

OPERATIONS REPORT

February 2025

GREATER ALARMS:

There was one Greater Alarm in February.

2nd Alarm – 1750 Mission Street, 1858 hours (Assistant Chief Nicol Juratovac)

Engine 36 arrived on scene and reported a working fire. Battalion 2 and Division 3 arrived shortly thereafter at 1901 hours.

Battalion 2 put Mission Street Command in Service with the Command Post location in front of the fire building. Division 3 arrived shortly thereafter, and received from Battalion 2 the requisite mode of operation (offensive), objectives accomplished (150' 1 3/4" Ready Line was being stretched for fire extinguishment) and needed to get accomplished (subsequent hose line to upper floors due to fire auto exposing to the 2nd floor), status of search (need a Company on this tactical objective right away), and accountability of all crews (Engine 36 was committing to the ground floor). Division then took over Command, and assigned Battalion 2 as Fire Attack Group Supervisor. Command ordered all units to switch to Direct on their portable radios per SFFD Standard Operating Procedures (SOPs).

Command confirmed that Engine 36 was leading a 150' 1 3/4" Ready Line to the ground floor unit, Apartment 10, that was heavily involved in fire. Command then confirmed that Engine 6 was leading the 200' 1 3/4" Ready Line to the 2nd floor as fire was auto exposing from the 1st to the 2nd floor. Command then ordered Truck 6 to split the crew due to many victims present at windows near the fire escape with smoke present and victims reported to be overcome by smoke in need of immediate rescue. This decision was also coupled by the fact that Truck 7, the second Truck, had not yet arrived on scene. Truck 6 proceeded to ladder the building with its aerial and sent two members to the roof and two members inside. Upon Truck 7's arrival, Command ordered them to secure a second means of egress off the roof and have all members (except the Driver) to assist with search and rescue operations and the

evacuation of victims. Truck 7 also laddered one of the fire escapes while the other had its accordion ladder down with four residents climbing down from.

Upon the arrival of Rescue Squad 2, Command ordered them to perform a primary and secondary search of the fire building. Command directed Battalion 5 to serve the Safety Officer. Command directed Engine 29 Rapid Intervention Crew (RIC) to shut off gas and electricity in Apartment 10 only. While these assignments were being done, Command was becoming increasingly aware of additional residents trapped and or overcome by smoke. In addition, smoke had visibly traveled well into the 2nd and 3rd floor including the hallways.

At this juncture, Command struck a 2nd Alarm. Command assigned Rescue Captain 3 as Medical Group Supervisor to set up Triage, Treatment, and Transport directing and supervising Medic 567, as well as additional Medic Units that were dispatched). Command gave him the authority to order EMS resources as he needed and to secure a Medical and Transportation Channel if needed.

Command performed a quick accountability check and requested the location of Engine 7, the 3rd due Engine. They responded that they were on the 2nd floor checking for extension and assisting with evacuating residents overcome by smoke. Upon the arrival of 2nd Alarm Companies, Command ordered Truck 1 to secure the Charlie side of the building on Woodward Street and deploy its aerial. Command also directed Battalion 3 to serve as the Search and Rescue Group Supervisor directing and supervising Rescue Squad 2 and Engine 3 to ensure that all affected residents were removed from the IDLH environment in this large multi-story building. Command then reiterated to the Fire Attack Group Supervisor that he had Engine 36, Engine 6, Engine 7, half of Truck 6, and Truck 7 working for him to ensure that we had extinguishment of the fire in Apartment 10, and checked for any extension to floors 2, 3, and 4.

Throughout the incident, a total of five adults were evaluated complaining of smoke inhalation with two being transported, one of whom suffered serious burn injuries. Five cats were rescued and removed from at least three different apartments at the request of their owners. Animal Care and Control was dispatched only for cats that had not yet been accounted for by residents. Command then ordered RIC to set up the Decon Station at the bumper line of Engine 36 consistent with the SFFD's new protocol to promote its commitment to the health and safety of its members.

Command received frequent updates with a final update of water on the fire, fire contained, fire under control, and primary and secondary search clear. Command also special called 4710 Bureau of Fire Investigations (Arson) for the alleged intentionally set fire and the burned victim (who Command was later informed was the arsonist's roommate). Command communicated with the Public Information Officer all necessary and appropriate information for the media. Apartment 10 was ultimately deemed uninhabitable due to fire and water damage. CO readings were gathered and documented by Fire Attack Group Supervisor.

Fire Attack Group Supervisor requested a fan to assist with smoke removal. Truck 1 to performed this task.

OBSTACLES ENCOUNTERED

Multiple occupants were in this 27-unit building, including several who were overcome by smoke.

Rapid vertical smoke spread on to floors 2 and 3 including hallways making evacuation challenging for residents attempting to flee on their own. Visibility was next to nil on these floors.

Some doors had to be forced open in order to ascertain whether any residents were in need of rescue due to smoke traveling into some of these units.

CONDITION OF BUILDING AFTER FIRE

Apartment 10 was deemed uninhabitable by Fire Attack Group Supervisor due to heavy fire and smoke damage, as well as the presence of Carbon Monoxide. The building was handed over to the Building Manager and he was educated about securing the facility to avoid burglaries and theft. SFPD also notified, per SFFD SOPs.

STRATEGY

The strategy employed was an offensive interior aggressive attack due to the occupancy type and high life hazard profile of multiple tenants. Strategy also included the rescue of any civilians on the ground floor units, as well as any overcome by smoke or fire on floors 3 and 4.

The goal was for Engine 36 to get to the seat of the fire in order to extinguish it as quickly as possible to allow for safe removal of victims from the fire building. Engine 36 performed this tactical objective very well in the true mission of the SFFD's interior aggressive attack operational culture.

The next goal was to prevent fire from spreading vertically to additional units. Every effort was made to prevent fire from entering additional units, which was accomplished. The goal then became removal of all occupants overcome by smoke.

Horizontal ventilation was achieved to assist in smoke removal and evacuation of occupants. Overhaul was performed during fire suppression and after containment. Salvage involved preserving the personal property of residents, as well as preserving evidence for 4710 Fire Investigators.

The acronym commonly used in today's fire service is SLICERS and was applied at this fire from the first in Engine Company's arrival. For example, Size Up was accurate in that fire was identified in the ground floor unit. Locating the fire was also accurate as fire extended to the 2nd floor and smoke was traveling vertically up to floors 2 and 3. Identifying and controlling flows paths were also achieved by ensuring that the seat of the fire was accurately identified in Apartment 10. Cooling the space was quickly achieved by deploying the 150' 1 3/4" Ready

Line. This allowed for quick and aggressive Extinguishment of the fire, thereby facilitating Rescue and eventually Salvage.

OPERATIONS THAT WORKED WELL

Companies performed in a bread and butter SFFD firefighting operation. They did so quickly and aggressively extinguishing the fire, then rescuing and evacuating multiple residents in this multi-residential multi-story occupancy.

RECOMMENDATIONS

1. Engine Company members tasked with leading a hose line to upper floors must bring a set of Irons particularly when a Truck Company is not present.
2. All members must maintain crew integrity. Get in together, stay together, and get out together. If you deviate, communicate to your Officer so he knows where you are at all times.
3. Supply Engine should lead out to a hydrant away from the incident instead of being right next to 1st in Engine particularly if 1st Engine can stretch its own 3" line and secure its own supply.
4. Both fire escapes should be laddered.

Bureau of Fire Investigation (BFI)/ Arson Unit

Fire Marshal Chad Law

The Arson Task Force Unit is a collaborative effort that consists of the BFI, SFPD and the District Attorney's Office.

The BFI Captain is the designated Custodian of Records for all SFFD National Fire Incident Reports (NFIRS) and Fire Investigation Reports (FIR). The BFI receives and process all Public Records requests for these reports and also contacts SFFD for court ordered subpoenas.

The number of **Open/Active Fire Investigation Reports** through the month of **February 2025** is **34**. The Reports Include the Following types of fires:

- 8 Outside Fires
- 12 Structure Fires
- 12 Vehicle Fires
- 2 Other

The number of **Completed Fire Investigation Reports** through the month of **February 2025** is **16**. The Reports Include the Following types of fires:

- 1 Outside Fires
- 8 Structure Fires
- 3 Vehicle Fires
- 4 Other

SFFD Airport Division Recent Activities
Division Update February 2025
ADC Patrick D'Arcy

Assistant Deputy Chief D'Arcy:

- Participated in SFFD-SFO Monthly Budget Meetings
- Attended weekly Check-in meetings with SFIA Safety and Security Director Ralf Ruckelshausen
- Attended regular check-ins with SFO's Director of Environmental Operations
- Attended SFO Emergency Operations Group Management Team meeting
- Attended weekly SOG Meetings with SFIA Director of Security/Emergency Management Rob Forester
- Attended SFIA bi-weekly Management Meetings
- Attended bi-weekly check-in meetings with Deputy Chief Rabbitt
- Attended Fire Commission meeting
- Attended a monthly virtual meeting hosted by San Mateo County Ops
- Attended a monthly virtual meeting hosted by the ARFF Working Group
- Participated in Airside Operations – SFFD monthly meeting
- Participated in bi-weekly PFAS-free Foam Transition meetings
- Continued participation in monthly Airside Safety & Security staff meetings
- Continued work on SFFD deployments
- Continued bi-weekly check-in meetings with Facilities Director & Shops
- Began bi-weekly Project Check-in Meetings
- Attended NBA All-Star Game Planning Meetings
- Attended last-minute EOG meeting re: SFO Crowd Control Measures
- Attended Terminal 3 West Town Hall
- Attended Swearing-In of Commissioners Fraser & Allan Low
- Attended FY2025 Fixed Asset Accounting Procedure Training session
- Attended IT Discussions with SFO & SFFD
- Met with Airport Controller & Raft Vendor; rafts shipped for repair & units ordered
- Participated in Accounting Review of Fixed Assets with Logistics Officer
- Consistently working with SFFD Human Resources
- Delegated meetings to Captains & Battalion Chiefs to increase their knowledge of (and participation in) various collaborations
- Hosted several Strategic Planning meetings with Strategic Development Officer
- Hosted several meetings RE: AFFF Cleanout of ARFF Vehicles
- Continued AP In Service Training weekly recap with Training Lt. Dockery
- Hosted Black History Month Cooking Demonstration Live Stream for SFO
- Continued work for EV procurement & charger installation
- Continued work on FY25-26 Capital Projects
- Participated in the 2025 Lunar New Year Parade
- Attended FIRESCOPE Subcommittee Update meeting
- Hosted Respirator meetings at the Airport Division
- Hosted Turnout Sizing at the Airport Division
- Attended meeting to review & finalize FY25-26 MOU with SFO

Battalion 65: BC's Crean, Francois & Styles' Operations Summary:

Operations Summary:

- Responded to 468 Incidents
- Responded to (4) Aircraft Alerts
- Conducted Dry Salutes for retiring pilots
- Supported VIP Visits
- Supported Ambu-Lift Operations

Administrative Summary:

- Equipment Processed - Confined Space Rescue Communications and Air-cart
- Daily Staffing and Administrative Duties
- Attended Daily Airport Duty Manager Meetings
- Attended Airfield Safety Monthly Meeting - Fire Department / Training
- Attended Security Operations Meeting
- Vehicle Placed in Service - Battalion 65 F-150 "Electric Buggy"
- Supported MERF access for Security of Waterways
- Hosted Tours for Onboarding of Dispatchers

Training Summary:

- ARFF Drills and Runway Crossings Conducted on multiple occasions
- Hosted ARFF Initial Training Class - Six new members trained
- Technical Rescue Gear Training - CMC Clutch Operations
- Multiple Online Target Solutions Sessions Completed
- Red Cap Exercises (1)
- Held Numerous Daily, Battalion, Marine, EMS, In-Service & Technical Rescue Drills
- Airfield Safety Ride-Along (8) Members
- FAA Tower Sit-Along (4) Members
- Terminal 3 Walking Tour - Construction Pre-plan
- Continued Development of New Members
- IC / BC Daily Activities for Captain Bergmark

Training Lt. Dockery & Training Specialists Hoaglin & Ochoa:

Ongoing:

- Attend Runway Safety Meeting (TEAMS)
- Attend Monthly EOC Emergency Planning Meeting (TEAMS)
- Attend Monthly Airside Operations Meetings (TEAMS)
- Participated in SFIA Runway/Ramp Safety meeting (TEAMS)
- Attend Monthly Safety/Airfield Operations Meetings at Airfield Ops
- Report to EOC when activated
- Continuous Alert Communications Drills
- Continuous meetings with Training Staff
- Continuous training for ARFF drivers including simulator training
- Ongoing individualized training for AOA Familiarization, Communications, and AOA Driving for ARFF Trainees
- Tower Tuesdays at ATC
- Operations Ride-Along's (M, T, TH, F)
- Weekly Live Crossing Drills

- Weekly Night Drills
- Alert 101 Drills
- Strategic Planning

New:

- Task book ARFF Driver Trainee Training
- New Member Class (Classroom presentations and tours)
- New Member Class content development
- ARFF Driver Continuing Education Course Coordination
- Attended 2025 Full Scale Exercise Initial Meeting
- Coordinated New Exit Lane Door Training

Training Compliance Officer: Captain Maribeth Jensen:

ONGOING:

- Attend Runway Safety Meeting (TEAMS)
- Attend Monthly EOC Emergency Planning Meeting (TEAMS)
- Attend Monthly Airside Operations Meetings (TEAMS)
- Participated in SFIA Runway/Ramp Safety meeting (TEAMS)
- Attend Monthly Red Cap Planning Meetings & pre-planning (TEAMS)
- Attend Monthly Safety/Airfield Operations Meetings at Airfield Ops
- Report to EOC when activated
- Continuous meetings with Training Staff
- Continuous maintenance of training records including FAA required 14 CFR Part 139.319 curriculum and SFFD specialty certifications
- Esurance that 14 CFR Part 139.319 training is documented correctly
- Development of 14 CFR Part 139:319 Curriculum Training Manual
- Coordinate with other SFO agencies for upcoming training, drills and classes

New:

- Received training on new H39 position including but not limited to:
 - Training Announcements
 - TTA Process
 - Drafting Airport Standard Operating Guidelines
 - Quantum Secure
 - SFO Connect
 - Contact list
- Facilitated monthly CFR Part 139.319 Aircraft Familiarization
- Facilitated First Aid & CPR/AED training for SFO staff members
- Conducted 40 HR Basic Aircraft Rescue and Firefighting (ARFF) class. 14 new members in total
- Orchestrated SFO Security Access Badges for 14 new members
- Facilitated and attended Monthly Red Cap Drill at Mariner Response Facility (MERF)
- Attended Annual Large Scale Exercise Planning meeting
- Working with Emergency Operations Center (EOC) on the Airport Emergency Plan (AEP) ANNEX 8 Water Rescue update for FAA. Updating existing SFFD documents to reflect changes
- Facilitated CHEMPACK training for SFO SFPD & SFFD members
- Attended 8hr Vector Solutions training class

- Coordinated with EMS Division for SFO RC to receive Active Attacker & ALS training instruction so SFO can facilitate on-site training
- Development of CFR Part 139.319 Training & Documentation SOG for SFFD-SFO Officers
- Development of CISD Activation Policy for SFFD- SFO members
- Facilitated eligibility list and registration for upcoming Confined Space Rescue training

Rescue Captains Anderson, Beckwith & Morley:

- Responded to calls for service to assist/observe paramedics on emergency calls
- Updated AED batteries and equipment inside of AED cabinets
- Attended daily both Battalion Chief and Airport Duty Manager meetings
- Captain Anderson attended Active Attack refresher training at Division of Training
- Instruction to SFO community in CPR/AED training
- Instruction to SFO community in First Aid training
- Staffed Bike Medics with additional 3rd Bike Medic on high passenger load days
- Completed Basic Life Support Recertification to SFFD Division

SFFD Division of Training
Division Update February 2025
ADC Marc Kasper

I participated in several meetings for the month of February:

- Met with command staff daily in the mornings 2/3-2/7
- Met with DOT staff separately throughout the month several times for team building and input
- Addressed the Recruit Academy several times to introduce myself and provide expectations
- Fire Commission meetings on 2/12 and 2/26
- Large scale exercise with command staff on 2/24
- Zoom meeting with City College of San Francisco staff on 2/27
- Met with TIDA to discuss training opportunities on vacant buildings and the SS Buttercup confined space prop on 2/14 with positive results and feedback.
- Teams meeting with Jesus Mora from I.T. on 2/27 to implement Drill Inputs into monthly reports to assist with increasing available CJAC Funds.
- CJAC meeting on 2/26, 3 members from 798 and 3 members from management

Additional activities:

- Active Attacker Leadership module at DOT 2/24-2/28
- LWLP Lieutenant's Workshop on 2/20. Coordination with 798 and Training Workgroup
- Drills with Golden Gate Bridge Authority and CHP for protester disentanglement at Southern Marin Fire Department
- Purchasing 10 Forcible Entry Door prop approved through CJAC committee with CJAC funds. This is one for each battalion to be distributed to a station of the Battalion Commanders choosing. This will be delivered with lumber for dowel inserts and paid for from CJAC funds.
- Hired three H-16's to fill vacant positions at In-Service training.
- Lost one recruit in week 5, down to 53
- 424 citizens attended NERT training in February
- Worked with BC Leal to increase Boat Operators, plan ids to increase training and recruitment as well as plan future classes.
- Mask Fitting resumed, members got tested daily
- Coordinating with In-Service staff to clean up old training materials and possibly turn storage structure with vertical ventilation prop on the roof into a 2 story building prop at 19th / Folsom.
- Preparing for Water supply module in early March.

EMS Activities and In-Service Training, Jennifer Treff, Section Chief of EMS Training

February 2025

<u>DRILLS AND INSTRUCTION FOR THE MONTH</u>	<u>MEMBERS TRAINED</u>	<u>TRAINING HRS RECEIVED</u>

135 th H2 Academy: EMS Training	54	1,134
ALS In-Service Training	94	376
BLS/CPR Renewal and In-Service Training	385	1,540
Advanced Cardiac Life Support (ACLS) Provider	1	16
Target Solutions	2,057	3,444
TOTAL	2,666	5,376

Additional Work Performed:

EMS Return to Duty Training (11 members)

TEMS Training

Recruit Training, Patricia Yuen Lui, Captain Recruit Training

February 2025 Monthly Recruit Training Report of Activities

Week 3 Academy: February 3 – 7

Academy Lectures: Health and Safety (Anthony Boone), Fire Behavior (Captain Yuen), Structure Firefighting Operations (Lt. Bautista), Behavior Health Unit (Captain Buren), Ladder Maintenance

Manipulative Skills: Minute Man Load & Readyline deployment of the Minute Man, SCBA Donning and Doffing, 24' Straight Beam Raise, 22' Flat Raise, Forcible Entry, High Rise Bundles, Basic Knot

ADC Kasper addressing the 135th Academy

High Rise Bundle Manipulative Practice

Palmer's Dollhouse built by SFFD In Service

Fire Behavior Demonstration: Flow Paths

Fire Behavior: Legacy and Modern Fuels

10 minutes in the burn: Flashover

Week 4: February 10 – 14

Lectures: EMS Lecture, Neonatal Resus, Pediatric AMS, Ped Seizure, Pedi SHock, HIPPA & BBP, Tool Maintenance, Standpipe Outlet leads, Portable Electric Lighting, Chainsaw, Circular Saw, Use and Maintenance

Skills: Standpipe Manipulative Introduction, 50' Ladder Demonstration

Standpipe Manipulative Introduction

“Mock” 50' Ladder

Introduction to Chainsaw and Circular Saw

Portable Generator, Lights and Fans

Maintenance of Saws

Care and Use of Generators and Lights

Week 5: February 18 – February 21

Lectures: Horizontal and Vertical Ventilation, RIC Operations, Conducting a Search and Rescue Operation in a Structure, EMS Lecture #1: Adult Medical, CP, Human trafficking, and Safe Surrender. EMS Lecture#2: Social Media, De-escalation, Restraint Video, Restraint Skill

Stations Skills: Vertical Ventilation, Knots 2, FF Rescue, SCBA D&D, Make and Break 1, 35' Ladder, HPH, LPH , Standpipes

Vertical Ventilation: Peaker Roof Ops

Reframing the Peaked Roof Prop

Horizontal Ventilation through Window

Horizontal Ventilation: Classroom

EMS Skills

EMS Skills

Week 6: February 24 – February 28th.

Lectures: Communications, Property Conservation Lecture, Property Conservation Skills, Operating a Fire Department Radio, Circulators, Multiversal Deck Gun

Skills: Vertical Ventilation, Knots 2, FF Rescue, SCBA D&D, Make and Break 1, 35' Ladder, HPH, LPH , Standpipes

Multiversal Operations

Ground School Demonstration: Multiversal

Property Conservation Segment

Using tools to make a Catch Basin

Using ladder and tarp to form a Catch Basin

Overhaul of debris using a Carry All

Salvage cover used as a chute

Pulling ceilings

Demonstration: Gorter Circulator, Federal, Wood Cellar

Every Day is Skill Day

High Pressure Hydrant

Low Pressure Hydrant

35' Extension Ladder

Knots Ladder and Tools

Make and Break 1

Make and Break 1

Instructors Training: Auto Extrication

Prepping the vehicle

Removing the hood, cutting the batteries

Securing the vehicle with cribbing blocks

Removing the door of the vehicle

Special Operations Training, Tyson Yee, Captain

February 2025 Monthly Report

Report

Planning, training and collaborating was conducted on many levels this month. We are forecasting training events 3 months in advance for rope rescue and confined space for Rescue Squads and Truck companies 14 and 19. The training calendar has been filled with our companies cross training in their target rescue areas. Hazmat recertification and Rope Rescue Awareness classes with instruction provided by outside agencies were offered to our members this month. SFFD was able to take part of a multi-agency training with CHP, Golden Gate Bridge Authority and the Southern Marin Fire Department for a coordinated response to the Jumper Prevention Nets on GG Bridge.

Special operations was able to participate in the Transit committee's BART drill and attend the Training Committee's LWLP workshop planning session. Currently, our priority is re-focusing training needed to train a new set of qualified small boat operators for full staffing of Station 16 & 35's rescue boats. We are also maintaining the HRT quarterly training certifications for H3 rescue technicians.

Lastly, discussion and work has been done to instruct auto extrication 101 skills to our truck companies. We would like to focus on safety, size-up, stabilization, and preparing the vehicle before extrication takes place. There is also a need to give additional training to our rescue squads to prepare for the more advanced rescue scenarios that may arise.

Events

2/01 Transit Committee BART Night Drill observer with BC Kircher & BC Hoo

2/4-2/6 Hazmat Recertification Classes for SFFD at Division of Training (4/5 Cpt. Yee attended recertification)

2/10-2/14 Rope Rescue Awareness Operations class by NCRT at Treasure Island Training Facility (SFFD hosts)

2/12 UCSF Site Safety pre-plan with E12, T12, and RS2 in preparation for crane operations and build
2/21-2/23

2/12-2/14 Prepare Firefighter Survival Trailer and move from TITF to DOT. Prop was then re-assembled for use.

Meetings and Planning

2/7 Training Committee meeting at DOT library

2/11 USS Buttercup Confined Space training prop meeting with TIDA

2/12 H-28 Lt. Dale Dockery from SFFD Airport for Small Boat Operator training and task books

2/14 FF/PM Canning- Helicopter Rescue Technician (HRT) planning meeting for March 3rd drill

Training

2/4 Shoring stabilization and Metal Cutting Drill with RS2 and T07 at TITF

2/10 Auto Extrication Train the Trainer for H28/H16 Recruit Academy instructors

2/18 CHP Disentanglement Drill at Southern Marin Fire Station (B07, RS1, T14) collaborative multi-agency training

2/19 Auto Extrication 102- Grip hoist, para-tech hydro-fusion, & low-pressure air bags with RS2 at TITF
 2/24 Advanced High Angle Rescue Coordination and Pre-Planning (E19, T19, RS2) at Fort Funston
 2/26 Concrete Breaching drill with Truck 5 and LR5 at TITF
 2/26 Advanced High Angle Rescue Coordination and Pre-Planning (E14, T14, RS1) at Lands End Cliff House

<u>DRILLS AND INSTRUCTION FOR THE MONTH</u>	<u>MEMBERS TRAINED</u>	<u>TRAINING HRS RECEIVED</u>
Metal Cutting/Shoring/Breaching	14	3
Auto Extrication (101 and 102)	24	2
Multi-Agency Specialized Drills (UCSF and GGBA)	24	3
Rope Rescue	26	3
TOTAL	88	240

Rescue Squad 2 auto Extrication 102 - Vehicle on its side

E12, RS2, UCSF Site Safety pre-plan for Crane Operations

Rescue Squad 1 – Golden Gate Bridge Net Drill

Rope Rescue Awareness Operational Class

Probationary Training, Alan Camarillo, Training Lieutenant

February 2025 Monthly Report

1. This is the Monthly Report for The Division of Training- Folsom, for the month of February 2025:
 - a. Monitoring 95 Probationary Firefighters in the field.
 - b. Class 132nd completed 1-Year Probationary Period and Testing with the exception of one delayed due to Return from DP and is currently in their 2nd House Assignment.
 - c. Class 133rd completed 6-Month Testing with the exception of one member postponed due to Military Leave.
 - d. Class 133rd and 134th completed Pump and Aerial Practice in their respective assignments with the exception of one member from 133rd who was just recently assigned to their 2nd House Assignment.
 - e. Reviewing Monthly Probationary Reports and documenting any issues.
 - f. CJAC log updated.
2. Oversee practice of evolutions and documentation of but not limited to pump/aerial test, pre-trip inspections and hose leads, driving and knowledge of firefighter duties of probationary firefighters.
3. Maintain and inspect all equipment and apparatus and make appropriate notifications if necessary.

Auto Extrication Drills, Alan Camarillo, Training Lieutenant

February 2025 Monthly Report

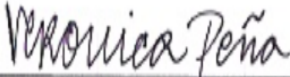

1. General Order 22 A-127, Enclosure (K) states that every Saturday one Truck Company and one Rescue Squad must report to the Division of Training for Saturday Auto Extrication Drills. There is a schedule of which companies are due.
2. There were four (4) scheduled training days in the month of **February 2025** at the Division of Training-Folsom Street Location.
3. The following Companies were due to attend training this month and had safety measures in place:
 - 02/01/2025, Truck 13, Rescue Squad 1
 - 02/08/2025, Truck 14, Rescue Squad 1
 - 02/15/2025, Truck 15, Rescue Squad 2
 - 02/22/2025, Truck 16, Rescue Squad 1
4. Extrication vehicles were designated with Truck identifier and date of scheduled training. Each Truck got half a vehicle leaving one vehicle for impromptu training on a first come first serve basis.
5. A total of Five (5) L1-Vehicles is the standing order for the number of vehicles delivered to Division of Training- Folsom.

Neighborhood Response Team (NERT), RC Brandon Tom February 2025 Monthly Report

NERT is a free training program for individuals, neighborhood groups and community-based organizations in San Francisco. Through this program, individuals will learn the basics of personal preparedness and prevention. The training also includes hands-on disaster skills that will help individuals respond to a personal emergency as well as act as members of a neighborhood response team. San Francisco is made up of many neighborhoods. NERT trains San Francisco residents to be one ready community when it counts. Together NERT can create a lifeline between your family and neighbors, and the City's emergency responders.

Upcoming for March, 2025:

Projects and Short-Term Plans

- Prepare for Upcoming 3 Weekdays (2Class/day) Full NERT training at SFSU. Prep logistics, curriculum, materials, etc.
- March Day @ DOT – “Fun with Forms”
- Continue working with Aaron Yen (DEM) to continue NERT/DEM partnership to increase SF Ready preparedness.
- Prepare for Listos! expansion due to interest/demand in Spanish Speaking community, source materials, instructors, etc. Listos class was very well received, anticipate demand for courses to increase, more in depth topics (first aid, CPR training, curriculum delivered in Spanish) – March 22
- Continue working on creating/scheduling of SF Ready and NERT Basic for Calendar Year 2025.
- Integrate NEW ID Badge System with NERT Member App

Challenges

- APEX software, AKA NERT Member App, has ongoing “growing pains”. Many technical issues encountered
- Mayor Lurie has increased interest in NERT. Hard to meet current demand.

February 2025 NERT Operations Report
