done with the economizers and powered exhaust fans mid-July. Extra items that were not included with the unit: 1) Hail guard for the coils; 2) Exhaust extension piece to prevent flue gas from being pulled into the economizer; 3) a fuse block terminal at the power exhaust fan. These items were identified upon installation. Hail guards and flue extension pieces were delivered. Fuse blocks were installed for the power exhaust section. 2/3 units are started 1 remaining had a vent pipe that needed to be relocated for the power exhaust fan code clearance, which was completed by DPW plumbers. The exhaust fan on 1 remaining unit is ready to be installed and wired. Final walkthrough will be upcoming after completion. Terminal block for the power exhaust fan is being ordered, when part arrives we will install the power exhaust fan and wire. Units are running. Coil guards need to be attached. Status Update: All units have been installed and start-up is complete. The thermostats are programmed and operation was checked. All roof penetrations have been sealed.

FS 12: SO #2155506. Boiler re-pipe proposal. Received revised quote from DPW Steamfitters \$72,025.26. Approved by Support Services. Boiler re pipe has begun. New piping is installed and new pumps are set. We are waiting for alternating relay and power to be installed. Status Update: New pumps were installed and powered. Alternating relay has been installed as to switch pump usage for equal run time as well as to add redundancy and eliminate heating system downtime. Hydronic separator has been re piped and circuit setter was installed to resolve flow and efficiency issues, as well as eliminate pump dead head which has been wearing out system

pumps. Project is 95% complete as the Steamfitters need to re pipe the point of connection on the expansion tank due to the new piping reconfiguration and balance the new heating system delta P. SO #2369966 Drying Room heat is currently out of service. Steamfitters are preparing estimate to restore unit.

FS 13: SO #2154832. ESTIMATE RECEIVED for Furnace/Forced air units in dorm; price also includes replacing exiting ductwork: preliminary estimate \$80,000. Awaiting formal ESTIMATE from DPW/BBR. DPW's Steamfitters made a temporary repair, however 2/4 zones have bad heat exchangers and gas is locked out. Unit is working with temporary repair in place. Received estimate for \$104,888.00. Quote approved by Support Services. Waiting for labor availability and funding transfer. DPW Steamfitters are reviewing system operations of new units at St 26 then they will replicate system for St 13 as per discussion with Support Service's Assistant Deputy Chief and Stationary Engineer. Still discussing which units to purchase with SFFD Stationary Engineer. Waiting for equipment to be approved by Support Services. Steamfitters also propose surveying the electrical panel as discussed with SFFD. Waiting for labor. Equipment has been ordered Norman S. Wright. Status Update: As of 10/8/24, Steamfitters are waiting on a PO for the new equipment.

FS 14: SO #2203579. New pulleys, motors and belts were installed on the station's exhaust extractor system to improve intake. Fan not performing as designed. A rep from Nederman (manufacturer of the exhaust extractor) came on-site for inspection and recommended a different exhaust fan for the exhaust extractor. HVAC installation is complete. Nederman exhaust fan had to be replaced and has been ordered; ETA is 3 months. DPW Steamfitters are still waiting for fan procurement. Issued PO to Air Filtration on 5/25/23. Replacement fan arrived. Waiting for labor. Status Update: New fan has been installed and is working by design. New springs are \$1,200.00 will take 16hrs labor + 2hrs supervision to complete installation. I will need to be advised on how to proceed. New fan spring isolators have been installed and fan is floating appropriately. Pump doghouse may be needed to further reduce noise.

FS 22: Re-circ pumps need to be replaced. DPW Steamfitters to conduct walk thru with Support Services then provide estimate for re-pipe. Moving forward with estimate for re pipe. SO # 2314145 was submitted to SFFD for approval to re-pipe boiler. Waiting on client approval. Status Update: Still waiting on client approval 10/8.

FS 23: Heater in Officer's Room needs to be replaced including new t-stats, on-off switch. Drying Room needs new heater and exhaust fan. Modifying controls to include timer and on/off switch in or outside Drying Room. Waiting for quote from DPW's Steamfitters Shop for two heaters, one exhaust fan and the necessary control work. Quote received from DPW; in for ADC of Support Service's review. ADC of Support Services requested that a quote be provided just for the fan coil replacement. Status update: Steamfitters propose to modify the existing estimate and resend mid-July. SO # 2115449 was submitted to SFFD for the Officers Room heater replacement. As of 10/8, still waiting for client approval.

FS 28: Flushed entire heating system and strainers of fan coil and air handlers; will replace 3 t-stats. Pump was replaced and 2 of the 3 T-stats have been replaced. The last of the 3 T-stats installed in March. New equipment is not syncing with older equipment plus multiple zones with inadequate heat. Additional control valves and thermostats are needed. Quoted 3 days labor plus \$3,000 parts which was approved by ADC Mullin. New thermostats and control valves have been received and need to be installed. Installation scheduled for mid-July. New control module was installed on air handler. T-stats and control valves still need to be added to the 4 heating zones. We are complete with 3 of the control valves and t-stats. Steamfitters need to install 2 more control valves (which were buried in ceiling). All new thermostats and control valves have been replaced. Additional issues remain: HHW pump is making grinding noise and

control valves on the roof units are becoming severely compromised by exposure to the elements. DPW proposing to replace one pump and 2 control valves with weather shield for the roofing units. Waiting for equipment and labor cost estimate. The new pump and valves with the weather shield is \$4,600 installation will take approximately 2 men to install in two days. Approved by Support Services. Waiting for parts to be procured. Material is in, waiting for labor. New control valves were installed, and heat is on in the dorm and other areas of station. Insulating of rooftop is next. Steamfitters are monitoring the heating system's operations. Insulation on roof is complete. Still have one day of control wiring to complete on roof which will include adding a control box on the roof to fit the zone controller. DPW will schedule labor for 1 day to clean up the exposed control wire on the roof after HVAC start up at St 9. Currently waiting for labor. Status Update: Control wires have been rewired and box was installed on roof. Heating system including air handler re pipe, VAV control valves install and boiler pumps have all been restored. Cold spots have been fixed via air handler supply temp sensor and controls. Work has been completed SO # 2192773 has been closed as of 9/28/24.

FS 29: SO #2249790 Heating system is down. Noted that the pumps here on this system are frequently replaced. Steamfitters are recommending to re-pipe unit similar to FS 12. Status Update: Waiting on Support Services input.

FS 37: RADIATORS It was discovered that 17 radiators need new valves to control on/off. Nine (9) units do not work. Waiting for proposal to change out all valves. Drying Room Heater needs a 3-way valve and an outdoor air override that needs to be installed. Proposing two men to take nine (9) days, plus \$3500 in parts. The heat is on in the Station and the new program settings are adequate to get through the winter. Work will need to be done when they are permitted to shut Boiler down for a few days. Waiting for formal quote to be sent to ADC Support Services for sign off. Status Update: Deferred.

FS 41: SO #2155508. Boiler controls proposal. Received revised quote from DPW Steamfitters \$23,559.83. Approved by Support Services. Order of new relays and wire has arrived; DPW will schedule labor to replace contactors and relays in the control panel. Status Update: Work is scheduled to start on the boiler controls mid October, including new pump contactors and relays.

FS 43: DPW Steamfitters are investigating intermittent heat issues on 1st Floor. Waiting for findings. There is an existing radiant heating system on the 1st floor of the Station. Steamfitters are proposing to see if they can repair system which could resolve the heating issue. Steamfitters advise if unit is not repairable, they propose designing a new heating system for the 1st floor. Status Update: Project under consideration by Support Services. Steamfitters anticipate that they will be restoring the old system that was abandoned (as indicated in old system drawings) versus designing a whole new heating system.

CEMENT/ASPHALT

No major cement issues were reported.

EXHAUST EXTRACTORS

FS 34, 44 and 48 reported issues with units. Parts have been ordered to resolve and restore units. FS 23 and 18 reported issues with station's exhaust extractor previously. Waiting for quotes from vendor who will provide specialized fabrication. Received quotes which includes stainless steel exterior fans to prevent premature rusting. Processing purchase orders. Waiting on delivery dates. Status Update: Vendor advised that FS 23's fan is expected to arrive first

week in October. Installation will follow. FS 18's fan is expected to ship 10/17. Installation is anticipated to take place the last week of October.

GLASS/WINDOWS/SCREENS

No major glass/window/screens issues were reported.

CARPENTRY

No major carpentry issues were reported.

ELECTRICAL

No major electrical issues were reported.

LANDSCAPING

Solicited vendor to clean up severely overgrown vegetation in rear yard at BOE 25th Street. All vines, trees, shrubs and weeds were cut to the fence line. Cutback overhanging black acacia tree from freeway and from front of building near roofline for safety reasons. Removal of all cut vegetation. Invoice total: \$7,150.00.

E.S.E.R.—Emergency Firefighting Water System (EFWS), SFPUC, September 2024

- 2000 Marin EFWS Expansion – Extend the EFWS along Marin Street from an existing 12-inch along Evans Avenue. The extension is about 800-ft and 12-inch earthquake resistant ductile iron pipe (ERDIP). Construction Notice to Proceed (NTP) was issued on September 16, 2024.
- Clarendon Supply EFWS Pipeline – Construction reached substantial completion January 2024. Continued to address closeout items, expected final completion by December 2024.
- Fireboat Manifold – Planning for new pipeline and fireboat manifold near Fort Mason Pier 2 and Pier 35.5 for fire suppression continued.
- Potable Emergency Firefighting Water System (PEFWS) project – Design for Contract A (42-inch from Lake Merced Pump Station to Sloat Blvd/19th Ave) and Contract B (36-inch from Vicente Street / 23rd Ave to 42nd Ave / Lawton St.) continued. Planning for Contract C (24-inch 42nd Ave / Lawton St. to Cabrillo St / 23rd Ave) and D (24-inch 43rd Ave to California St / 20th Ave) Conceptual Engineering Report (CER) started on September 5, 2024.
- Street Valve Motorization at Evans and Napoleon – Replace and modernize an existing 12-inch pressure valve with a new ball valve. This also serves as a pilot project for the PEFWS Pipeline. Construction Notice to Proceed (NTP) was issued on September 16, 2024.

E.S.E.R. BOND 2010 NFS – Updates through September 2024

Additional Focused Scope Program (Michael Rossetto, San Francisco Public Works):

Emergency Generators:

- o **Fire Station 14** – Moved to ESER 2014 section

E.S.E.R. BOND 2014 NFS – Updates through September 2024

Seismic Improvement Program (Magdalena Ryor, San Francisco Public Works):

• **Fireboat Station 35 (\$50.5M)** – Certificate of Final Completion was issued on November 11, 2022. Final Payment Application to Swinerton/Power, JV was approved on 7/10 followed by the final release of retention on 7/12/2022. Project is in the Warranty Period.

[**M. Rossetto**] FS35 Security Gate Enhancement:

9/24/24: BCDC issued the permit amendment 2018.002.02 dated 9/24/24. Port permit to follow.

Focused Scope Program (Michael Rossetto, San Francisco Public Works):

Total Funding allocated for the Focused Scope Program is \$21,407,279, approved by SFFD on 8/17/17. Work is complete in 8 of 9 of the Focused Scope categories comprising Roofing, Apparatus Bay Door Replacements, Exterior Envelope Improvements, Windows, Showers, HVAC/Mechanical, Sidewalk/Slabs, and Security Access Control. Work continues to progress through the last scope category, Generator Replacements.

Emergency Generators:

- **FS 2** – Scope of work: replace existing rooftop generator set, structurally strengthen roof structure to support new fuel tank with capacity for 72-hour run time and provide new fuel fill port and piping to generator.
This project is complete.
- **FS 19** – Scope of work: replace existing generator at grade and replace main electrical panel. The generator lead time has increased. The manufacturer now reports a delivery date of April 2025.
- **FS 14** – Scope of work: replacement of existing generator with new rooftop generator, new subgrade fuel fill port at the sidewalk in front of the station, and new fuel piping from sidewalk to generator.

- DPW-BOA has been approved to re-initiate the project with a concepts phase to validate changing the generator from a rooftop to a ground-mounted location that will be fuel-filled by hand in lieu of piped. The concepts drawing was delivered to SFFD on 4/29/24 and approved. DPW held a design review with the new SFFD Captain and is awaiting SFFD direction to move forward with redesign. On hold.
- A pre-application meeting has been set for 10/25/24 to discuss the redesign concept with the Fire Marshal.

Exterior Envelope:

- o **Package 1 (FS 8, 20, 23, 29)** – FS 8, 20, and 29 are complete; On 1/15/21, SFFD requested a hold on FS 23 painting due to other priorities.
- o **Package 2 (FS 24, 34)** – This project remains on HOLD initially placed at the request of Capital Planning in order to provide supplemental funding to the Police TC&FSD project. It is now expected that those funds will be returned to the SFFD for allocation to a priority project, possibly FS24 and/or FS34.
- o **FS 17 & 31** Exterior Envelopes were requested as new projects by SFFD in August 2023, both as lower priorities. These were approved by the Capital Planning Committee for use of ESER 2014 interest. A waterproofing consultant is recommended to determine corrective measures and potential costs.

Miscellaneous:

FS35 Security Fence Enhancements, FS17 Boiler Replacement & FS 29 Apparatus Bay Door Replacement were requested as new projects by SFFD in August 2023. These are ranked as the highest priority (most urgent) projects after the Network Modernization project.

- o **FS 35** – See Fireboat Station 35 description.
- o **FS 17** – Boiler Replacement ON HOLD per SFFD 12/12/23 email.
- o **FS 29** – Apparatus Bay Door Replacement: JOC fee proposal from Rubecon was received, reviewed, and approved. Kick off meeting with Rubecon held on 6/13/24. Contractor agrees to provide door glass as specified at no additional cost. Submittals have been finalized allowing doors to be ordered. A 60-day door lead time is anticipated.
- o **DOT/FS 7** Railings: Permits obtained for both north and south sides in August 2024 with railing installation completed at the north. Due to training schedules, the contractor was asked to pause in September, however the south side installation was completed on 9/24. Inspections remain and the contractor will submit a CO to replace a ladder counterweight and cable found in poor condition (not original scope).

Network Modernization Project (Michael Rossetto, San Francisco Public Works):

- o 9/23/24: Construction NTP for MIK. Submittals & Schedule in process. On-site activities anticipated for October.
- o 9/30/24: Construction NTP for KM 106 Construction asbestos work. KM 106 will begin on-site work when MIK reaches make-ready work at FS 10, which is the first station requiring asbestos work. MIK & KM 106 will complete all seven stations requiring asbestos work in sequence.

E.S.E.R. BOND 2020 NFS – Updates through September 2024

Division of Training – Formerly “Fire Training Facility” (Scott Moran, San Francisco Public Works)

3D Massing Diagram – Exterior Building Treatment Rendering

Budget: \$275M

Phase: Design (Design Development)

Schedule:

- Estimated Start of Construction – Fall 2025
- Estimated Substantial Completion – Fall 2028

Highlights:

- Design progress estimates on 100% Schematic Design in September came in on budget. No value engineering or cuts were required. SFFD has accepted the completion of Schematic Design, and the design team was authorized to begin on the Design Development phase of work on 9/25/24.
- SFPUC provided a determination on the project relative to the Non-potable Water Ordinance. They have agreed that the training structures are shell buildings and can be excluded from the gross building square footage, therefore the project is under the 100,000 square foot threshold and will not be required to have an onsite water reuse system. However, the project is over 40,000 square feet and will still be required to submit water budget calculations based on the criteria of the ordinance.
- WSP environmental engineers provided some preliminary comments in September on their review of the SCS Engineers draft smoke study which includes significantly lower projected emissions. They are still finalizing their review and will eventually provide a formal response along with a request for additional information. This review is instrumental in determining if

Planning will consider possibly modifying or eliminating the smoke capture system identified in the CEQA as a mitigation measure.

- Additional on-site geotechnical investigations began on 9/30/24 and will complete in early October. A final report with more detailed soils evaluation and foundation recommendations will be provided by December 2024 to better inform design during the Design Development phase.
- SFFD applied for a FEMA Grant on the project, and they have been told it is set to be approved shortly. However, with federal funding there is an existing restriction on “local contracting preferences” (e.g. San Francisco’s Local Business Enterprise Program). That restriction is set to change after 10/1/2024, therefore the advertisement of the combined RFQ and RFP (Request for Qualifications & Request for Proposal) for Construction Manager/General Contractor services has been postponed until after 10/1/24.
- Civic Design Review, Phase 1: Schematic Design is scheduled for presentation and review before the San Francisco Arts Commission (CDR Committee) on 10/21/24.

Fire Station 7 Replacement (San Francisco Public Works)

Budget: Expected budget of the Fire Training Facility does not create funding opportunity for the FS 7 project

Phase: N/A

Schedule: N/A

Highlights: N/A

P.H.S. BOND 2016 NFS – Updates through September 2024

The total funding allocated for Neighborhood Fire Stations is \$9.1M.

Seismic Improvement Program (Michael Rossetto, San Francisco Public Works):

Hose Tower Removal & Roofing (FS 6, 11, 12, 21, 38) – Complete.

Hose Tower Removal & Replacement (FS 15)

December 2023 JOC fee proposal was received and is in excess of the \$1M threshold. Design-bid-build will be pursued, adding approximately 6 months to the start of construction. SFFD has requested minor design changes with the addition of electrical outlets and a ship’s ladder in lieu of a vertical ladder to the roof. BOA has met with SFFD to review design changes. An on-site meeting occurred with the radio Shop to determine replacement of antennas currently mounted on the existing tower. BOA will revise the drawings for final draft review with SFFD. BOA is producing fee proposal inclusive of structural and electrical for the SFFD requested changes.

Focused Scope Program (Michael Rossetto, San Francisco Public Works):

Emergency Generators:

• FS 37 & 44:

- On-site construction activity began the week of April 22, 2024.
- Load bank delay from manufacturer until August 2024. The generators are at a Stockton facility waiting for load bank installation prior to site delivery.

• FS 18:

- SFFD requested a cost proposal to change the generator housing to aluminum. SFFD agreed to the aluminum upgrade.
- JOC fee proposal received and approved.
- Authorization to proceed with JOC received from the SFFD on 6/4. NTP for construction anticipated in mid-July.

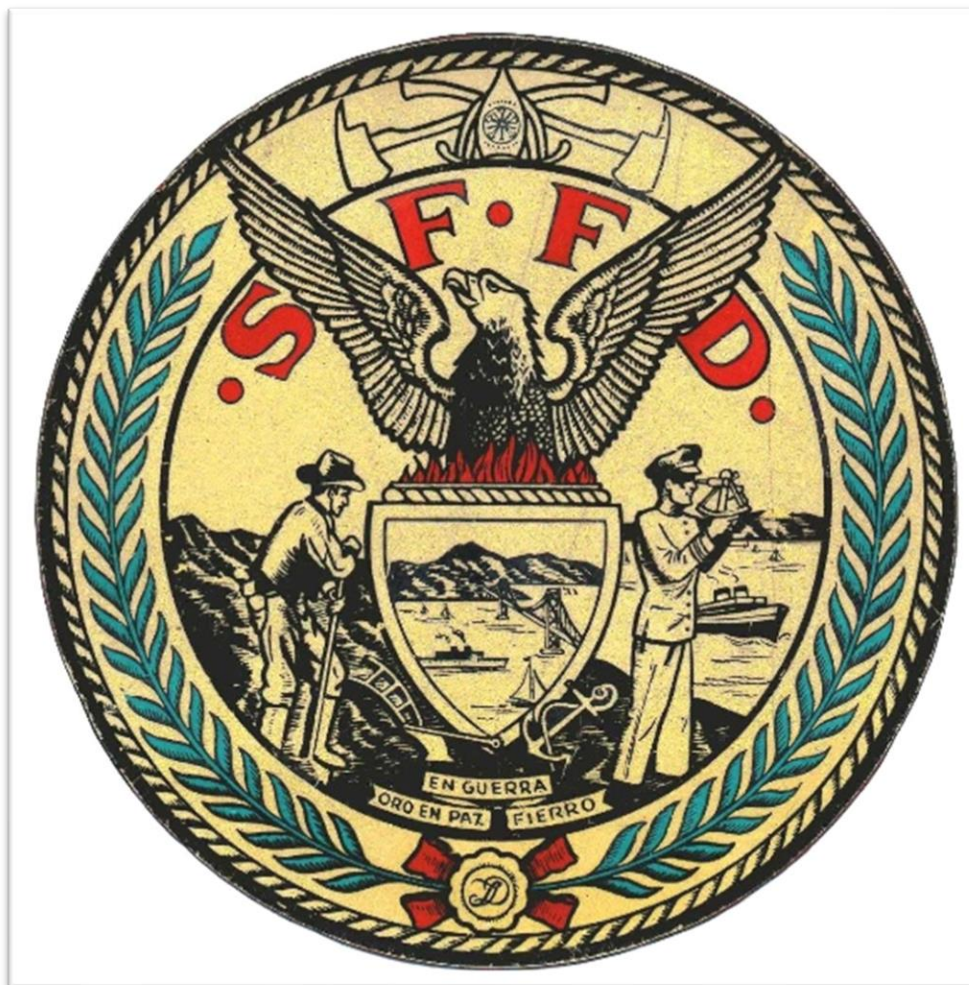

DEPARTMENT ENGINEERING (Stationary Engineer Avo Sarkissian, SFFD)

- Ongoing and routine maintenance at Fire Stations, HQ and ADF.
- Funds have been transferred to SFWD for replacing HQ main water back flow device. No date has been set for install.
- HQ Elevator modernization quote was submitted to CFO for viewing.
- Station 2 sewage ejector pump upgrade was completed. DPW plumbers need to return due to one faulty pump. The replacement pump has been installed.
- Station 17 Boiler replacement cost proposal from outside vendor was received and forwarded to ADC's.
- Station 9 HVAC replacement units have been received. Work is completed
- DPW Plumbers will repair a section of underground gas piping at station 18. No date has been set to begin
- DPW steamfitters have ordered new furnaces for station 13. No date has been set to begin.
- SFFD Plumber started September 30th.

BOE/FLEET MANAGEMENT (Lt. Jason Watrous, SFFD)

- BOE procured F500 lithium-ion fire suppressant and distributed to Station 1, 3, 36 for trial pump can use, positive results were given back
- New Tahoe put into service as D03
- Repurposed 2020 Tahoe, old D3, put into service as B08 and put their old 2017 Explorer as Relief
- Assisted with double aerial flag display for 9/11 police fire mass
- First meeting with Spartan for a new TDA
- Gave ADC Miller a more appropriate car for himself and his dog
- Took delivery of new Tahoe recently upfitted, will be new B05

Earthquake Safety and Emergency Response (ESER) Bond

Earthquake Safety and Emergency Response (ESER) Bond
Assistant Deputy Chief Garreth Miller
September 2024

New SFFD DOT Construction

- Construction estimates based on the 100% Schematic Design Documents were completed by two separate cost estimators. Both cost estimators returned estimates that are within budget allowing the team to proceed to the Design Development Phase.
- Additional geotechnical investigation to confirm the soil conditions and the suitability of the proposed foundation and soil treatment plans began
- Public Works reports that actual spending on the project increased from \$7,290,391 to \$8,113,645

Fire Station 35 Security Fence Improvements

- Permits have been issued and fabrication began

Network Modernization Project

- MIK Construction was issued a notice to proceed and will begin obtaining permits
- Contracting for asbestos mitigation initiated

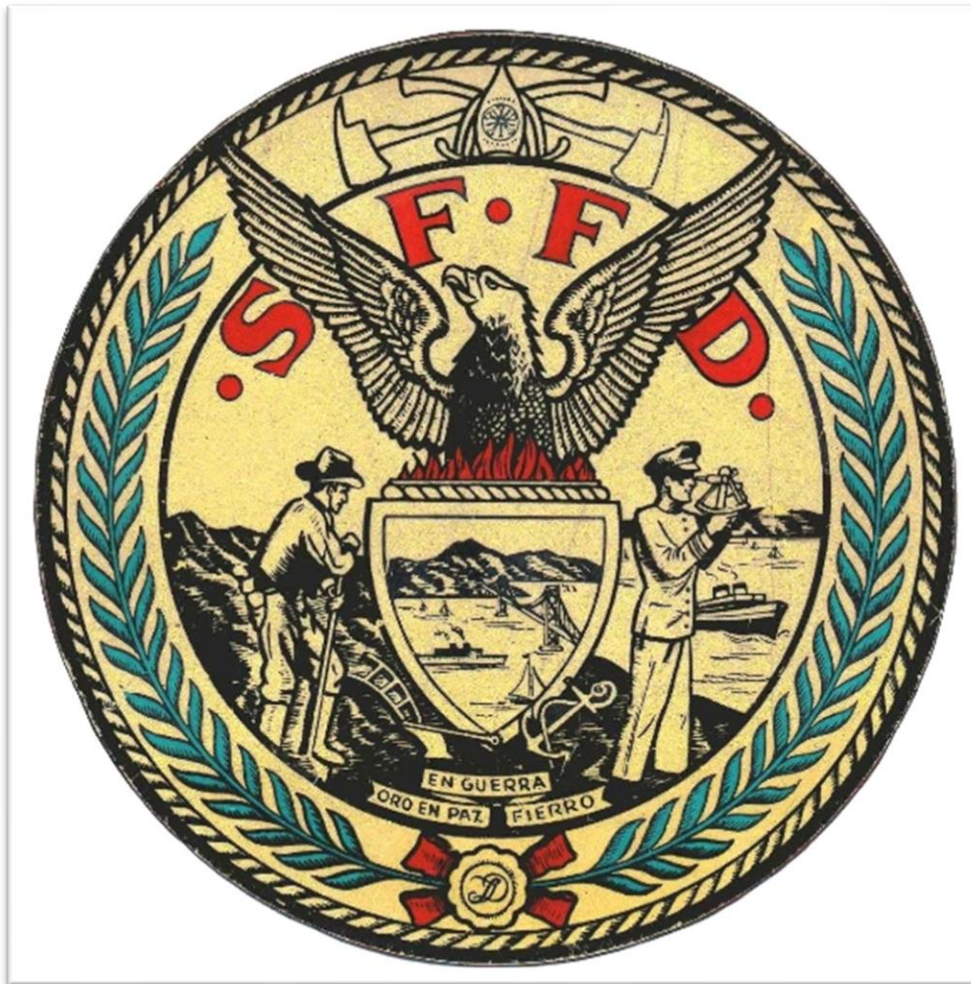

Neighborhood Fire Stations

- FS 37 and 44 – Necessary components of the generators have been received by the vendor, once the systems are completely assembled the generators will be shipped to the sites
- DOT Fire Escape Railing Upgrade – The construction has been completed and awaits inspection then final priming and painting

FY24 Roofing Program

- Fire Station 9 Roof Replacement – Construction documents were completed, and a cost estimate of the project is approximately \$200k over the available budget, SFFD to seek additional funds or delay the project

Public Information Officer
Captain Jonathan Baxter, Rescue Captain Justin Schorr,
Lieutenant Mariano Elias
September 2024

PIO Incidents: 174	Interviews: 141	Events: N/A
--------------------	-----------------	-------------

The PIO Office has been responding to incidents across the city and capturing rescues and more significant incidents as they happen. When the PIO arrives, they must consider the target audience for incident reporting. This can include alerting the public of a hazard, providing information on road closures or detours, and engaging the larger community in the efforts and successes of the San Francisco Fire Department. These messages will be in different formats, including visual aids, text, alt text for images and video. This includes video in both portrait format for social media and online sharing and landscape video for media partners to use instead of sending a camera crew to the scene. This variety of messaging allows SFFD incidents to be reported by the traditional TV and radio media swiftly.

September saw a significant jump in online reach of overall content, growing the Instagram audience by almost 90%, almost doubling the amount of accounts that viewed our reels, stories and posts.

The Academy of Art Landscape Design program has made an additional site visit to explore the possibilities of improving the back yard at 870 Bush St. Their primary contact is Captain Buren with BHU.

September top video reach seems lower but overall reach has increased almost 90% from last month due to a majority of videos getting high views instead of 3-5 for the month.
 63% of viewers are followers and 37% were not.
 Reels remain the most commonly viewed content, over stories and posts by 50+%

TOP CONTENT LAST 12 MONTHS

Early on scene the PIO was able to capture this dramatic smoke column and SFFD apparatus at a fire just up the street from Station 41. This short video was used by local media outlets for the midday and evening news feeds along with other videos from the scene. This video has received more views and shares faster than any other
