

## OPERATIONS REPORT

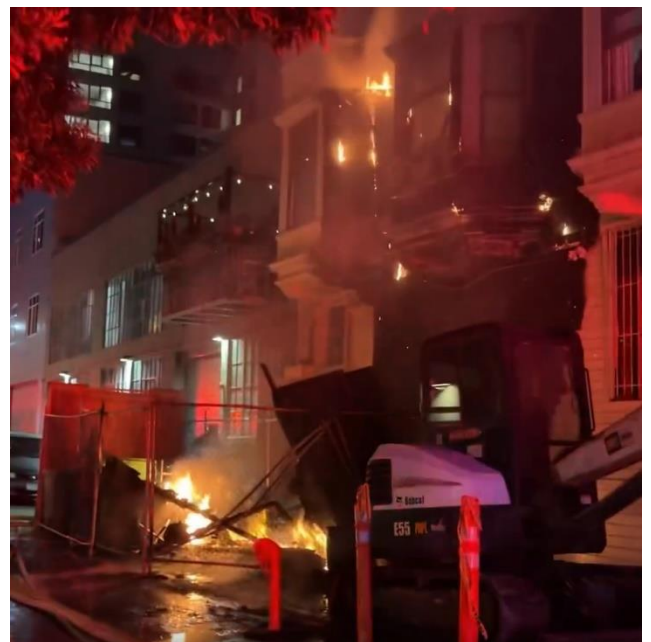

November 1 – December 31, 2024

### GREATER ALARMS:

There were two Greater Alarm fires during this reporting period.

#### **2<sup>nd</sup> Alarm** – (11/18/24) 22:49 hours, 150 9th Street. (Assistant Chief Brook Baker)

On November 18, 2024 at 10:50 p.m. Engine 1 was dispatched to an outside fire on Washburn Alley, between Mission and Howard Streets. While enroute to this call, a building alarm was transmitted from 150 9th Street between Howard and Mission Streets, to which Engine 36, Truck 1, and Battalion 2 were dispatched. When Engine 1 arrived on scene at Washburn Alley they found a very large outside fire consisting of construction materials and a port-a-pottie on fire adjacent to a four-story type 5 apartment building, with fire involving the entire exterior of the building from street level to the roof line. This type of fire presents a critical life safety threat to any occupants in the building because of the rapid spread of fire to all four floors of the building. Good communications and quick action by the crew of Engine 1, and good situational awareness and coordination from the units

responding to the building alarm at 150 9th street contributed to a successful outcome for this incident. Engine 1 encountered a difficult situation when they arrived at Washburn alley. Not only did they encounter four floors of fire, but there were live high voltage power lines down in the street, having been burned away from the pole by the fire, but they also had no additional engines responding to supply them with water. As they went to work stretching hose to attack the fire, units responding to the building alarm recognized that the fire was on the back of 150 9th Street in Washburn Alley, and they quickly reoriented themselves to respond to the location where Engine 1 was going to work to assist with the fire attack. Engine 36 supplied Engine 1 with water from a hydrant on Howard Street and then started stretching hose into the building to address the rapidly expanding fire. Truck 1 arrived and

recognized that there was a need for truck firefighters inside the building to search for victims and fire, but also that the roof needed to be accessed immediately due to fire threatening to spread into the attic. Truck 1 positioned their apparatus in Washburn Alley and raised their aerial ladder to the roof of the fire building (the rear of 150 9th Street) and split up to accomplish their tasks. Battalion 2 immediately recognized the seriousness of the situation and called for a 2nd Alarm due to fire involving all four floors of a large wood frame building, with extension into the open attic space. This was a recipe for a large catastrophic fire.

I arrived on scene and met with Battalion 2 who had established a command post in Washburn Alley. We quickly discussed our assessment of the fire situation and both agreed that search and rescue of building occupants while stopping the fire from getting established in the attic were our top priorities. This presented a unique challenge because firefighters would need to advance above the fire and trust that later arriving firefighters would be able to protect them by stopping the fire on lower floors. Battalion 2 and I agreed on the plan of attack, and he proceeded into the building assigned to Fire Attack on the top floor. Rescue 1 arrived on scene and was immediately assigned to search and rescue for any trapped occupants or victims in the fire building.

Meanwhile the remainder of the 1st alarm companies, and the 2nd Alarm companies began to arrive and check in to the command post. These companies were assigned one by one to lead hose lines into the building beginning on the first floor, then the second and third, to protect companies led by Battalion 2

already working on the top floor. Meanwhile, an additional and extremely dangerous electrocution hazard still needed to be addressed in Washburn Alley as the live high voltage power lines in the street still posed a threat to firefighters working on the scene. While waiting for PG&E to arrive, an Engine company was assigned to cordon off the area with yellow tape and make sure no one came in close proximity to the wires. The situation inside the fire building posed challenges for firefighters, as the majority of the fire was now concealed in the walls and void spaces and needed to be accessed by ripping open walls with hand tools to locate and extinguish the fire as it attempted to spread to all corners of the building. This is extremely arduous work, especially when wearing full PPE including turnout and SCBA air masks. Stopping the fire from gaining a foothold in the attic also took a tremendous amount of hard work and coordination, cutting a hole on the roof to vent fire and hot gasses, while firefighters inside

stretched hose lines, raised attic extension ladders, exposed the attic by pulling ceilings with hooks, and then attacking the fire and cutting it off from burning the whole roof off the building. Without aggressive action and good coordination by firefighters who responded to this incident, it could have easily resulted in a fourth or fifth alarm and the destruction of dozens of housing units.

Due to the hazard posed by downed live electrical wires, and the frequency with which this occurs at fire scenes, I recommend that the SFFD coordinate with PG&E to find a better solution for protecting firefighters from electrocution hazard.

Assistant Chief Brook Baker

*Operations note:*

This incident highlights the importance of expecting fire. Companies prepared to fight fire and perform any necessary assignment were decisive at this greater alarm. Training and Company Officer leadership are the antidote to complacency.

**2<sup>nd</sup> Alarm** – (12/15/24) 08:31 hours, 30 Crisp Avenue (Temporary Assistant Chief David Thompson)

At 0834, E17 was dispatched to investigate a “smoke in the area” call. The call came in from a 3<sup>rd</sup> party caller who was not on-scene. They reported smoke coming from an abandoned warehouse in the Hunters Point Naval Shipyard area.

E17 followed the smoke once they were close enough to see it. Through some trial and error with closed off roads and access issues E17 was on scene at 0844 and declared a Working Fire. E17’s initial report on tactical to B10 stated that this was a “1 Story Type 5 attached to a large Type 2 warehouse....unsure of extension into the Type 2 but the Type 5 is fully involved” Upon hearing this report B10 requested a Second Alarm while enroute. A Second Alarm was struck at 0849.

B10 and B6 arrived on scene and B10 set up command as Innes Street Command and B6 was assigned Fire Attack. Initial first alarm companies arrived on scene to assist E17 with supply from an uninterrupted water source and were met with multiple issues. E25 initiated a split line lead east on Crisp Road to a hydrant approximately 900 feet away. However, the hydrant they tried to hook up to was dry. Simultaneously, E9 extended a split line lead approximately 700 feet in a westerly direction on Spear Ave. to a hydrant that also was dry.

During this search for water D3 arrived on scene and took over Command. Command was changed to Crisp Command, B10 was given Fire Attack of the Type 2 Building and B6 was given Fire Attack of the Type 5 Building. All Second alarm companies were requested to stage on Spear Ave just past Fischer Avenue.

E17 had brought a 200’ ready line to the Type 5 to contain and extinguish the fire but due to the lack of a water supply as stated by E25 and E9 they were using a minimal stream.

RS2 was assigned Search and Rescue with assistance from T9 and cleared a Primary and Secondary search within the Type 5 and the Type 2.

The lack of a water source was quickly becoming a concern and two Engine companies from the Second Alarm were called in to supply their initial 500 gallons and then to run them in relay with E9. E4, E37 and E9 then took turns supplying 500 gallons to E17 and then refilling at the nearest hydrant. During this time frame E25 was able to secure a water supply from a hydrant located near the location of the dry hydrant they found earlier.

E25 was able to supply volume at 40 psi which allowed the 150' ready line, along with the preexisting 200' ready line, to be put in use from E17. With an uninterrupted water supply all Second Alarm companies were released at 0913. In addition, once two lines were operational the fire was called Contained at 0918. There was never any extension into the Type 2 warehouse, there were no Roof Operations due to the safety of the roof on the Type 2.

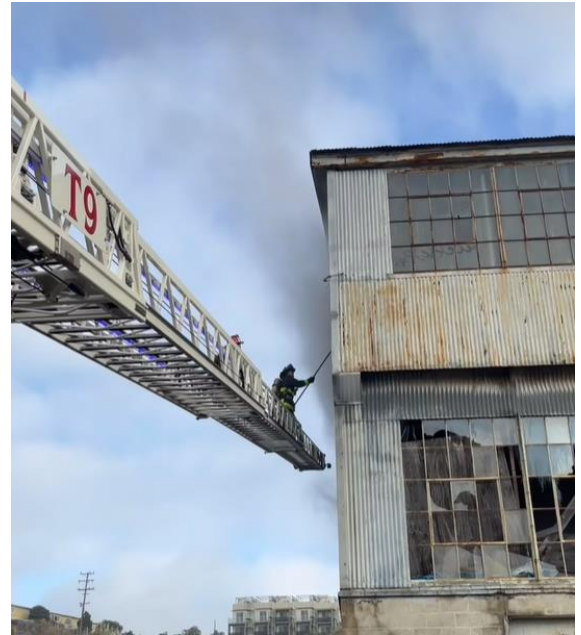

4710 was not required due to the discovery of cooking materials and ignition source at the point of origin, which confirmed cause and origin. It was determined that squatters had been using this area as a place of shelter and had accidentally caused the fire. Security on site had confirmed that individuals had been seen going in and out of this area regularly.

SF Water Department arrived on scene and were anxious to help us identify other water sources.

Security stated they could contact the property owner, and the building was left in their care. D3 went back in service at 1005 and left Command with B10.

At 1030 B10 stated that the fire was Under Control and that no Red Cross was needed.

This could have easily been a fire that got the best of us but due to a coordinated effort by first responding units this was kept from being a much larger and dangerous fire.

Important considerations going forward:

1. Dry hydrants in that area need to be identified as such.
2. Knowledge of the area was key in identifying wet hydrants to conduct our refilling of Engines as well as finding a continuous water supply. It is important to keep up Area Orientation drills throughout Hunters Point Naval Shipyard.
3. Special calling a water truck was a consideration that had not been thought of till after the fire.
4. With all the dead ends and closed access roads it is important to have updated maps and routes to access all of Hunters Point Naval Yard for responding units in Battalion 10.

T/Assistant Chief David Thompson

*Operations note:*

A continuous and redundant water supply is a key to SFFD Operations. Incident Commanders may need to assign multiple companies to water supply in circumstances like the Crisp 2<sup>nd</sup> Alarm. A water supply officer can coordinate the activities of these resources. Company Officers must ensure their task of water supply is complete through direct supervision and crew management before assisting in fire attack.

# TASC MONTHLY SECTION UPDATE

November 2024

## SFMTA - TASC, SDAT, DPW, BART, MUNI, Cruise and SFFD Fire Access

- **SFMTA: TASC (Transportation Advisory Safety Committee) Summary:** All streetscape modification proposals impacting Fire Access reviewed bi-monthly. TASC review for Street Closures for Food Banks, Shared Spaces and Safe Sleeping Sites.
- **SDAT (Street Design Advisory Team):** Weekly meetings with SF Planning Department and City Agencies to review and provide comments on streetscape plans/proposals for building/development projects.
- **DPW:** SFFD conducts plan review to ensure SFFD apparatus has fire access to buildings, hydrants, fire department connections, fire escapes, etc.
- **BART/MUNI:** SFFD Liaison to BART/MUNI for Fire and Life Safety Annual Inspections.
- **SFFD:** Contact Fire Stations regarding Traffic Calming proposals in their response area. Work with SFPD, DPW, SF Parks and Rec and the Presidio regarding the SFMTA Slow Streets and Shared Spaces ensuring Fire Access. Now collaborating with BFP Permits ISCOTT with Shared Spaces temporary street closures (ISCOTT) as there is some overlap of Shared Spaces Street Closures and ISCOTT as we emerged from the Pandemic.

## SFMTA TASC Projects - November 2024

- Slow Streets – NSTR
- Shared Spaces – for parklets **and** Street/Alley Closure requests
  - Captain Sy is the lead with Postings/ Enforcement through task force coordination with DPW and SFMTA. Lieutenant Wong assists with maintaining spreadsheet.
- Tenderloin Activations – Play streets, shared spaces streets road closures and lane reduction, parking protected bike lanes.
- Various School Locations Citywide – 0 speed humps, 0 speed cushions and 0 speed tables approved.
- Various Locations Citywide – Speed Humps – **On Hold.**
  - Current SFFD Policy to not approve any more speed humps while Third Party Report on increased SFFD Emergency Response Times is completed **and** the Fire Department has an opportunity to determine next steps to address this issue.
- 100 Golden Gate St. – After multiple site visits, forwarded to SFMTA Site Plan Drawing with Specific Mark Ups for SFFD requirements.
  - – SFMTA awaiting direction from the Mayor's Office.
    - UPDATE: Design is still being worked on.
- Portola/Visitation Valley Proactive Traffic Calming – waiting for response to comments
- Madrone/Wawona/Vicente Islands – **installed without our knowledge (under investigation)**
- Sanchez St Next Generation Slow Street Project – On Hold (10' bulb outs)
- Great Highway Closure – put on hold (out to the field for review)

# Community Development Projects, ADU, PORT, & Complaints -AFM Russell

## A. Community Development: Vertical & Horizontal Design. Mayor's Office of Housing and Community Development (MOHCD) and 100% Affordable Housing- 10/29/24 - 11/26/24

**Permit Applications for November 2024**

Total Permits Applications	<b>356</b>
Number of Operational Permits	95
Number of Temporary Permits	261

## Types of Operational Permits Issued for November 2024:

<b>Operational Permit Description</b>	<b>Number</b>
Aboveground Stationary Tank, Storage & Use	2
Application of Flammable/Combustible Finishes	
Battery System, Storage & Use	
Cannabis & Plant Extraction System	
Cannabis Cultivation	
Combustible Dust-Producing Operations	
Combustible Materials, Miscellaneous, Storage, Handling	
Compressed Gas, Fueling Station, Operation	
Compressed Gas, Storage, Use, & Handling	1
Cryogenic Fluids, Storage & Use	
Dry Cleaning Plant, Operation	
Emergency Responder Radio Communication System - ERRCS	14
Firefighter Air System, Maintenance, Testing	
Flammable/Combustible Liquid, Portable Containers	5
Flammable/Combustible Finishes, Spray Painting Application	
Fruit & Crop Ripening Operation	
Hazardous Materials, Store, Transport, Dispense, Use, Handle	1
High-Piled Storage	1
Hot Work Operations, Welder, Cut, Grind, Braze, Solder	3
Hot Work Operations, Jeweler, Grind, Braze, Solder	
Hot Work Operations, Roofer, Open Flame Device, Conduct	24
Industrial Oven, Baking/Drying Operation	
Limited Application of Flammable/Combustible Finishes	
Liquefied Petroleum Gas, Mobile Caterer (Food Truck)	4
Liquefied Petroleum Gas, Portable Cylinders	4
Liquefied Petroleum Gas, Roofer, Storage, Use	21
Liquefied Petroleum Gas, Tank, Storage, Use	
Mobile Fuel Dispensing	
Mobile Fuel Dispensing Location	
Motor Fuel Facility, Operation	
Motor Fuel Facility, Self-Service, Operation	
Open Flame (Sternos, Candles, BBQ)	
Place of Assembly Operation	11
Private Fire Hydrant	
Refrigeration Equipment Operation	1
Tires, Scrap/Tire Byproducts, Storage	
Underground Stationary Tank, Storage & Use	
Vehicle Repair Garage, Major	3
Vehicle Repair Garage, Minor	
Waste Handling, Operation

SFFD Airport Division Recent Activities  
Division Update November 1 to December 30, 2024  
ADC Patrick D’Arcy

The following is a summary of Airport Division activities to date for November and December 2024:

**Assistant Deputy Chief D’Arcy:**

- Participated in SFFD-SFO Monthly Budget Meetings
- Attended weekly Check-in meetings with SFIA Safety and Security Director Ralf Ruckelshausen
- Attended sessions with COO and Airport Director Ivar Satero
- Attended regular check-ins with SFO’s Director of Environmental Operations
- Attended SFO Emergency Operations Group Management Team meeting
- Attended weekly SOG Meetings with SFIA Director of Security/Emergency Management Rob Forester
- Attended SFIA bi-weekly Management Meetings
- Attended bi-weekly check-in meetings with Deputy Chief Luttrupp
- Attended Fire Commission meeting
- Attended High-Level Staff Meeting
- Attended a monthly virtual meeting hosted by San Mateo County Ops
- Attended a monthly virtual meeting hosted by the ARFF Working Group
- Participated in Airside Operations – SFFD monthly meeting
- Participated in bi-weekly PFAS-free Foam Transition meetings
- Tracked budget and various procurement activities, vendors, projects, etc
- Continued participation in monthly Airside Safety & Security staff meetings
- Continued bi-weekly check-in meetings with Facilities Director & Shops
- Hosted several internal meetings regarding operations & ongoing projects
- Attended FireScope TaskForce meetings
- Continued work on SFFD deployments
- Attended ADC Huddle at Headquarters
- Attended sessions regarding a new Fire Station Alerting System
- Attended Check-ins with Chief Tong
- Consistently working with SFFD Human Resources
- Met with Airport Division Battalion Chiefs, Rescue Captains, Training, & Prevention personnel
- Delegated meetings to Captains & Battalion Chiefs to increase their knowledge of (and participation in) various collaborations
- Hosted several Strategic Planning meetings with Strategic Development Officer
- Attended multiple meetings re: SFO Infrastructure Modernization Plan [AP Firehouses 1, 2 & 3]
- Annual Team Building exercise with AP Admin Staff
- Finalization of Bike Medic Room @ SFO
- Attended ADC Staff Retreat – Part II
- Attended 134th Academy Graduation
- Hosted several meetings RE: AFFF Cleanout of ARFF Vehicles
- Mock Inspection of ARFF Records

- Continued work for EV procurement & charger installation
- Attended HQ Birthday Event
- Began work on FY25-26 Capital Projects
- Met with ITT & SFO Dispatch [re: Tablet Command]
- Attended Thanksgiving event @ St. Anthony's ["Giving Thanks on Golden Gate"]
- Attended Thanksgiving event @ Salvation Army [Turkey Carving, SFFD vs SFPD]
- Attended Thanksgiving event @ Glide Memorial
- Attended Thanksgiving event @ Self Help for the Elderly
- Emergency Call re: SF Tornado/Tsunami Warning
- Hosted Interviews for Relief Bike Medics @ SFO
- Hired 6 Relief Bike Medics – all have passed training
- Attended EMS Graduation December 2024
- Review of Water Rescue Policy with EOC – updates required by January 12, 2025
- Page-turn MS Teams Meeting RE: 2025 Update Rules & Regulations
- Attended BIPOC Event: Building Gingerbread Houses @ SFO

### **Battalion 65: BC's Crean, Francois & Styles' Operations Summary:**

#### **November:**

- Alert 2 Training and Drills - multiple events
- Multiple Extrication drills on salvaged vehicles
- Engine and Truck Drills - multiple events
- Engine and Truck Inventory, Training and Drills - multiple events
- R65 Attended meetings with Airfield Safety and Ramp Safety
- ARFF Training with all members, focused on task book initiatives
- ARFF and ATC Communications
- Live Runway Crossings
- ATC orientation on Tuesdays
- Marine Rescue Drills - Boat Operator Task Book initiatives
- Training Staff conducted Safety Drills
- MERF access for SFO Maintenance
- Battalion Drills - Focused on Rescue / Confined Space / hose leads / Engine and Truck ops
- Boat Crew Class
- Multiple Marine Drills for Boat Operator Task books
- Several orientation drills with new members
- Several Salute Details Provided per Airline Requests
- Supported Ambu-Lift Operations

#### **December:**

- Alert 2 Training and Drills - multiple events
- Multiple Extrication drills on salvaged vehicles
- Engine and Truck Drills - multiple events
- Engine and Truck Inventory, Training and Drills - multiple events
- R65 Attended meetings with Airfield Safety and Ramp Safety
- ARFF Training with all members, focused on task book initiatives
- ARFF and ATC Communications
- Live Runway Crossings
- ATC orientation on Tuesdays

- Marine Rescue Drills - Boat Operator Task Book initiatives
- Training Staff conducted Safety Drills
- MERF access for SFO Maintenance
- Battalion Drills - Focused on Rescue / Confined Space / Hose Leads / Engine and Truck Ops
- Bike Medic Class
- Multiple Marine Drills for Boat Operator Task books
- Several orientation drills with new members
- Several Salute Details Provided per Airline Requests
- Supported Ambu-Lift Operations
- DHR Workplace Harassment, Workplace Violence, Diversity, Equity, and Inclusion, and Whistleblower Classes
- Station 1 Prepared for Rig PFAS Decontamination

### **Training Lt. Dockery & Training Specialists Hoaglin & Ochoa:**

#### **November + December:**

##### **Ongoing:**

- Attend Monthly Red Cap Planning Meetings & pre-planning (TEAMS) (turned over to Capt Jensen as of December 2024)
- Attend Runway Safety Meeting (TEAMS)
- Attend Monthly EOC Emergency Planning Meeting (TEAMS)
- Attend Monthly Airside Operations Meetings (TEAMS)
- Participated in SFIA Runway/Ramp Safety meeting (TEAMS)
- Attend Monthly Safety/Airfield Operations Meetings at Airfield Ops
- Report to EOC when activated
- Continuous Alert Communications Drills
- Continuous meetings with Training Staff
- Continuous training for ARFF drivers including simulator training
- Ongoing individualized training for AOA Familiarization, Communications, and AOA Driving for ARFF Trainees
- Tower Tuesdays at ATC
- Operations Ride-Along's (M, T, TH, F)
- Weekly Live Crossing Drills
- Conducted Night Drills

##### **New - November:**

- American Association of Airport Executives Airport Master Firefighter training
- Task book ARFF Driver Trainee Training
- Confined Space Permit entry training over a 3 day period
- Completed HOIST Training with USCG
- Strategic Planning
- Attended National ARFF Working Group Training Officer Meeting
- Implemented and Completed Performance Improvement Plan for Firefighter
- Alert Drill with 101 Response
- Participated in the Mock FAA Inspection

##### **December - New:**

- Coordinated Advance ARFF for all Officers
- New Driver Trainee Class content development
- New Member Class content development

- Haz-Mat Specialist Training (Cheung/Andersen)
- Marine Training Group Meeting (FAA Compliance meeting)
- Conducted Communication and Crossings drills with all ARFF Drivers

**Training Compliance Officer: Captain Maribeth Jensen:**

**ONGOING:**

- Attend Runway Safety Meeting (TEAMS)
- Attend Monthly EOC Emergency Planning Meeting (TEAMS)
- Attend Monthly Airside Operations Meetings (TEAMS)
- Participated in SFIA Runway/Ramp Safety meeting (TEAMS)
- Attend Monthly Red Cap Planning Meetings & pre-planning (TEAMS)
- Attend Monthly Safety/Airfield Operations Meetings at Airfield Ops
- Report to EOC when activated
- Continuous meetings with Training Staff
- Continuous maintenance of FAA Training Records & Part 139 Training
- Development of Part 139 Curriculum Training Manual and Guides
- Development of Part 139 Curriculum Training & Documentation SOG
- Coordinate with other agencies for upcoming training, drills and classes
- Development of Basic ARFF 40 hr. class curriculum & schedule
- Review & revision of Annual Training Schedule
- Ongoing training of H39 position including but not limited to:
- Quantum Secure
- SFO Connect
- SFO Badging Procedure
- Contact list
- NPAD report
- Training course development & implementation

**New – November:**

- Received training on new H39 position including but not limited to:
- Quantum Secure
- SFO Connect
- SFO Badging Procedure
- MAO certs submission
- Contact list
- Obtained Authorized Signatory status through Security Access Office
- Conducted a Mock FAA Inspection with Stephen Meder
- Attended course and achieved Certification for Airport Master Firefighter (A.M.F.) from American Association of Airport Executives (A.A.A.E.)
- Facilitated monthly 14 CFR 139:319 Subpart D- Operations curriculum: Familiarization with Firefighter's duties under the airport emergency plan
- Facilitated First Aid & CPR/AED training
- Facilitated ACERT training
- Attended ACERT Graduation at EOC
- Alert Drill with 101

**New – December:**

- Facilitated monthly Part 139 Curriculum: Aircraft with Explosives Devices
- Developed and facilitated Relief Bike Medic Class

- Attended Team Building Exercise. Discussed assigned topics
- Facilitated First Aid & CPR/AED training for AP Electrical Shop members
- Working with EOC on AEP Annex 8: Water Rescue update for FAA
- Prepare Jan/ Feb CPR Training Schedule for SFFD members

**Rescue Captains Anderson, Beckwith & Morley:**

**November:**

- Responded to calls for service to assist/observe paramedics on emergency calls
- Updated AED batteries and equipment inside of AED cabinets
- Attended daily both Battalion Chief and Airport Duty Manager meetings
- Instruction to SFO community in Airport Community Emergency Response Team (ACERT) training
- Instruction to SFO community in CPR/AED training
- Instruction to SFO community in First Aid training
- Staffed Bike Medics with additional 3rd Bike Medic on high passenger load days
- LUCAS device serviced at Station 49
- Bike Medics moved to new bike medic room in International G pier

**December:**

- Responded to calls for service to assist/observe paramedics on emergency calls
- Updated AED batteries and equipment inside of AED cabinets
- Attended daily both Battalion Chief and Airport Duty Manager meetings
- Attended Annual Rescue Captain Training at Treasure Island
- Instruction to relief bike medics in Bike Medic training class
- Instruction to SFO community in CPR/AED training
- Instruction to SFO community in First Aid training
- Staffed Bike Medics with additional 3rd Bike Medic on high passenger load days
- Assisted as a Rater in exam for Airside Operations
-

**Additional Work Performed:**

EMS Return to Duty Training (8 members)

TEMS Training

## **Recruit Training, Patricia Yuen Lui, Captain Recruit Training**

November 1 to December 31, 2024 Monthly Recruit Training Report of Activities

November 2024: The 134<sup>th</sup> SFFD Academy Class graduated 48 members into the department on November 15<sup>th</sup>, 2024. The ceremony was held at the Scottish Rite Center in San Francisco. The class included 5 veterans from the military, seven from the SFFD Fire Reserves, several personal fitness trainers, professional athletes from football and lacrosse, a scientist, and one acrobat from Cirque du Soleil.

One of the highlights in the academy is a 10-mile jog along the SF Bay, starting at Fort Point, traversing across Aquatic Park and Pier 49, along the Embarcadero and then to SFFD Headquarters. The jog continues to Chase Center and the group finally returns to the SFFD Training Facility.

In the weeks leading up to graduation, the 134<sup>th</sup> Academy class learned Standard Operating Procedures for working with Master Stream Appliances and the importance of decontaminating procedures after working fires or any incident that puts them in contact with Hazardous Materials.

The 134<sup>th</sup> Class was able to experience simulated incidents during the night. The Training Academy, with the approval of the Command Staff, put on a Firehouse Night that allowed recruits to put out small fires, respond to building alarms and medicals in the evening hours, as they would at the firehouse once they leave the academy. Shown Below: Medical Aid, Small Outside Fire, Peaked Roof Operations

One celebration led to another celebration. The 134<sup>th</sup> Academy held their class banquet at the Italian Athletic Club. Soon after Thanksgiving followed and in December, Commander Phil Buckley of the SFFD Reserves retired after 25 years of service in the Fire Reserves, including 12 years as Commander.

134<sup>th</sup> Academy celebrating their graduation at the Italian Athletic Club on November 1<sup>st</sup>, 2024

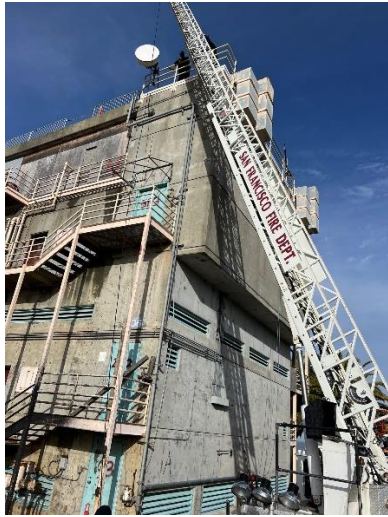

Commander Buckley with SFFD 114<sup>th</sup> Class: all but one were Reserves

The DOT Cadre celebrating the holidays at ABACA restaurant in Fisherman's Wharf.

The 135<sup>th</sup> Academy will begin on January 21<sup>st</sup>, 2025. The cadre is hard at work maintaining equipment and prepping the facility for its new recruits. During the 1<sup>st</sup> week of the Academy, recruits will climb up the 100' aerial ladder and begin donning and doffing their SCBAs.

All the SCBAs have been checked by Mobile Air. The hoses in the fittings room have been inventoried and neatly placed onto the shelves. The high rise packs have been counted and Velcro repaired. The tool room has been inventoried.

**Probationary Training, Alan Camarillo, Training Lieutenant**  
December, 2024 Monthly Report

1. This is the Monthly Report for The Division of Training- Folsom, for the month of December 2024:
  - a. Monitoring 96 Probationary Firefighters in the field.
  - b. Class 132<sup>nd</sup> completed 1-Year Testing, with the exception of two delayed due to Return from DP.
  - c. Class 133<sup>rd</sup> completed 6-Month Testing with the exception of one member postponed due to Military Leave.
  - d. Class 132<sup>nd</sup> and 133<sup>rd</sup> completed Pump and Aerial Testing in their respective assignments.
  - e. Class 132<sup>nd</sup> and 133<sup>rd</sup> completed Pre-Trip and Road Trip Evaluations in their respective assignment with the exception of one on Military Leave.
  - f. The one member of Class 132<sup>nd</sup> and Class 133<sup>rd</sup> with the exception of those mentioned above have been reassigned to their Second House Assignment.
  - g. Class 134<sup>th</sup> assigned to their First House Assignment with the exception of two on Temporary Modified Duty.
  - h. Reviewing Monthly Probationary Reports and documenting any issues.
  - i. CJAC log updated.
2. Oversee practice of evolutions and documentation of but not limited to pump/aerial test, pre-trip inspections and hose leads, driving and knowledge of firefighter duties of probationary firefighters.
3. Maintain and inspect all equipment and apparatus and make appropriate notifications if necessary.

**Auto Extrication Drills, Alan Camarillo, Training Lieutenant**  
December, 2024 Monthly Report

1. General Order 22 A-127, Enclosure (K) states that every Saturday one Truck Company and one Rescue Squad must report to the Division of Training for Saturday Auto Extrication Drills. There is a schedule of which companies are due.
2. There were 4 scheduled training days in the month of **December 2024** at the Division of Training-Folsom Street Location.
3. The following Companies were due to attend training this month and had safety measures in place:
  - 12/07/2024, Truck 05, Rescue Squad 1
  - 12/14/2024, Truck 06, Rescue Squad 2
  - 12/21/2024, Truck 07, Rescue Squad 2
  - 12/28/2024, Truck 08, Rescue Squad 1
4. Extrication vehicles were designated with Truck identifier and date of scheduled training. Each Truck got half a vehicle leaving one vehicle for impromptu training on a first come first serve basis.
5. A total of Five (5) L1-Vehicles is the standing order for the number of vehicles delivered to Division of Training- Folsom.

VERONICA PEÑA, Deputy Commander, SFFD Fire Auxiliary Reserve

## Neighborhood Response Team (NERT), Lt. Jonathan Honda November, December 2024 Monthly Report

NERT is a free training program for individuals, neighborhood groups and community-based organizations in San Francisco. Through this program, individuals will learn the basics of personal preparedness and prevention. The training also includes hands-on disaster skills that will help individuals respond to a personal emergency as well as act as members of a neighborhood response team.

San Francisco is made up of many neighborhoods. NERT trains San Francisco residents to be one ready community when it counts. Together NERT can create a lifeline between your family and neighbors, and the City's emergency responders.

### Upcoming for January 2024:

#### Projects and Short-Term Plans

- Prepare for Upcoming 3 Weekend (2 Class/day) Full NERT training on TI (Jan 4, Jan 11, Jan 18). Prep logistics, curriculum, materials, etc.
- Continue working with Aaron Yen (DEM) to continue NERT/DEM partnership to increase SF Ready preparedness.
- Prepare for Listos! expansion due to interest/demand in Spanish Speaking community, source materials, instructors, etc. Listos class was very well received, anticipate demand for courses to increase, more in depth topics (first aid, CPR training, curriculum delivered in Spanish)
- Continue working on creating/scheduling of SF Ready and NERT Basic for Calendar Year 2025.

#### Challenges

- APEX software, AKA NERT Member App, has issues regarding mass communications being sent in a prompt manner. Took up to 2 hours to send one email message en masse (SFFD IT Dept to investigate throttling issue). Awaiting Purchase Order to keep ReGroup as backup.
- Awaiting new ID printer. Purchase Order sent. Current ID system is not reliable.
- Lots of students sign up for classes, approx. 50% no show rate. Staff & logistics planned out for expected number of signed up participants, but 50% no call, no show rate.
- Tracey McTague, Volunteer Coordinator, off (FMLA) from Dec 9, 2024 through Jan 26, 2025. Office is down a body
