DPW PRESENTED THE DESIGN PLANS FOR THE NEW DIVISION OF TRAINING ON CARROLL STREET

CASTRO STREET CONDITIONS

Hosted by Supervisor Mandelman who met with DPH, SFPD, SFFD, DEM and other community stake holders to discuss the concerns of the homeless relocating into the Castro and District 8. He voiced his concerns, and our team updated him on the Mayor's initiative, our plans and goals.

RAMADAN IFTAR DINNER

Iftar is a significant part of Ramadan, a month of fasting from dawn to sunset for Muslims. The evening was hosted by Mayor Daniel Lurie and a friend of the fire department, Hala Hijazi. Many of our Brothers in the department practice fasting during Ramadan which is considered a time to reflect, practice self-discipline and be mindful of those less fortunate and help those in need. I was honored to learn and participate.

ST. PATRICK'S DAY CELEBRATION

HISTORY OF ST PATRICK'S DAY

A time honored celebratory parade to commemorate the death of Saint Patrick who was kidnapped and brought to Ireland at the age of 16. He escaped slavery and became a Bishop. Later returning to Ireland as a Missionary. We had firefighters from all over the Bay Area who came out to participate. Thank you to President Fraser and Commissioner Low for walking with us. Thank you to Local 798 for hosting a get together and feeding friends and families before the parade.

LARGE SCALE DRILL LEAD BY BAUASI, WITH SFFD, SFPD AND DEM

Hosted by the Bay Area Urban Areas Security Initiative, public safety partners came together to simulate an active attacker incident at Oracle Park. It was a real time, educational experience that not only allowed us to practice our skills but, to learn of gaps in our procedures and better prepare of something of that nature would ever happen. We all hope that it won't but, if it does, we will be ready. I want to thank Chief Brown for her dedication. If you get a chance to observe one of these events, she is truly in her element.

FUNERAL
HONORING
ASSISTANT CHIEF
ARTHUR KENNEY

CLOSING OUT WOMEN'S HISTORY MONTH

San Francisco currently has 272 female firefighters, paramedics and EMTs. We have the most in the nation. I wanted to take a moment to not only recognize the original 7, who were called Feinstein's Finest, and were in the first class but also the hundreds who have come after and honor them for their contributions to this department. I also want to thank all of the commissioners and administrative staff that have kept this place going, day in and day out. We could not run this department or even keep our schedules straight without you. Thank you!
